Stamper Project –

- A June 1 tour of the facilities is scheduled for EPA.
- An updated business plan was prepared and submitted for review. The expenditure report was prepared and submitted.
- The Cherokee Hills RC&D's proposal for funding with federal Department of Energy stimulus funds through the ODOC/ODOE was selected for forwarding to Washington, DC. This funding proposal was then rejected by the Department of Energy because they classified the project as "research and development" (R&D). This project is not R&D but is a production facility that produces renewable energy from biogas and organic liquid fertilizer. The R&D was completed before moving forward with construction of 20,000 square feet of facilities. The Cherokee Hills RC&D Council, OCC, ODAFF, OACD and others are trying to get DOE to reconsider. Congressman Boren and others have been engaged to intercede on this project that provides a viable alternative for poultry litter disposal. This in turn continues to provide better nutrient management options in watersheds that provide drinking water for rural communities and Tulsa. This funding would have created over 35 rural jobs.

Chickasaw Nation –

- No new information provided to confirm a signing ceremony. MOU has been agreed upon and is in the Governor's office.
- Kelly Hurt is no longer working for the Chickasaw Nation.

Kiowa Tribal Conservation District and Water Resources Board (KTCD) -

Blue Thumb—MAY Pictorial Report

Caney Valley Conservation District students get to be "real scientists" as they try stream monitoring during their natural resource day (May 5 & 6) .

High School students from Edmond North HS work together to "pick" their bug sample.

Macroinvertebrate subsampling has been taking place all across the state this month.

Hundreds of students enjoyed a concert by "Billy B" at the Rogers County Conservation Reserve in Claremore—then they were treated to various science stations for "hands on" learning.

Blue Thumb curb marking remains a fun and popular activity for youth, as is demonstrated by these Jenks High School students.

Above, Payne County volunteers showed up to help staff the Blue Thumb exhibit at the OSU Earth Day event on April 22.

Right, Southeast High School's Blue Thumb students taught their parents a thing or two about stream monitoring on "Parent Day" last month in Oklahoma County.

June 7, 2010

FY 2009 AML SIMPLIFIED GRANT (\$1,850,042) - The following is the status report on the submitted projects:

1. Farley - 085 (Sequoyah County)

The bids were opened on May 13. On May 21 the AML Program accepted the low bid of \$588,966 from Talon/LPE, of Tulsa, Oklahoma. The Department of Central Services is in the process of issuing a contract.

2. Bronson - 071 (Rogers County)

The contractor, WW Excavating, has completed the reclamation work prior to the May 24 completion date. The final inspection with the contractor, DCS, and the AML staff is scheduled for June 7 due to conflict in schedules.

FY 2010 AML SIMPLIFIED GRANT (\$2,623,207)

1. Bates/Fullerton - 259 (Rogers County)

A conceptual grading plan was submitted to the new landowner, Bennie Fullerton, on May 14. The re-designed grading plan removes 400 feet of dangerous high wall and hazardous water body that is closest to the roadway. Mr. Fullerton indicated that this was acceptable and would like to meet on site in the future to review the limits of the revised grading. This meeting is proposed in early June.

2. Reves Phase 2 - 101/102 (Sequoyah County)

We anticipate approval of the environmental documents from US fish and Wildlife and Oklahoma Department of Environmental Quality and approval to bid the project from OSM in approximately 2 months. This project is estimated at over 1 million dollars and over 200 calendar days to complete. Funds from the 2010 and 2011 grant will be utilized to complete this project.

3. Shouse - 251 (Rogers County)

A survey for the American Burying Beetle is being conducted at the request of U.S. Fish and Wildlife. We have requested clarification of review comments from Hayley Dikeman, U.S. Fish and Wildlife since this has not been requested on previous projects. The project design is complete and we anticipate project advertisement for this project in 30 to 45 days.

AML EMERGENCY PROGRAM

402 E. Highway 270 (Pittsburg County)

Work is still in progress at this time. There has been some delay due to the Oklahoma Department of Transportation (ODOT) having to pull the drilling rig off the site for use elsewhere. ODOT pulled off on May 14 and expect to be back on-site sometime between May 27 and June 1.
