CONSERVATION PARTNERSHIP REPORTS

Oklahoma Department of Agriculture, Food and Forestry: JanLee Rowlett, Oklahoma Department of Agriculture Legislative Liaison reported on the following items:

- Spoke on the status of the building closure.
- Preparing for the Legislative Session that begins February 1 and is in the midst of administrative rule making.
- This week they will have public comments for their proposed rules.
- Working with the Governor's staff to revise Agriculture Cabinet goals. One of the new goals this year is to make OK a top 10 state in Rehabilitation of Flood Control Dams.

USDA-Natural Resources Conservation Service: Gary O'Neill, State Conservationist, reported on the following items:

- Appropriation bill signed for full year funding, except final allocations in the next few weeks.
- COVID: Most all of offices are phase 0 or phase 1, limits staff in the office and offices are closed to customers; FPAC is utilizing the metric of daily new cases per 10,000 as the determination of the phase level for county and state offices. New data is provided twice per week, OK has high numbers for this metric.
- EQIP cutoff date for funding consideration for 2021 is January 29th.
- Working with producers with CSP contracts that requested their payment after January 1st, we are required to get these payments completed by early February.
- Feral hog eradication project, a second round of funding is available, OK had proposal for two additional projects, which were expansion of the two ongoing projects in OK. Hope that an announcement of funding of second round projects will be announced this week.
- Watershed pilot projects, completing assessments for the 50 dams included in the pilot project that will look at metal components and needed repairs of these components. Also looking at a number of remedial dam projects that will address dam deficiencies for structures that are less than 50 years of age. These are both excellent opportunities to address deficiencies in our critically important watershed flood control infrastructure.
- Direct hire authority, agency has received approval for 1525 new entry level positions across the country, will hire these positions through the direct hire authority, which provides for a streamlined hiring process. A first round announcement has been advertised, of which includes the following positions in OK: Soil Conservation Technician's at Altus, Alva, Chandler, Colgate, Holdenville, and Hugo; Engineering Technician at the Stillwater watershed office. We hope to have additional positions in OK that will be included in the second round of announcements.
- Water Quantity for the western states was held before the holidays, Shannon Phillips and Shawn Leopard made comments during the listening session. Could be some new water conservation priorities and opportunities that come from this listening session.

-Forgot to mention the NRCS retirements in December and early January:

- o Andy Inman, Stilwell Field Office, Resource Conservationist is retiring 1/1/21 with 42 years of service.
- o Freddy Trujillo, Tulsa Field Office, SCT, is retiring 1/1/21 with 40 years of service.
- o Jerry Scott, Clinton TSO, CET, is retiring 12/31/20 with 40 years of service.

- Larry McBride, Altus Field Office, District Conservationist Team 6, is retiring 12/31/20 with 31 years of service.
- Lisel Worley, Tahlequah Field Office, Resource Conservationist is retiring 12/31/20 with 25 years of service.

Oklahoma Association of Conservation Districts: Larry Wright, OACD President gave the following updates:

- Held the OACD executive board meeting and decided that the annual meeting will be virtual.

- National Land and Range judging contest - The steering committee has been in contact with a few individuals. Looking to make a decision soon on whether or not to hold the contest for 2021.

- All area directors were re-elected. No changes for those serving in current positions.

- OACD is expecting to have its biggest financial year to date; due in large part to the CARE Agreement. OACD has built some great partnerships and entered into many new agreements.

-CARE Agreement is a big project they are working on. Received some reimbursements. Some of the money has gone out to partners. The partners include several local Conservation District offices here in the state. In addition to parts of TX as well.

OKLAHOMA CONSERVATION COMMISSION MEMBERS

Mr. Jett – stated they had received a good amount of snow. Not much going on in his area Conservation wise. Ready for things to pick up.

Mr. Herriman – noted that it is wet in his area; but no snow or ice. He was able to finish soybean harvest before Thanksgiving and is thankful, they still had some on hand to watch the prices increase.

Mr. Crawley – stated his area has been wet. There had been some projects going on to build ponds, but the work has slowed down a bit. He is hopeful to have the projects completed by the spring.

Mr. Campbell – stated he had participated in several Zoom meetings at the National and Local level.

OKLAHOMA CONSERVATION COMMISSION STAFF

Executive Director: Mr. Lam reported the following items:

-Holding and participating in various meetings virtually through platforms such as MS Teams and Zoom.

-Working with the Grand River Dam Authority to develop an agreement on sharing staff time to help implement poultry project. Starting the project has been a challenge due to the inability of meet face to face with poultry farmers and their neighbors where they can discuss conservation issues.

-Submitted another Regional Conservation Partnership Program grant application for federal funding to match the state funding. Have a financial recommitment from the Cherokee Nation, Grand River Dam Authority and the three major poultry integrators to this program.

-Submitted a 2nd Feral swine application. Recognized Ms. Owen for her time on the project. Areas included are N. Central Oklahoma including Osage and Pawnee Co. The second proposal includes Roger Mills and Beckham Co. Expecting to hear a decision to be made in the following weeks.

-Participated in the USDA he State Technical Meeting. Sought information from partners and individuals that work with NRCS to set priorities for Conservation in Oklahoma.

-Continue to work on the agency audit. Last full audit was about 6 years ago.

-Working with OACD to plan the virtual State Meeting. First day will focus on General Conservation and the 2nd day will be a soil health day. The goal is to access more expertise due to the reduction of travel expenses.

-Recognized Bryan Painter on his efforts in working with Koch Communications to develop a new agency website. The goal is to have a fresh new look that is user friendly.

-Budget Hearing is scheduled with House and Senate Natural Resources Sub Committee to take place the week of January 18. Certification of state revenue will occur in February which will determine the amount of funds available to the Legislature for appropriation.

-Dam Repair Pilot Project: The purpose of the project is to repair corrugated metal pipes that were used in construction of the dams. There are about 400 dams around the state that have corrugated metal pipe components. Some have rusted out both the tower and the pipe through the dam. This is an excellent opportunity to address these issues that the local conservation districts and the State would not be able to on their own. The NRCS state office has started assessing dams across the State to determine what repairs are needed Staff are currently working to get estimates so that we can move forward with repairs.

Water Quality Program: Shanon Phillips reported that there was a report provided in the packet. Stated there were large payments made to GRDA. In 2007 OCC had the opportunity to pursue a Conservation Reserve Enhancement Program through FSA. The purpose was to protect repairing areas in the Illinois River and Eucha/Spavinaw watersheds. Protecting these natural buffers along stream channels is the one most effective means to reduce pollutants entering the channel. This will also help stabilize stream banks. Ms. Phillips stated the KREP program was not a big success for them. OCC and Partners worked to protect repairing areas through other programs. An effort they began in the same timeframe as the KREP program was a partnership with the Scenic River's Commission which has been absorbed into GRDA. This program was created to protect repairing areas in 30 year easements. This program targeted people who installed previous repairing areas and protection that would not be eligible for KREP. Hope was to prevent these people from degrading buffers so they would be eligible for KREP in the future. Since GRDA has taken over the Scenic River's Commission they have expanded the program. There were other funds from poultry integrators. GRDA has also reviewed and enforced the contracts. People who were not in compliance had to repay certain portions of the agreements. Through the partnership with the GRDA, Cherokee, Adair and Delaware Districts they now have about 3,714 acres enrolled in long term repairing protection in the Illinois River Watershed. This is about 41% of 9,000 acre goal that was set for KREP. Only about 29% of the funds have spent in the KREP Program. Ms. Phillips recognized Amy Seiger for receiving the "Eagle's Flight Award" for Visionary Conservation Partnership from the Chickasaw Nation. This was for the Soil Health Program work with the Nation and their Partners. Ms. Phillips wished Mr. Moore well in his retirement.

Office of Geographic Information and Technical Services: Mike Sharp, Director, stated

there was a report in the packet and would entertain any questions. He mentioned that Shellie has been busy managing the two 911 grants and that he had been dealing with several challenging IT issues related to out dated hardware located in the data center which support the operation of the OGI and OKMaps. Purchases of new hardware and virtualization of servers should alleviate these current technical issues. He noted that Homeland Security and OCC are the only entities providing resources to support OKMaps.

Robert Toole, Abandoned Mine Lands (AML) Reclamation Program Director, stated that a written report was in the Commissioner's packet. Mr. Toole summarized the report stating that: two projects have completed construction; four projects are moving through contracting and construction will begin in January; four projects are in vegetative management & maintenance monitoring; six projects are in design; two projects in realty research; three projects are pending environmental clearance. Mr. Toole then informed the Commission of a briefing by the Office of Surface Mining Reclamation and Enforcement (OSMRE) on the impact of the McGirt Decision on the Oklahoma AML Program. The OSMRE Solicitor's Office has concluded that OSMRE must administer and manage the AML Program in the Muscogee Creek Nation area. The impact on AML grant funding is yet to be determined but is anticipated to be very little. Some operational specifics are still pending. Oklahoma AML will receive a letter with specifics once all details are determined.

Conservation Programs: Tammy Sawatzky, Director reported on the following items:

- Tammy Sawatzky reported that \$515,733.88 was allocated to 34 districts in the second round of Cost Share Program Year 22 allocations. A total of \$3,755,767.57 has been allocated to districts for Program Year 22.

Assistant Director: Lisa Knauf Owen reported on the following items:

- Email was migrated and updated to Microsoft 365 for all the Conservation Districts.
- Working with Conservation Districts to see if MS Teams is a good platform for training.
- Clancy is working with Districts on getting them information so they can complete their W2s and 1099s.
- Sending out confirmation of benefit statements for conservation district employee 2021 payroll.
- Areas with new employees in training: Texas Co., Haskell Co., Johnston Co. & Deer Creek Conservation District; will be filling a new position in Marshall Co. as well.
- Feral Swine: Implementing the initial grant has been an extremely slow process but hope to make progress in 2021.
- Ms. Owen recognized staff for their efforts with the Commission employee handbook. She thanked Ms. Stewart and Ms. Burrridge for taking the lead on this project.
- Onboarding new employees - Tarron Powell and Taylor Marshall. Assisting them in getting familiar with agency processes.
- Budget revisions have been completed for the Cost Share Program, \$1.4 million was added. This is to finish up work that has been going on and finalizing from the beginning of the Fiscal Year.

NEXT MEETING

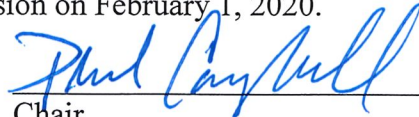

The next regular meeting of the Oklahoma Conservation Commission will be held on Monday, February 1, 2021, in the Oklahoma Department of Agriculture Atrium. 2800 N. Lincoln

Blvd., Oklahoma City, Oklahoma at 9:30 a.m.

ADJOURNMENT

There being no further business, Mr. Crawley made a motion, seconded by Mr. Herriman, to adjourn the meeting at 10:49 a.m. A roll call vote was taken and those voting aye were: Herriman, Jett, Crawley, and Campbell. Nay votes: none. Motion carried.

Approved by the Oklahoma Conservation Commission on February 1, 2020.

A. Work Schedule / Core Office Hours

Employees shall be present at their duty station during scheduled work hours or at other locations as directed or approved by a supervisor. The Commission's established workweek comprises 40 hours and begins at 12:00 a.m. Sunday and ends at 11:59 p.m. on Saturday. Core office hours are 8:00 a.m. to 4:30 p.m., Monday through Friday. Not all time shall be counted as working time (lunch breaks, for example).

B. Established Individual Workweek Form

Each employee shall complete an Established Individual Workweek Form at the beginning of employment. The Established Individual Workweek Form defines routine scheduled hours for each employee. The Established Individual Workweek Form may be modified from time to time with a supervisor's approval.

C. Flex-time

Reference: [74 O.S. § 840-2.26](#)

Employees may be considered for alternative work scheduling (flex-time and/or telework) on a case-by-case basis, where such work schedules will improve work/life balance, provide coverage necessary for division and program operations, and serve the agency with increased productivity while maintaining output quality. All employees are expected to be working during core office hours unless approval is granted for a flexible work schedule, approved leave, workweek adjustment, or through a Telework Agreement. Flex-time allows the employee to adjust the starting and ending time of a workday without changing the total number of hours worked in a day.

D. Compressed Workweek

Employees may be considered for a compressed workweek on a case-by-case basis, where such work schedules will improve work/life balance, provide coverage necessary for division and program operations, and serve the agency with increased productivity while maintaining output quality. Only division directors, the Executive Director, and the Assistant Director may approve or amend a

compressed workweek schedule, and the schedule must be maintained in the employee's personnel file.

The Commission has traditionally offered two compressed workweek schedules:

1. The "4/10" Schedule – Employee works four ten hour days per week with a consistent day off each week.
2. The "9/80" Schedule – Employee works a consistently scheduled eighty hours in nine days with one day off every other week. Most Commission employees who work 9/80 schedules usually work the following schedule:

Day -	M	T	W	R	F	M	T	W	R	F
Hours -	9	9	9	9	8	9	9	9	9	Off

[OMES Alternative Work Schedules \(AWS\)](#)

E. Telework

An employee may be considered for telework, also called telecommuting, when opportunities exist for improved employee performance, agency savings, and to meet the needs of the Commission and the public. The full telework policy and forms can be found in the link below.

[Policy OCC-01A: Telecommuting or Telework Policy and Procedure](#)

F. Lunch and Breaks

Employees are required to take a lunch period consisting of no less than 30 minutes for each six hour period of work. Lunch periods are unpaid and employees are not permitted to work through lunch periods. Accordingly, lunch periods shall not be recorded or reported as hours worked. Division directors may waive the required lunch period if extraordinary circumstances do not permit the employee to take a lunch period or the employee is required to perform his or her official duties while eating. Employees are also permitted to take two paid breaks during each shift, one 15-minute break in the morning and one 15-minute break in the afternoon.

G. Compensatory Time / Overtime Pay

Reference: [74 O.S. 840-2.15](#)

Non-Exempt Employees

Per the Fair Labor Standards Act (FLSA), 29 U.S.C. § 201 et seq. non-exempt employees, meaning an employee not exempt from the overtime requirements of the FLSA, **MUST** be paid or provided compensatory time at time and a half (1.5) for any overtime acquired in a 40 hour workweek.

Work Week Adjust: Non-exempt employees are responsible for adhering to the forty (40) hour workweek whenever possible and should adjust their work week hours if at all possible before being allowed to accrue overtime.

Non-exempt Commission employees who are approved to work more than forty (40) hours in a workweek shall accrue compensatory time off at the rate of one and one half hour for each hour of overtime worked, instead of cash overtime pay. Employees may not use leave to earn compensatory time. Supervisors shall approve time worked in excess of forty (40) hours in advance for non-exempt employees.

Working overtime without a supervisor's prior approval shall necessitate supervisor review/approval and may be cause for disciplinary action if found unwarranted.

Exempt Employees

The majority of Commission employees are classified as "exempt," meaning the employee is exempt from certain overtime requirements of the FLSA. Typically, "exempt" employees work in a supervisory role or professional capacity as defined by the FLSA. Under the FLSA, state agencies MAY grant compensatory time to exempt employees. It is the Commission's policy to grant compensatory time to our exempt employees per the conditions set out in this policy.

Work Week Adjust: Exempt employees shall be given a 2 week, eighty (80) hour work adjust period. The employee shall be responsible for scheduling and maintaining a 2 week, eighty (80) hour work period whenever possible. In instances where work week adjustments cannot be made, exempt employees who work more than eighty (80) hours during a given two (2) week period may accrue compensatory time on an hour for hour basis. A supervisor may deny the accrual of compensatory time for an exempt employee. Employees may not use leave to earn compensatory time. Supervisors shall approve time worked in excess of the eighty (80) hours in advance for exempt employees.

Working overtime without a supervisor's prior approval shall necessitate supervisor review/approval and may be cause for disciplinary action if found unwarranted.

Supervisors & Internal Control

Overtime (time greater than 40 hours per week for non-exempt or greater than 80 hours per two weeks for exempt employees) should be approved only in those cases where excessive hours of work are necessary because of weather conditions, necessary seasonal activity, emergencies, or special short-term projects. Each division director is responsible for the manner in which overtime is authorized. It is equally important to control unauthorized overtime. Unauthorized work shall be counted as hours worked. If the supervisor should have stopped the work but did not, or if the supervisor knew or had reason to know of unauthorized overtime, the supervisor may be subject to discipline.

Division directors are responsible for internal controls which will provide a means of reviewing and evaluating the accrual and use of overtime. Supervisors are responsible for ensuring employees adjust their work schedules within their established workweek(s) to avoid unjustified overtime accrual. Exempt employees are responsible for adhering to the eighty (80) hours during a given two (2) week period whenever possible. If overtime appears necessary, the employee shall obtain approval through the chain of command. In instances of extenuating circumstances where pre-approval cannot be obtained, employees must notify supervisors as soon as possible regarding the number of hours and reason for overtime worked. Overtime hours worked without proper approval

shall necessitate supervisor review/approval and may be cause for disciplinary action if found unwarranted.

Compensatory Time Accrual and Use

Both non-exempt and exempt employees may accumulate up to 240 hours of compensatory time. Compensatory time expires six (6) months from the date it was acquired. Employees shall use compensatory time before it expires and shall, with a supervisor's approval, adjust their work schedule so as to use their compensatory time. Compensatory time accrued by an employee shall be used in lieu of and prior to annual leave. If a non-exempt employee fails to use their compensatory time before the end of the 6 month period then they must be paid by the Commission for those hours. If an exempt employee fails to use their compensatory time within 6 months of its accrual then the exempt employee loses the compensatory time. An exempt employee is not paid or otherwise compensated for lost compensatory time.

Paid Overtime Exception

The Executive Director or designee may authorize **overtime pay** to non-exempt employees that work more than forty (40) hours during a given workweek or to exempt employees that work over eighty (80) hours during a given two (2) week period in extraordinary circumstances or during an emergency event. Overtime pay shall be calculated in accordance with the FLSA.

H. Travel to and from Work

Normal travel to and from work is not compensated regardless of whether the employee has a fixed duty station or is assigned to different job or telework sites. Field employees shall begin each work day as designated by a supervisor.

Policy OCC-12: Travel shall apply to hours worked while an employee is in "travel status," e.g., in-state and out-of-state travel.

I. Emergencies

In the event an employee is called to work due to an emergency, an employee's work time shall begin immediately upon responding to the request for action. Otherwise, the other provisions of this policy (lunch and breaks, for example) shall apply normally.

J. Division Director's Responsibilities

Division directors are required to take into account the staffing needs of their division when approving employees for the flex-time, telework, and compressed workweek schedules. Division directors shall staff their division to provide coverage and service to customers during normal office hours, from 8:00 a.m. to 4:30 p.m. Monday through Friday.

- Responded to questions or issues by conservation districts regarding the following topics: cooperative agreement; open meetings act questions; dam safety; easements on District owned land; criminal proceedings; competitive bids, seismic testing setbacks, workers compensation, realtor questions on flood control structure, Consent of Junior Easement; assisted in preparing a victim impact statement; review of documents; employee/worker comp issues; release of easement and purchasing and construction questions; and landrights regarding an ARS dam
- Rehabilitation Projects: complete in December
 - **Upper Black Bear Creek Site 62** –City of Perry is moving forward with land rights through condemnation proceedings on a number of properties.
 - **Sallisaw Creek Site 33** – The Appeal Hearing set for December 10, 2020 was continued by no new date has been rescheduled. The court has not ruled on the Defendant's & Intervenor's Response Briefs filed on November 13, 2020; Discussions have been opened to discuss settlement and moving forward with the project. We are in the process of gathering information to share with the landowner. Also planning a meeting with the Oklahoma Water Resources Board to discuss court issues and arguments.
 - **Criner Creek Site 5** – Discussion with NRCS on the issues and challenges of rehabilitating the site upon the request and possible funding of the landowner. Need to set meeting with landowners.
 - **Fourche Maline 7M** – Calls have been made to the Mayor and City Attorney regarding the Real Property Work Map and setting up some conference calls to discuss landrights.
- Other Flood control Issues:
 - **Bear-Fall Coon Creek Site 20** – The property owner placed a home below the lower hazard dam causing the dam to be reclassified as a high hazard dam. The case is in discovery. The NRCS is conducting a hazard classification assessment on the site and will be sharing the results of the assessment with the Logan County District Attorney. The case is on hold until the assessment is completed.

- **Beaver County Criminal Case CF-2019-23** –The Board prepared and submitted their Victim Impact Statement to the Court in late November. The judgment and sentencing hearing was held on December 8, 2020. The defendant plead out in the case and was placed on probation pending payment of the restitution back to the District.
- **Caddo Creek Sites & Lower Bayou Creek Site 8** – The Attorney General’s Office (AGO) is waiting for repairs to be made to clarify actual costs for collections. Repairs are in progress.
- **Fort Cobb Lateral 7** – Review of proposed wind energy turbine and line for Wanzek Energy.
- **Little Wewoka Creek Site 1** – Coordinating a teleconference with the landowners and the Choctaw Nation to explain the situation and what the District is requesting. Awaiting follow-up from the Choctaw Nation to try and schedule in January.
- **Rock Creek Site 9** – A landowner built a home in the flood pool and wants to discuss flood proofing options. Reviewed District’s letter to landowner as well as a Release of Liability Agreement.
- **Rock Creek Site 15** – Ongoing discussions with the District regarding access for a landlocked Landowner.
- **Wildhorse Creek Site 4** – Working with the District to get the landowner to repair the damage owner caused. May have to take more forceful action against the landowner to get these repairs done.
