This letter is in response to your letter of Monday June 1.

I have visited with my supervisor, Amy Seiger, about the issue of attendance at Lincoln County CD board meetings. She has a copy of our calendar for all regular meetings, and has agreed not to schedule me for attendance at any soil health meetings that will interfere with the priority of LCCD board meetings.

It would be unfair to the eight others who also have to schedule their time, to ask them to adjust their schedule for me.

We mis-interpreted the allowance from previous years, and I will take appropriate action to ensure my attendance. I await the decision of the commissioners on this issue.

Yours,

A handwritten signature in black ink, appearing to read "Gregory F. Scott". The signature is stylized with a large, sweeping "G" and "S".

FISCAL YEAR 21 - PROPOSED DISTRICT POLICIES

1. All employee positions (District and Commission) that become vacant will be reviewed and will require justification before approval to fill the position. Future employee allocations will be dependent on the level of legislative appropriations.
2. The maximum number of hours for a non-benefitted temporary district employee will be 999 hours. If hours exceed 999 hours, the district will be responsible for the employer's share of retirement contributions.
3. District operating expense allocations will be based upon each district's submission of required reports and documents. The allocation is based solely on whether the deliverable was completed with all required elements and submitted on time – not on the specific content of the deliverable.
4. Failure to perform audits and/or submit preclaim payments (for retirement and insurance) within the established timeframe will result in OCC withholding payment of district claims until compliance is accomplished.
5. In order for a district to be eligible to continue receiving a personnel allocation from OCC; the districts must perform annual performance evaluations on all staff.

DECLARATION OF ABANDONED COAL MINE EMERGENCY

Under the provisions of the Oklahoma Public Competitive Bidding Act (Title 61 - Section 130), Trey Lam, as chief administrative officer for the Oklahoma Conservation Commission, has the authority to declare an emergency.

Whenever the chief administrative officer declares an emergency, he/she shall notify the Oklahoma Conservation Commission and the State Construction Administrator - Office of Management Enterprise Services (Division of Capitol Asset Management - DCAM), of such action within 10 days. Such notification shall contain a statement of the reasons for the action, and shall be recorded in the official minutes of the Oklahoma Conservation Commission.

I hereby declare the following emergency:

Emergency Number: OK 2020-06-02

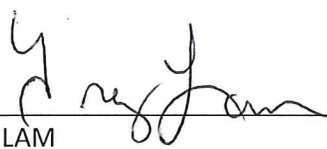

Emergency Name: Mooney 2

Reasons for Emergency Declaration:

This project addresses the sudden collapse of an abandon coal mine that created a dangerous vertical opening with hazardous vertical sides. The overburden soil collapsed straight down going deeper underground into a cavity or void of an abandon coal mine room.

The current dimensions are 4 feet diameter by 15 feet deep and open into a mine cavity or void. It is located in the yard of a residence, edge of the driveway, and path way of a four wheeler trail. There is a high probability of substantial harm to the family, neighborhood children, visitors, and four wheel riders.

The site is located east of Wilburton at 548 NE 1050th Ave., Wilburton, Oklahoma. The legal description is the NE NE SE of Section 7, Township 5 North, Range 20 East, in Latimer County (Panola USGS Quadrangle), Oklahoma. The geographic coordinates are: 34.91933, -95.22700.

COMMUNICATIONS OVERVIEW

Communications report

Spotlight for the month: The Dam Photo of the Day series reached 42 dams by mid-June. There have been 38 regular posts and 5 what I would call special posts, during this series. The special posts include the summary we did of the first 15 posts, the Dam Safety Awareness Day post, the support from Legislators and Congress and the two posts connected with the floods of five years ago. This has included the use of great information from the Dam Watch app.

Overall, so far, we've been able to reach more than 20,000 people (22,473) and the posts have

had over 500 Likes (526) and over 100 Shares (105).

Summary

Following is a summary of Communications outreach from March 16-May 29; June 1, June 9-12. On March 16 Communications Director Bryan Painter was assigned as the Oklahoma Conservation Commission Liaison to Oklahoma Emergency Management during the COVID-19 pandemic. The following information reflects COVID-19 information, as well as regular duties.
