He reported that the district owned a tractor and litter spreader as well as had responsibility for 15 flood control structures and no one to maintain the equipment or structures. He indicated that he believed that we have districts that are overstaffed and those that are understaffed. He noted that their employee, Mr. Robert Hunnicutt had retired this past year and to date the district had been unable to refill the position. Mr. Grego stated that the Pittsburg County Conservation District had provided some assistance through the time of Bradley Hamilton but that it just wasn't enough. Mr. Grego asked that the Commission develop a new way to share resources. His request to the Commission is that they fund an employee to be shared between Latimer County and Talihina Conservation Districts. Tammy,

At the board meeting yesterday, board members instructed me to contact you and make the request for \$33,000 in cost share funds. Our records show that for PY-15 we had a allocation of \$15,175 with an obligated amount of \$7,368.68. In PY-16, records show we had a allocation of \$13,750 with an obligated amount of \$6,356.79. I realize these figures still fall below the 60% allocation expended figures that you noted in the PY-19 program announcement and made note of that fact to my directors. To be honest, chances are, if given an allocation, we probably won't do much better than 50% program follow thru. It just seems to be the nature of the beast around here. We have had many changes here in the last two years, which took time to correct and adjust to. This was much of the reason for dropping out of the state cost share program for the last two years.

In any case, I have followed my directors instructions. If you need this request in a formal letter, please let me know.
