## **CONSERVATION PARTNERSHIP REPORTS**

*Oklahoma Department of Agriculture, Food and Forestry:* Blayne Arthur, Deputy Commissioner, reported on the Right To Farm bill that will be sent to the vote of the people in 2016. The ag groups are supportive of this measure. She stated that this bill will keep organizations such as PETA from keeping ag producers from doing their job. She also reported on House Bill 2208 which deals with licensing for building poultry houses.

Ms. Arthur stated that this will be a tough budget year for natural resources agencies.

*USDA-Natural Resources Conservation Service:* Gary O'Neill, State Conservationist, provided a copy of the quarterly written report. He stated that new rules are out for the easement programs and the comment period runs through May 28.

Mr. O'Neill reported that the Regional Conservation Partnership Program new sign up was announced today with a July deadline.

Mr. O'Neill stated that the State Technical Committee will be meeting in Oklahoma City on May 21 and will discuss the Environmental Quality Incentive Program. Mr. O'Neill stated that Oklahoma may receive additional funding in the EQIP related to the drought for areas designated as D3 and D4.

Mr. O'Neill updated the Commission on Oklahoma's designation as a StrikeForce state. This is an administration initiative that will focus efforts in counties with historically high poverty levels. The sign up for this program ends June 19.

*Oklahoma Association of Conservation Districts:* Steve House, President, stated that the Black Sunday event held in April was a huge success. He thanked those who participated and assisted with the event.

Mr. House has met with the Creek Nation to discuss funding for the Association's soil health initiative and to invite them to participate in the NACD South Central Region Meeting.

Mr. House stated that the National Land and Range Judging Contest begins this week with 34 states, including over 900 students, participating. He will be participating in the Blaine County Ag Safety Day for ninth and tenth grade students.

Mr. House stated that the Association's CIG grant is now in Phase 2.

### **OKLAHOMA CONSERVATION COMMISSION MEMBERS**

Ms. LeGrand reported on attending a pollinators meeting hosted by the National Park Service and that it was well attended.

Mr. Jett attended the Black Sunday event in April and commended Commission staff for a job well done. He said the event exceeded expectations. He also attended the 44<sup>th</sup> Annual Economic Development for NW Oklahoma event and had good conversations with Senator Marlatt and Representative Murdock at the event.

### **OKLAHOMA CONSERVATION COMMISSION STAFF**

*Executive Director:* Mr. Lam stated that with the rains in western Oklahoma, the Upper Washita Conservation District submitted pictures of the water in the rivers and watersheds and the Commission sent out a press release.

Mr. Lam stated that during their meetings in Washington, D.C. in March he met a new staff member with Senator Inhofe's office. The staffer requested a tour of flood control structures and water quality and the tour was held recently.

Mr. Lam also reiterated the success of the Black Sunday event. He reported on attending an event in Chickasha for the OSU water reuse groundbreaking ceremony.

Mr. Lam stated that staff continues work with the Valliant and Little River Conservation Districts regarding consolidation and they will be attending their board meetings this month.

Mr. Lam reported that water quality tours are being scheduled during the month of June from Spiro to Tulsa and Oklahoma City to Medicine Park. Invitees will include Secretary of Agriculture Reese, Secretary of Energy and Environment Teague, and members of the legislature. These events will be more family-outings.

Mr. Lam also attended the Wagoner County Stewardship Breakfast.

*Water Quality Program:* Shanon Phillips, Director, stated a written report is in the packet. Conservation education and the Blue Thumb program had a really busy month. The Blue Thumb program now has a stream trailer and it has already been showcased at five events.

Ms. Phillips attended a meeting regarding the RCPP and stated that the new Request For Proposals came out today. She will be working with the City of Altus to address invasive species in the Altus Lugert watershed and will be partnering with the state of Texas on this program.

Ms. Phillips stated that she and NRCS employees Steve Glasgow and Dick Zetterburg met

with officials from the state of Kansas regarding the Grand Lake RCPP. Meetings will be held in June with three conservation districts boards to recommend Watered Advisory Group members. A signup will be held in the fall. She stated that the Elk City RCPP will have a signup later in the summer.

Ms. Phillips stated that a new monitoring site is being added and that the Grand River Dam Authority will be doing sample analysis with Ashley Rhea heading up the program.

*Office of Geographic Information and Technical Services:* Mike Sharp, Director, stated a written report is in the packet and he yielded for questions.

*Abandoned Mine Land Reclamation Program:* Robert Toole, Director, stated a written report was in the packet. He stated that four projects are pending vegetation due to rain. Mr. Toole stated that biological surveys are required by U.S. Fish and Wildlife Service (USFWS) on six projects to determine the presence or absence of the American Burying Beetle. Each survey costs between \$3000 and \$5000 each. He stated that the U.S. Fish and Wildlife Service had listed the Northern Long-eared bat as threatened on the endangered species list and the listing will impact AML projects in Oklahoma.

*Conservation Programs:* Tammy Sawatzky, Director, stated a written report is in the packet and she yielded for questions.

*Assistant Director:* Ms. Owen stated a written report is in the packet. She stated that this week is designated Public Service Appreciation Week and several activities have been planned for the staff by the Awards and Recognition Committee. One was the coffee and donuts provided this morning. An ice cream social is planned for Wednesday and staff will be attending the Land Judging Contest on Thursday. Ms. Owen stated that the quarterly staff meeting will be held on May 27 at the Oklahoma City RiverSports area and invited members to attend. She expressed appreciation to Commission and district staffs.

Ms. Owen reported that the Commission has developed a notebook for new directors with information ranging from the purpose of the Commission to director responsibilities. This book will be provided to all new directors. Mr. Lam has also sent out a Conservation District Director Position Description which will be signed by all directors at the beginning of their terms. This description outlines the duties and responsibilities of a district director.

Ms. Owen stated that the claims register at the June Commission meeting will include two very large payments to the Office of Emergency Management for repayment to FEMA for the Sugar Creek project.

Ms. Owen reported on meeting with Gary O'Neill and Jamey Wood, NRCS, to discuss the continuation of the Contributions Agreement and she stated it will continue within the same dollar range.

Ms. Owen also stated that work continues on consolidation efforts with the Valliant and Little River Conservation Districts. Staff will be attending their board meetings on May 13.

Ms. Owen stated that Steve Coffman, Financial Management and Human Resources Director, is working with Risk Management on district general liability insurance and directors errors and omissions.

**NEXT MEETING**

The next regular meeting of the Oklahoma Conservation Commission will be held on Monday, June 1 2015, in the Agriculture Building Board Room, 2800 N. Lincoln Boulevard, Oklahoma City, Oklahoma beginning at 9:30 a.m.

Prior to adjournment, Mr. Lam stated that the Governor has appointed Bill Clark from Pontotoc County Conservation District to serve as Area 5 member beginning July 1.

**ADJOURNMENT**

There being no further business a motion was made by Ms. LeGrand and seconded by Mr. Rooker to adjourn. Those voting aye were: Jett, Rooker, Herriman, and LeGrand. Nay votes: none. Motion carried. The meeting adjourned at 10:45 a.m.

- Worked on Project WET
- Participated in conference call for PWET USA Coordinator Council; distributed minutes
- Continued planning the 2015 PWET USA Coordinators Conference
- Data entry and certificates for 2 workshops; delivered workshop materials for 1 workshop
- Assisted with Black Sunday Commemoration @ Capitol

### **Tribal Outreach Coordinator**

Coordinated Partnership with the Oklahoma Tribal Conservation Advisory Council (OTCAC) -

- I am currently working with OPBA to provide the Creek Nation Conservation Commission with prescribed fire equipment, such as an equipped burn trailer, and access to training. OPBA leadership has agreed to move this relationship forward. Discussed other partnership opportunities with Ed Mouss, Chairperson.
- I continue working with OTCAC and Carol Crouch, NRCS Tribal Liaison, on implementing the agreement in support of outreach efforts in FY 2015. OTCAC also supports the OCC-NRCS partnership by handling sponsorships for booth displays at many large meetings across OK during the year. OTCAC and OCC appreciate NRCS's commitment to doing outreach to all people in OK.

Oklahoma Prescribed Burn Association (OPBA)

- OPBA worked with various partners on HB1462 concerning allowing prescribed burns during burn bans. Continued information exchange on this legislation. The language has been altered and actually makes it more difficult to burn. OPBA leadership is working with sponsors to explain the difficulty the language change creates.
- OPBA, working with the Noble Foundation and The Bramlett Agency, Ardmore, worked out the final details to provide landowners with additional liability coverage, at a reasonable price, for prescribed fire. The brochure has been sent out to offices.
- OPBA is working on changing their IRS status to become an "umbrella" organization with the local prescribed burn associations being "affiliates". The purpose for this is to extend the non-profit status to the local groups and to help provide local boards with additional support.
- The OPBA/NRCS FY15 agreement is being implemented. OPBA and OCC appreciate NRCS's assistance with prescribed fire in dealing with the number one natural resource issue in OK.
- OPBA participated in the March 23 "Conservation Day at the Capitol" and presented three awards for support. These awards went to The Nature Conservancy, Noble Foundation, Harry Fritzler, NRCS (retired).
- OPBA continues to work with various partners to provide burn trailers and other equipment for local prescribed burn associations. Two new burn trailers were purchased on December 1.

Oklahoma Invasive Plant Council (OKIPC) -

- OKIPC has produced a poster of the "Dirty Dozen" plants in Oklahoma. More information concerning OKIPC can be found at <http://ok-invasive-plant-council.org/>.

# Blue Thumb Pictorial Report

## April 2015

### Blue Thumb Activities this month:

1. Ava McCaffrey, Katie Prior, and Ariel McCaffrey with Senator Brian Crain of Oklahoma City. The young volunteers gifted the senator—and all senators and representatives - with a “Bob has a Blue Thumb” book.
2. Candice and Kim greet state capitol visitors and elected officials on “Water Appreciation” Day.
3. The brand new “Blue Thumb Stream Trailer” was a hit at the Norman Earth Day Festival!
4. Science, Technology, Engineering, and Math conference for teachers (Tulsa) hosted Jeri and an Exhibit this month!
5. Langston University Blue Thumb volunteers completed their bug-picking (Headquarters Creek, Lincoln County) and their quality assurance session for spring.

Top left—Participants from Haworth High School (Little River Conservation District) pose for the camera while they are receiving an introduction to Blue Thumb during a mini-academy offered by Candice.

Top right—Kim demonstrates the EnviroScape to eager elementary kids and their tutor at Meadow Wood Baptist Church in Midwest City.

Below Left—Tulsa Community College Zoology students look for bugs and fish in Coal Creek.

**OKLAHOMA CONSERVATION COMMISSION  
OFFICE OF GEOGRAPHIC INFORMATION & TECHNICAL SERVICES DIVISION  
MONTHLY SUMMARY**

**Mike Sharp, State Geographic Information Coordinator & Director**

April, 2015

**IT Activity**

- Worked on various hardware and software support issues for OCC non-OMES computer systems.
- Followed up on and provided assistance regarding several OMES helpdesk tickets submitted by OCC and District staff.
- Routine server, software and anti-virus and anti-spam maintenance on OGI computer systems.
- Worked with various conservation districts on IT issues.
- Worked on updating the Physical Inventory.

**Geographic Information System (GIS) Activity**

- Provided GIS services to AML, WQ, Administration and District Services.
- Updated web map for WQ Division displaying statewide monitoring data.

**Office of Geographic Information/State Geographic Information Council**

- Worked on OKMaps servers, software and data.
- Prepared minutes and agenda for May Council meeting.
- Willoughby attended the South Central Arc User Group conference in Addison, TX the week of April 13.
- Participated in the National Alliance for Public Safety GIS Foundation (NAPSG) Tornado Standard Operating Guidance (SOG) Working Group Meeting.

**Other activity**

- Sharp was an instructor for the Office of Surface Mining class, CAD 400: Bridging the CAD and GIS Gap in the SMCRA Workflow, held in Alton, IL the week of April 27.
- Worked on a couple of Tar Creek issues. One was related to possible subsidence potential of US Highway 69 and removing the weight restriction on a portion of the highway. Also, worked with Bingham Sand and Gravel to identify possible underground locations for the disposal of chat washing residues.

## Oklahoma Celebrates Black History Month

2015 NATIONAL THEME "A CENTURY OF BLACK LIFE, HISTORY AND CULTURE"

*Each year beginning on February 1*, an entire month of events are planned nationwide honoring the history and contributions of African Americans. Black History Month began in 1926 as part of an initiative by writer and educator Dr. Carter G. Woodson who launched Negro History Week in 1926. Woodson proclaimed that Negro History Week should always occur in the second week of February between the birthdays of Frederick Douglass and Abraham Lincoln. Since 1976, every American president has proclaimed February as Black History Month. Today, other countries such as Canada and the United Kingdom also devote an entire month to celebrating black history. Over the past century, African American life, history, and culture have become major forces in the United States and the world.

In 1915, few could have imagined that African Americans in music, art, and literature would become appreciated by the global community. Fewer still could have predicted the prominence achieved by African Americans, as well as other people of African descent, in shaping world politics, war, and diplomacy. Indeed, it was nearly universally believed that Africans and people of African descent had played no role in the unfolding of history and were a threat to American civilization itself. A century later, few can deny the centrality of African Americans in the making of American history.

The theme for NRCS's 2015 Black History Month is "Celebrating 'The First' Black Men to Lead the Agency." This is in recognition of efforts made by NRCS over the last 50 years to promote hiring of qualified minority employees.

**In recognition of Black History Month**, Ryan McCloud, NRCS Oklahoma Black Special Emphasis Program Manager, set up three speaker discussions on February 12th, 19th, and 26th from 9-9:30am. Invited speakers were Wynea Buford-NRCS National Civil Rights Committee Black Female Representative, Malcolm Jones-National Organization of Professional Black NRCS Employees OK Chapter President, and Dwight Guy-USDA Liaison.

Birdie Neal, Purchasing Agent - State Office, and the Administrative staff coordinated a Black History Month presentation for the State Office.

Speakers were Jasper Parker, retired Assistant State Conservationist and Joe Buford, NRCS Resource Specialist.

Both spoke on their career with NRCS and barriers they have faced in the work place.

## Honey Springs Visitors' Center, a multi-purpose community/visitor center and library, in Rentiesville, OK

History records Rentiesville as one of thirteen remaining "All-Black Towns" that was populated by former slaves after the Civil War. Today, the community is challenged by poverty, but does have historic and cultural assets for tourism. The new visitor center will feature and capitalize on these assets. In January the U.S. Department of Agriculture (USDA) opened bids for building a multi-purpose community/visitor center and library in Rentiesville. Highlights of Rentiesville include being home to the great Blues legend D.C. Minner and Rentiesville's annual Blues Festival and the town is the historic site of Oklahoma's largest military engagement, The Battle of Honey Springs and the nation's largest Civil War battle in which African American, American Indian, Hispanic and Anglo American soldiers engaged. The heroics of the Civil War's first African American regiment, the First Kansas Colored, were largely responsible for the Union's victory there. The center is a multi-million dollar partnership between four federal agencies, a state agency, McIntosh County, several local businesses, and a non-profit organization. The federal involvement includes the National Park Service, as well as all three agencies of USDA Rural Development – Rural Business Service, Rural Utilities Service and Rural Housing Service. The site offers visitors the opportunity to enjoy hiking and area wildlife, while learning about the Battle of Honey Springs and the impact of the Civil War on American Indians living in Indian Territory. The Friends of Honey Springs organization will lease the land from the Oklahoma Historical Society to construct the new center. Upon completion of the 5,000 square foot visitors' center, the National Park Service predicts an annual visitation of 150,000 people, which would represent \$9 million in tourism revenues for the local area. USDA Rural Development has awarded nearly \$500,000 in grant funds and over \$600,000 in financing through the Rural Business Enterprise Grant and Community Facilities programs. A portion of the financing includes a guaranteed loan through Peoples National Bank in Checotah. The project also includes a Rural Utilities Service award to Cross Telephone Cooperative to extend high-speed internet access to the area as part of the American Recovery and Reinvestment Act. State and local funds will come from \$800,000 worth of site development and in-kind services from the Oklahoma Historical Society and thousands more in road improvements from McIntosh Co.

# Natural Resources Conservation Service - *Administrative Transformation*

Since the 90s, NRCS has seen its business expand and diversify due to a rise in Farm Bill Programs. Meanwhile, the business and administrative structure hasn't kept pace to best support our mission. Now, NRCS is looking ahead and building a better business and administrative structure for the future.

The Administrative Transformation will create a new set of virtual teams to help make our Budget & Financial Management, Procurement & Property, and Human Resources more effective and consistent. And, a new local support team with new roles in each state will continue to provide the on-ground support they need. Additionally, new leadership roles and capabilities will be housed in a realigned national oversight structure that will support each of the three administrative areas.

## *Three Major Parts of the Transformation*

### **Local Support:**

A single business and administrative unit in each state office handles all local and state business activities.

#### **Roles:**

- ◆ Business Leader
- ◆ Financial
- ◆ Business Management
- ◆ Clerical

### **National Service Delivery Teams (NSDT)**

Administrative Staff located throughout the country deliver services across state, center, and NHQ boundaries through virtual teams.

#### *Budget & Financial Management*

- ◆ Accounts Payable; Accounts Receivable; Budget Support; Financial Administrative Services

#### *Human Resources*

- ◆ Benefits; Employee & Labor Relations; Performance, Pay & Recognition; Staffing & Workforce Management Services

#### *Procurement & Property*

- ◆ Contracting; Grants & Agreements; Personal Property; Real Property

### **National Oversight**

A national-level oversight structure oversees each function (BFM, HR, P&P) and provides additional corporate capabilities and support to national teams and states.

#### *Enhanced & New Capabilities*

- ◆ Analytics & Reporting
- ◆ Assurance & Compliance
- ◆ Information & Technology Management
- ◆ Policy & Business Practices
- ◆ Strategy & Planning

## *So, what are some of our Oklahoma Administrative Staff up to??*

#### **Benefits Team - Human Resources**

*Kevin Abrahamsen, HR Assistant*

#### **Contracting Team -**

# ★ WOMEN'S ★ HISTORY MONTH ★

March 2015

## About Women's History Month

*Women's History Month* had its origins as a national celebration in 1981 when Congress passed Pub. L. 97-28 which authorized and requested the President to proclaim the week beginning March 7, 1982 as "Women's History Week." Throughout the next five years, Congress continued to pass joint resolutions designating a week in March as "Women's History Week." In 1987 after being petitioned by the National Women's History Project, Congress passed Pub. L. 100-9 which designated the month of March 1987 as "Women's History Month." Between 1988 and 1994, Congress passed additional resolutions requesting and authorizing the President to proclaim March of each year as Women's History Month. Since 1995, Presidents Clinton, Bush and Obama have issued a series of annual proclamations designating the month of March as "Women's History Month."

## Who was the first woman to work for NRCS? Submitted by Andrea Lane

The first female employee of the Soil Erosion Service, predecessor to the Soil Conservation Service (SCS), was Lillian H. Wieland. On September 19, 1933, Hugh Hammond Bennett transferred from USDA to the Department of the Interior to head the Soil Erosion Service (SES). The following day Lillian H. Wieland entered on duty as his secretary. Among the 12 employees in the Washington office in October 1933 were Wieland, Laura G. Fitzhugh, and Alberta Stanback. Most of the early women employees of the SES and the SCS, as it was renamed in 1935, were in secretarial and clerical positions where they were integral to the success of the operations.

Like their male counterparts, quite a number of the women who found employment in the early days made a career of the work. Secretaries throughout the organization have often been invaluable in providing continuity in cases where heads of office changed frequently. They know the organization and the key conservation partners in state agencies, conservation districts, and other areas.

Though the early secretarial staff may not have worked personally on conservation practices on the farm, they could enjoy the sense of group accomplishment. Estella B. Williams started working in Waynesboro, Pennsylvania, in 1935 and later transferred to Maryland. At the age of 91 (in 1989) in a retirement home in Hagerstown she wrote, "I still love to go through the country and see the strip cropping etc."

**Women numbered 3,153 of the 12,825 permanent full-time and permanent part-time employees, or 24 percent, in 1992. The continuation and expansion of equal opportunities for women constitute not only the just and legal path to take, but also the one most beneficial to the agency. For a natural resources agency such as SCS to continue with a well-trained, dedicated work force, it will need to make even greater efforts to recruit the best of those available of whatever gender, race, or ethnic group.**

## Oklahoma Federal Women's Program Manager - Andrea Lane

Greetings! I am Andrea Lane, your Federal Women's Program Manager (FWPM). For those of you who do not know me, let me tell you a little bit about myself. I've grown up around SCS/NRCS. My dad has worked for the agency since the early 1980s. Growing up, we lived in several towns across the state. I graduated from high school in Chickasha and went on to USAO and Canadian Valley Vo-Tech after high school. I received a diploma in Drafting and Design from Canadian Valley in December of 1998. After working in the private sector for a few years, I was hired on with NRCS in October of 2002 as a Civil Engineering Technician with the Design Staff at the state office. I joined the Civil Rights Committee in October 2013. I am married and have two sons. It is my pleasure and honor to serve as your FWPM. Do not hesitate to contact me if you have any questions or concerns.

- Agricultural Apps Worth Downloading -

## **NRCS offers app to analyze cover crop costs**

Planting cover crops is a hot trend but farmers who haven't tried it yet have one question: "What's it going to cost me?" USDA's Natural Resources Conservation Service developed a simple digital tool to answer that question. It's called the Cover Crop Economic Decision Support Tool. It helps farmers, landowners and others make informed decisions when considering adding cover crops to their production system. And it's free.

"The tool offers a partial budget analysis," explains Ivan Dozier, Illinois NRCS State conservationist. "It focuses only on operational changes farmers make—actual costs and benefits farmers see when they add in cover crops. We focus on benefits and costs we can easily express in dollars," Dozier adds.

### **Benefits and costs to measure:**

- Direct nutrient credits;
- Input reductions;
- Yield increases and decreases;
- Seed & establishment costs;
- Erosion reductions;
- Grazing opportunities;
- Overall soil fertility levels; and
- Water storage and infiltration improvements.

The tool's analysis depends on data users entry. Users can run "what if" scenarios if they want to evaluate a range of values. The tool offers results in both dollars and graphs, showing short- and long-term benefits.

"Our hope is that answers to some of the big economic questions will help more Illinois farmers give this conservation option a try," says Dozier. According to NRCS and other research, long-term results in renewed soil health offer huge returns in crop yields, water quality and infiltration improvements, weed and pest control and more. "Cover crops are a good trend and one that can actually pay off," Dozier adds.

This NRCS tool, which is being used nationwide, was developed by Agricultural Economists in Missouri and Illinois. Farmers can download the spreadsheet and run it at <http://www.nrcs.usda.gov/wps/portal/nrcs/detailfull/il/soils/health/?cid=stelpdrdb1269028> or visit the Illinois website and find a factsheet about the tool and download the tool.

## **Earth Team Volunteer and NRCS Partner are Making a Difference in Rural Oklahoma**

**Kasey Jo Blevins** is an Earth Team Volunteer for the Natural Resources Conservation Service (NRCS). Blevins has been working with Mr. Justin Reed, her agriculture teacher, 34 other 4-H and FFA students and the Oklahoma Tribal Conservation Advisory Council (OTCAC) to help the agriculture department grow at the Mill Creek High School in Mill Creek, Oklahoma. This was the first year that Mill Creek has had an agriculture program and funding was very limited, but the goals of the students were high. Blevins organized after school and weekend clean-up sessions for the students to clean and remodel an old barn that will be used by the students for livestock and animal science training. Kasey reached out to NRCS for soil posters, plant identification guides and forage sticks and other resources that were made available to help the students with teaching aids in their classrooms. Blevins plans to continue to work for NRCS as an Earth Team Volunteer until she enrolls at Oklahoma State University to pursue a degree in veterinary medicine. Blevins stated, "I live in a rural community and being an Earth Team Volunteer for NRCS has helped me become a leader in my school and it also helped me to know that NRCS has some cool tools that can be used in my classroom."

## Oklahoma's Forestland Is Expanding – submitted by John Mustain - State Forester/Agronomist

The National Resources Inventory (NRI) indicates that there are 7,525,700 acres of forestland in Oklahoma; now, after a recent tree planting operation, an additional 109 acres can be added to that total. The planting site, which has recently been enrolled into the Wetlands Reserve Program, was an abandoned cropland field located within the Red River valley in southern McCurtain County. The project began with a soil ripping operation in the fall, followed by the planting of nine different native tree species in mid-March. "The weather conditions were perfect for planting trees; wet soils and temperatures in the 50's with a light rain all day" said Greg Allen, Soil Conservation Technician.

Herbaceous weed control is scheduled during the summer to control competition which will help insure tree survival. "The overall objective for the planting was to re-establish the area to its historic bottomland hardwood plant community", said John Mustain, NRCS State Forester. "It took a collaborative effort between the Oklahoma Forestry Services, Arkansas Forestry Commission, Little River Conservation District and various NRCS personnel, from the initial planning and contracting to the actual day of planting, to coordinate a tree planting project of this size", added Mustain.

Greg Allen, Soil Conservation Technician, oversaw the tree planting operation and is seen here selecting proportionate amounts of tree seedlings from each of the nine species of trees so that they can be re-bundled to create a randomly planted acreage of trees.

The tree planting crew unloads bags of trees as they prepare to begin planting.

## Specialty Crops and Food Safety Workshop - submitted by Merica Wheesuk-Xiong - Soil Conservationist-Jay Field Service Center

A Specialty Crops Workshop was held at the Leach First Baptist Church in Rose, Oklahoma on February 24<sup>th</sup> from 9:00am to 3:30 pm. The meeting was free to the public with lunch and refreshments provided by the Hmong Growers Association in Delaware County. The meeting provided information on developing a food safety plan for fresh produce operations and an on farm safety assessment checklist to decrease the risk of pre and post-harvest food safety issues to the over 40 people in attendance. Speakers for this portion were Dr. Lynn Brandenberger, Dr. William McGlynn and Rao Kakarala, all of the Oklahoma State University Cooperative Extension Service. District Conservationist of Delaware County, Michael Ramming was on hand to provide Farm Bill information on the opportunities to apply for programs such as the Conservation Stewardship Program as well as the Environmental Quality Incentives Program, with an emphasis on the Organic and Seasonal High Tunnel Initiatives.

## USDA Officials Enjoy Indian Culture in Oklahoma - submitted by Carol Crouch - State Tribal Liaison

On March 26, 2015, a number of high-ranking officials with the United States Department of Agriculture (USDA) made their way to the Cheyenne & Arapaho Tribes traditional grounds in Concho, Oklahoma. The Natural Resources Conservation Service (NRCS) partnered with the Cheyenne & Arapaho Tribes to host the USDA officials at their community center; on their traditional grounds. USDA officials included, USDA Assistant Secretary of Agriculture, Dr. Gregory Parham; USDA Deputy Under Secretary, Patrice Kunesh; NRCS State Conservationist, Gary O Neill; NRCS State Tribal Liaison, Carol Crouch; Rural Development (RD) State Director, Ryan McMullen; NRCS Regional Conservationist, James Tillman; USDA Administrator, Sam Rikers; USDA Native American Coordinator for RD, Ted Buelow and RD State Directors from Georgia, Kentucky, Puerto Rico, North Carolina, Mississippi, Tennessee, Texas, Louisiana, Arkansas, Alabama and Florida.

The Cheyenne & Arapaho Tribes opened their traditional grounds to these USDA officials and honored them by sharing the rich culture. The ceremony began with an introduction by Master of Ceremonies Elder Eugene Blackbear and the posting of colors and flags by the Cheyenne & Arapaho color guard and veterans. Then followed a traditional opening prayer by Cheyenne Chief, Gordon Yellowman and Cheyenne & Arapaho youth group performing the *Lord's Prayer*, in sign language. The Cheyenne & Arapaho drum group performed three traditional ceremony songs honoring the flag, veterans and memorial. Cheyenne & Arapaho Governor Rollin Eddie Hamilton and Lt. Governor Cornell Sankey provided the welcome and introduction of their Tribal Legislators and USDA guests.

Gordon Yellowman provided an overview of the Cheyenne & Arapaho history, the importance of their traditional ceremonies and the significance of the tribes sharing their traditional foods with guests. USDA officials were invited to join them in enjoying their traditional foods which was followed by traditional dances performed by Cheyenne & Arapaho Tribes champion dancers. Eugene Blackbear provided a story of the buffalo and how the buffalo played a significant role in their survival as well as ceremonies. The ceremonies concluded with Economic Development Director, Nate Hart, providing a buffalo tour of the Cheyenne & Arapaho buffalo herd. According to Dr. Crouch, "This was a wonderful experience for USDA officials that may have never had the opportunity to experience the performance of traditional dancers, foods, ceremonies and actually have the opportunity to see buffalo as well as take a photo with one. The Cheyenne and Arapaho Tribes provided a cultural experience these USDA officials will long remember."

80 years ago in the heart of the Dust Bowl a major dust storm pushed its way across the Oklahoma and Texas Panhandles. This storm was dubbed "Black Sunday" and took place on April 14, 1935. It was one of the worst dust storms in American history and caused immense economic and agricultural damage. It is estimated to have displaced 300 million tons of topsoil from the prairie area in the United States.

The "black blizzard", or dust storm, hit the Oklahoma Panhandle and northwestern Oklahoma first on the afternoon of April 14. It then moved south, hitting Beaver, OK, Boise City, OK and Amarillo, TX. The storm was harsh due to the high winds that hit the area that day. Along with the drought, erosion, and the unanchored soil, the winds caused the dust to fly freely and at high speeds.

At the Oklahoma State Capitol event Tuesday, April 14, 2015, officials with the Oklahoma Conservation Commission and U.S. Department of Agriculture told lawmakers those lessons are especially relevant today as Oklahoma enters its fifth year of drought.

# Soil Health Outreach

Jefferson County Conservation District and NRCS held a Soil Health Outreach program to provide information to local farms and ranchers of the importance of soil health. Clay Salisbury, NRCS Soil Scientist showed the rainfall simulator and how the different management practices impacts water uptake by the soil. Caleb Stone, NRCS State Agronomist provided a slideshow presentation and explained what soil health is and what management practices can be carried out to improve the soil and maintain production. Approximately 30 local producers attended and Jefferson County Conservation District provided lunch.

On March 25, 2015, a Soil Health Training workshop was held in Harmon County. Oklahoma Conservation Commission staff provided training to District Directors and Employees, as well as interested NRCS employees. They were assisted by NRCS Soil Scientists. Participants were trained to evaluate several aspects of soil health with hands-on training and demonstrations. Soil health factors that were evaluated included soil structure, organic matter content, compaction, earthworms and other life, water infiltration, erosion, salinity, and pH. This was a joint training for Harmon, Jackson, and Greer County Conservation Districts and NRCS offices.

## Two Conservation Workshops held in Pontotoc County

On Thursday, March 12, 2015, the Natural Resources Conservation Service (NRCS), the Oklahoma Tribal Conservation Advisory Council and the Pontotoc County Conservation District partnered with the Chickasaw Nation to hold two conservation workshops.

The first workshop focused on soil health education and an understanding of climate change impacts occurring in Oklahoma. This workshop illustrated the importance of soil health by conducting a hands on demonstration with the NRCS soil health rainfall simulator. The soil health demonstration was conducted by Steve Alspach, NRCS State Soil Scientist. Jeanne Schneider, representing the USDA Southern Plains Regional Climate Hub, presented on *Climate Change: Impacts on Agriculture and Plant Life in Oklahoma*.

The second workshop focused on how to develop a Native Butterfly garden or farm, the threatened monarch butterflies and the importance of native plants and native pollinators. Many pollinators are in danger of disappearing which would lead to the collapse of many of the Oklahoma eco-systems and threaten 1/3 of the crops grown in the U.S. Jane Breckinridge, owner of the Euche Butterfly Farm, presented on how to start a community butterfly garden or farm and how the monarch butterflies are threatened pollinators. David Redhage, Kerr Center Sustainable Agriculture Chief Program Officer, presented on *Native Plants and Native Pollinators*.

### Soil Health Demonstration - submitted by Don Skiles, District Conservationist - Altus FSC

On Wednesday, April 22, 2015 the Altus Field Office USDA-NRCS and Jackson County Conservation District conducted a soil health demonstration for the Washington Elementary second grade science class. There were sixteen students and one teacher present. The three employees that put on the demonstration were Brandon Taylor, soil conservationist, John Dee Butchee, and Belinda Dimitratos, Jackson County Conservation District. They demonstrated a homemade rainfall simulator and had several soil pans for the students to play in and discover what was actually in the soil. In those pans they discovered the different living and non-living organisms in the soil. For example, they found earthworms, roots, rocks, bugs, moss, and seeds. This was a very educational and fun demonstration for both the students and workers. They asked the NRCS & the Conservation District to come back and partner with them on several other agriculture projects.

## Choctaw Nation Partners with NRCS to Improve Agriculture Land

The Choctaw Nation acquired an additional 44,688 acres of agriculture land. The purchase of twin ranches in the Kiamichi foothills has tripled the land base of the Choctaw Nation. The newest acquisitions are located between Daisy and Hartshorne, mainly in Ti Valley, what was formerly known as the "Winding Stair Ranch" or "Arcadia Ranch." The Choctaw Nation also operates ranches southeast of Idabel, east of Tuskahoma, in Sawyer and Hugo, Oklahoma. The sprawling Winding Stair, which is actually two ranches bisected by the Indian Nation Turnpike, includes heavily timbered hills and valleys. The sheer size and diversity of landscapes fit well into the tribe's long-range land management plan. With these ranches added to the tribal land base, the Choctaw Nation now holds close to 70,000 acres of ranch land and some 950 head of cattle. Jack Hicks, Director of Agriculture and Ranch Operations, together with new Ranch Manager, Shane Sparks, oversee operations at Winding Stair. The main thoroughfare is a 17-mile path through the hills, where abundant wildlife and lush forests give a sense of what the first Choctaws must have seen when they arrived from the Trail of Tears nearly 200 years ago. There are more than 100 miles of roads and 70 miles of outer fence at Winding Stair Ranch.

According to Hicks, "The overall goals include planting and harvesting hay on some of the acreage, especially southern portions of the ranches. The cattle, hay, timber, and potential recreation will provide sustenance and profit for the ever-expanding economic base of the Tribe. The eastern portion of Winding Stair is likely to be used for hay production and managed recreation, with the western land to focus on cattle ranching operations." On January 27<sup>th</sup> and January 28<sup>th</sup>, the Natural Resources Conservation Service (NRCS) met with the Choctaw ranch and forestry staff to start conservation planning on the 44,688 acre ranch. Representing NRCS were Jamey Wood, Assistance State Conservationist for Operations; Brent Reavis, acting Assistant State Conservationist for field operations in zone four; Derek Kelso, Soil Conservationist and Choctaw Nation Liaison and Dr. Carol Crouch, State Tribal Liaison. "This is an exciting time for the Choctaw Nation as they move forward to improve and expand their agriculture lands and NRCS is honored to be involved in the conservation planning," stated Crouch.

# Little River Conservation District - Outdoor Classroom

The Little River Conservation District (CD) Outdoor Classroom held in Idabel, OK is designed to educate youth about nature, wildlife and our environment. Each station provides information, activities and or experiences to enable students to discover the world around them. We want students to remember and understand the importance of preserving nature. The Outdoor classroom was attended by over 80 children on March 25, 2015.

Frank Acker of the Little River CD explained the role the worm plays in helping our soil health

Robert Bastarache, USDA Forest Service Wildlife Biologist, spoke to students about snakes and how to be safe around them

Danny & Kim McKee of McKee's Bees explained all about bees and how honey is made and the role the bees play in pollination

Brad Bain & Jarred Campbell graciously helped us set up for the Outdoor Classroom

Carl Woods, NRCS Resource Soil Scientist, shows the students how to do a soil profile

Dennis Wilson, OSU Forestry Research Specialist, demonstrates the effects of soil erosion using a stream trailer

Scott Pace, NRCS District Conservationist, demonstrated the role ground cover plays with soil erosion and water quality

Brad Bain of the OSU extension office spoke about pollution of ground water and the negative effect it has on our soils

## Kay County Spotlight's The Kaw Nation Tribe

On March 30<sup>th</sup>, 2015 the USDA Natural Resources Conservation Service (NRCS) - Newkirk Service Center conducted soil and rangeland health valuation with The Kaw Nation. The Kaw Nation seeks technical assistance from NRCS for application of a detailed rangeland assessment and grazing land management plan. Kaw Nation Environmental Department is recognized for their preservation and land management of their natural resources on this 105 acre property which is just one of their many properties. The Kaw Nation has participated in NRCS programs to better help and preserve their land!

## poultry waste management education session

On the evening of February 27, 2015 a 2 hour poultry waste management education session was held at the Kiamichi Technology Center in Stigler, OK and conducted by the Haskell County Oklahoma State University Cooperative Extension Service. There were 28 in attendance including poultry producers, commercial and private litter applicators, and other landowners. OSU Extension Specialists presented information pertaining to nutrient Value Comparison of poultry litter and commercial fertilizer as well as Energy Savings Options. Stigler NRCS District Conservationist Tom Neumeyer provided an update of Farm Bill program and conservation services available with specific information about On-Farm Energy audits and program options.

## Texas County Natural Resource Day

The Texas County Conservation District hosted their annual Natural Resource Day for 4<sup>th</sup> graders on April 22<sup>nd</sup>, 2015. The 267 students and teachers in attendance participated in eight presentations on various natural resource topics and enjoyed a pork burger and hot dog lunch provided in part by Seaboard Foods. Alan Messenger, Guymon Field Office DC, spoke to the students about maps & soils and David McKay, Resource Engineer, Woodward TSO, demonstrated the principles of water pressure. Other presentations included Oklahoma Farm Bureau's "Grown for You" trailer, Natural Resource Jeopardy hosted by the Texas County OSU Extension office, Skins & Skulls from the Oklahoma Department of Wildlife, a "Safe City" electrical demonstration by TCEC, Water Conservation & Pollution Prevention by Seaboard Foods, and "Trees – what do you really know about them?" by the Cimarron National Grassland.

## Jackson County Interscholastic Competition

On Saturday, April 11<sup>th</sup> 2015, the Jackson County USDA-Natural Resource Conservation Service and the FFA partnered together for the Jackson County Interscholastic Competition. The event started at 9:00 AM near Warren, Oklahoma. Don Skiles & Brandon Taylor administered the Land Judging/Homesite Competition for the day, with Gary Strickland and the Tipton FFA coach as observers. There were six attendees from Jackson County and the surrounding areas present for the Land Judging/Homesite Competition. The students judged four pits on the slope, depth and texture of the soil, and classification for the Land Competition and for the Homesite judged the pit based on the information listed on the official card for the pit. This was a very educational and competitive event for the students.

## 9th Annual Eastern Oklahoma Ag show

The Poteau, Sallisaw, Stigler, and Wilburton NRCS offices partnering with the Conservation Districts in LeFlore, Latimer, Haskell and Sequoyah Counties conducted their **9th Annual Eastern Oklahoma Ag Trade Show** at the Leflore County Fairgrounds near Poteau on April 23, 2015.

The event attracted over 20 vendor booths and 150 attendees. Information was provided pertaining to agricultural equipment and supplies, financial assistance, Farm Bill programs, including "StrikeForce" and available USDA services. Speakers gave presentations about livestock programs as well as poultry topics for both

under-graduate and graduate level continuing education credits. Soil Health was emphasized at the NRCS booth on display at the event.

Other partner's co-sponsoring the event included: Farm Credit, The Kerr Center for Sustainable Agriculture, the Oklahoma Tribal Conservation Advisory Council, OK Farms, OSU Cooperative Extension Service, OK Farm Bureau, American Farmers and Ranchers, Farm Service Agency, Leflore County Cattlemen's Association, and KTCS 99.9 Radio. Included is a photo of attendees at one of the presentations.

## Another Loss in Our Conservation Family

Our conservation family has suffered another loss with now the third Oklahoma NRCS employee passing away this fiscal year. Erik N. Friend unexpectedly passed away March 18, 2015. Erik was the District Conservationist at the Vinita Field Office. Erik was born in National City, California, and lived in numerous states in the U.S.

Erik graduated from Langston University. He began his career with SCS/NRCS on December 26, 1993 as a Soil Conservationist student trainee in Guthrie, Oklahoma. Erik worked in Guthrie for nearly seven years before being selected as a Soil Conservationist in Holdenville on June 25, 2000. He worked in Holdenville for two years. On June 29, 2002, he was selected as the District Conservationist in Vinita, where he served until his death.

Erik received numerous awards over his years of service, one being the Zone 2 District Conservationists USDA Honor Award for supporting The President's Civil Rights policies in 2003. Erik along with Greg Ritzman created a flow chart to assist NRCS employees in properly issuing the mandatory Receipt for Service. Erik was a lover of Frank Sinatra, classic cars and Harley-Davidson motorcycles. In any other free time he had, he enjoyed finding antiques. He was also a trained electrician.
