MINUTES OF PREVIOUS REGULAR MEETING

OKLAHOMA CONSERVATION COMMISSION MONTHLY AML REPORT

Chairman Jett re-ordered the agenda to allow Robert Toole to give his report before departing for another meeting.

Abandoned Mine Land Reclamation Program: Robert Toole, Abandoned Mine Lands Reclamation Program Director, stated that a written report was in the Commissioner's packet. Mr. Toole summarized the report stating that: two projects were on-going construction, one project had started construction and one project had a pre-construction meeting for an anticipated construction start today. This will give AML a total of four projects to complete construction on in 2020; designs are tracking as they were last month with the addition of a design being negotiated with an A&E firm on a new project recently identified as a top priority; realty is being negotiated on six AML sites along with the environmental clearances for those six sites. Of special note, Toole reported that Mike Sharp and he had just returned from a meeting of the National Association of Abandoned Mine Land Programs where Sharp and he serve on the board of directors. Reauthorization of AML funding fee collections was the major topic of discussion. H.R. 4248 passed the House Natural Resources Committee without change and is positioned for full House action. It has not yet been scored so co-sponsors can still be added. OCC will continue to urge Congressman Kevin Hern to sign as a co-sponsor. H.R. 4248 is considered to be the ideal bill but Sharp and Toole were informed of a bill being drafted in the Senate that will conflict with H.R. 4248 in two critical areas: (1) the extension of fee collection authority, and; (2) the rate of fee collection per ton of coal mined. The Senate bill being drafted will only extend fee collections for 7 years (vs. the desired 15 years in H.R. 4248) and the fee rates will be reduced by 25% (vs. continuing the existing fee rates in H.R. 4248). More will become known about the new Senate bill when drafting is completed and made public.

CLAIMS/FINANCIAL STATEMENT

Commissioners reviewed the claims, purchase card summary and financial statement as provided by Oklahoma Department of Agriculture Comptroller in Exhibit #1. A motion was made by Mr. Herriman and seconded by Mr. Forst to approve the claims and financial statement. Those voting aye were: Herriman, Jett, Forst and Campbell. Nay votes: none. Motion carried.

DECLARATION OF ABANDONED COAL MINE EMERGENCY

Under the provisions of the Oklahoma Public Competitive Bidding Act (Title 61 - Section 130), Trey Lam, as chief administrative officer for the Oklahoma Conservation Commission, has the authority to declare an emergency.

Whenever the chief administrative officer declares an emergency, he/she shall notify the Oklahoma Conservation Commission and the State Construction Administrator - Office of Management Enterprise Services (Division of Capitol Asset Management - DCAM), of such action within 10 days. Such notification shall contain a statement of the reasons for the action, and shall be recorded in the official minutes of the Oklahoma Conservation Commission.

I hereby declare the following emergency:

Emergency Number: OK 2020-01-01

Emergency Name: McCabe #4

Reasons for Emergency Declaration:

This project addresses the sudden collapse of an abandon coal mine creating a dangerous vertical opening. The overburden soil collapsed straight down and is going deeper underground into the void underneath. The current approximate dimensions are 4.5 feet in diameter by 8 feet deep and open into a mine cavity or void.

The site is located in an active cattle feeding and calving area. There is a high probability of substantial harm to the cattle work crews, pasture workers, and visitors.

The project is located in Wilburton, Oklahoma. The legal description is the SW of Section 11, Township 5 North, Range 19 East, in Latimer County (Wilburton USGS Quadrangle), Oklahoma. The geographic coordinates are: 34.91607, -95.27232.
