A motion was made by Mr. Jett and seconded by Ms. LeGrand to approve the minutes of the October 5, 2015 Commission meeting as written. Those voting aye were: Jett, Rooker, Herriman, LeGrand and Clark. Nay votes: none. Motion carried.

CLAIMS/FINANCIAL STATEMENT

Steve Coffman, Financial Management and Human Resources Director, presented the claims and financial statement as listed in Exhibit #1. A motion was made by Ms. LeGrand and seconded by Mr. Clark to approve the claims and financial statement. Those voting aye were: Jett, Rooker, Herriman, LeGrand and Clark. Nay votes: none. Motion carried.

STAFF RECOGNITION

Shanon Phillips, Water Quality Program Director, presented Jean Lemmon, Water Quality Program Technical Writer, for recognition of her 15 years of service. Trey Lam, Executive Director, expressed his personal appreciation to Ms. Lemmon particularly for her work with the Crow Creek project.

PRESENTATION OF AGREEMENTS

Lisa Knauf Owen, Assistant Director, presented the agreement for approval as listed in Exhibit #2 and recommended approval. A motion was made by Mr. Herriman and seconded by Ms. LeGrand to approve the agreement as listed. Those voting aye were: Jett, Rooker, Herriman, LeGrand and Clark. Nay votes: none. Motion carried.

OUT OF STATE TRAVEL REQUESTS

Mr. Lam presented a travel request for approval as listed in Exhibit #3. He stated that Chairman Mike Rooker had approved the request prior to the meeting. A motion was made by Mr. Clark and seconded by Mr. Herriman to ratify approval of the request. Those voting aye were: Jett, Rooker, Herriman, LeGrand and Clark. Nay votes: none. Motion carried.

CONSERVATION COMMISSION MEETINGS FOR CALENDAR YEAR 2016

Mr. Lam presented the proposed calendar of scheduled meetings for 2016 as listed in Exhibit #4. He stated that the September meeting could be one of two dates. After discussion, a motion was made by Mr. Clark and seconded by Mr. Jett to approve the schedule as listed with the September meeting scheduled for Thursday, September 1. Those voting aye were: Jett, Rooker, Herriman, LeGrand and Clark. Nay votes: none. Motion carried.

CO-SPONSOR EVENTS

Mr. Lam recommended the Commission co-sponsor the following events:

- a. Southern Soil Health Conference, January 12-13, 2016, Ardmore, Oklahoma.
- b. Oklahoma Association of Conservation Districts Annual State Meeting, February 28-March 1, 2016, Reed Conference Center, Midwest City, Oklahoma.

After discussion, a motion was made by Ms. LeGrand and seconded by Mr. Herriman to co-sponsor the events as listed. Those voting aye were: Jett, Rooker, Herriman, LeGrand and Clark. Nay votes: none. Motion carried.

GOVERNOR'S EXECUTIVE ORDER 2015-46

Mr. Lam stated that the Governor issued Executive Order 2015-46 (Exhibit #5) directing state agencies to provide written documentation of a ten percent reduction in non-mission-critical agency expenses for the remainder of FY2016 and for FY2017. This will include an explanation of how the dollars saved from the reduction will be reallocated to other needs within the agency.

The Order also places a moratorium on non-essential out-of-state travel for all employees and officers of agencies paid for in whole or in part by the State. Essential travel is necessary to maintain professional accreditation, critical to the performance of core agency functions or required by the federal government or necessary to secure or maintain federal funding.

The Order also addresses memberships in private or public organizations, non-essential out of state travel for agency employees and officers paid for by an entity other than the state and non-emergency purchases that exceed \$10,000.

Mr. Herriman stated that attendance at the National Association of Conservation Districts annual meeting could be a meeting to put on hold or select one member to go. In-state meetings are important for members to attend.

BUDGETARY POLICIES

Mr. Lam stated that because of the Executive Order he is recommending the following budgetary policies be implemented immediately. He stated that the agency could see a reduction to this year's appropriation but will see a reduction in the FY2017 appropriation.

- a. A moratorium is placed on non-essential in-state travel which is not critical to the performance of core agency functions for all Commission members and staff as well as curtailing the number of members and/or staff attending the same meetings.
- b. All Requests for Acquisition will require the approval of the Executive Director and/or Assistant Director.

After discussion, a motion was made by Mr. Herriman and seconded by Mr. Jett to approve the budgetary policies, effective immediately, as listed. Those voting aye were: Jett, Rooker, Herriman, LeGrand and Clark. Nay votes: none. Motion carried.

APPEARANCE BY TOM LUCAS, RURAL DEVELOPMENT "A" TEAM

Mr. Tom Lucas, Rural Development "A" Team appeared before the Commission to request the Commission appoint four people to serve on the Oklahoma Conservation Museum Board as he presented during the September Commission meeting.

APPOINTMENTS TO THE OKLAHOMA CONSERVATION MUSEUM BOARD

After discussion, a motion was made by Mr. Herriman and seconded by Mr. Jett to appoint the following to serve on the board: Trey Lam, Ben Pollard, Larry Caldwell and Mike Rooker.

Those voting aye were: Jett, Rooker, Herriman, LeGrand and Clark. Nay votes: none. Motion carried.

APPEARANCE BY BOB MOORE, GREEN ENERGY

Bob Moore, Green Energy, appeared before the Commission requesting its support of the creation of the Cedar Tree Clean Water Authority (See Attachment A). He has been working with Representative Richard Morrisette over the years regarding the eradication of eastern red cedars and he believes this proposal will do just that. He stated that this would not involve any state appropriation. This proposal would also assist in alleviating earthquakes.

Mr. Herriman questioned what the Commission's role would be besides endorsement. Mr. Moore stated that it could provide conservation work after the trees have been harvested.

Mr. Rooker stated that no action would be taken and he thanked Mr. Moore for attending.

PUBLIC COMMENTS

None.

NEW BUSINESS

None.

CONSERVATION PARTNERSHIP REPORTS

Oklahoma Department of Agriculture, Food and Forestry: Blayne Arthur, Deputy Commissioner, reported that Senator Clark Jolley and Representative Earl Sears have advised that budget meetings could be scheduled before December 1. She stated that the Department's core mission is a regulatory agency so programs within the Department that are not regulatory will receive more cuts. Cuts will not be across the board. She stated non-regulatory programs are within the Market Development Division.

Ms. Arthur reported on attending the Academy for State Goals three day town hall meeting and the state budget was the focus of those meetings.

USDA-Natural Resources Conservation Service: Jamey Wood, Assistant State Conservationist, provided copies of the partnership report. He stated that Gary O'Neill, State Conservationist, was attending a meeting in Indianapolis. Mr. Wood is attending the OACD Area Meetings to roll out the new restructuring plan.

Mr. Wood stated that the NRCS received its budget allocation for FY16 and it is a financially healthy budget. They received \$10 million in technical assistance, \$11 million for Conservation Technical Assistance and \$5.5 million for Environmental Quality Incentive Program technical assistance. On the financial assistance side, he stated that they received \$54 million for the Conservation Stewardship Program.

Mr. Wood then highlighted the report: Page 2, CSP survey; Page 3, EQIP; Page 4, Client Gateway and Page 12, NRCS Employee Update.

Oklahoma Association of Conservation Districts: Steve House, President, thanked the Commission staff for their work with the area meetings. He stated that there is good discussion and good attendance. He stated that the Association is working to get newer directors involved as well as directors that have been serving for some time.

OKLAHOMA CONSERVATION COMMISSION MEMBERS

Mr. Jett reported on attending the American Farmers and Ranchers Northwest Oklahoma Advisory Committee meeting to discuss the Right to Farm Amendment. An additional meeting will be held in Oklahoma City in December. He stated that the Beaver County Conservation District, the OSU Extension and County Commissioners are working to identify ways to advise people where their tax dollars are going.

Mr. Herriman stated that the Area 3 meeting went well with good attendance and good discussion.

Ms. LeGrand reported that the Area 4 meeting was good and she expressed her appreciation to Commission staff for their work on these meetings. She stated that all but one conservation district was represented. She also assisted with outdoor classroom programs this month.

Mr. Clark hosted Senator Susan Paddock and Senator Roger Thompson on a tour to view damage to upstream flood control structures in his area. He stated that they were not very familiar with the watershed program.

Mr. Rooker traveled to Iowa and he enjoyed seeing how crops are grow on steep inclines.

OKLAHOMA CONSERVATION COMMISSION STAFF

Executive Director: Mr. Lam stated that a written report is in the packet. He reported on attending the Environmental Journalists Conference where participants came from all across the United States and the world. The group toured the OSU Research Station in Chickasha. He also participated in the Board of Agriculture's tour of northeast Oklahoma. Mr. Lam has attended two area meetings and is looking forward to the remaining three. These meetings are challenging directors to look at district staffing and funding needs.

Water Quality Program: Shanon Phillips, Director, stated a written report is in the packet. She reported on a meeting with NRCS, advisory groups and landowners regarding a Regional Conservation Partnership Program project and to tour the site. She commended the NRCS staff for their helpfulness. This program will be rolled out with the first signup in early December and will run through March/April. Participants will have a full five years to implement practices.

Ms. Phillips reported on the streambank stabilization project with the Oklahoma Department of Transportation stating it should be completed before the end of December with followup on plantings continuing in the coming months.

Ms. Phillips reminded members to get a copy of the 2016 Blue Thumb Program calendars at their area meeting.

Mr. Herriman commended Ms. Phillips and her staff on a great job they do.

Office of Geographic Information and Technical Services: Mike Sharp, Director, stated a written report is in the packet and he yielded for questions.

Abandoned Mine Land Reclamation Program: Robert Toole, Director, stated a written report is in the packet. He stated that the Program will begin construction on a project in Sequoyah County on Nov. 15th (the earliest allowable date for tree clearing per Northern Long-eared Bat Endangered Species Act regulations). He also has received Authorizations to Proceed for a project in Rogers County and has requested an Authorization to Proceed on projects in Muskogee County and Haskell County.

Conservation Programs: Tammy Sawatzky, Director, stated a written report is in the packet. She provided copies of the Conservation Cost-Share Locally-Led Program - Program Year 15 final report (See Attachment B). This report will be published to the Commission's website.

Assistant Director: Ms. Owen stated a written report is in the packet. She reported on attending the National Association of State Conservation Agencies annual meeting and had the opportunity to tour the King Ranch. Ms. Owen stated that three conservation district employees have submitted retirements effective in January and February and she is anticipating one or two more. Ms. Owen stated that with the district secretary vacancy at the East Canadian County office they are working with the Kingfisher County office to discuss shared staffing. Negotiations are on-going regarding shared staff with Stephens County and Jefferson County due to a retirement.

Ms. Owen reported that the Valliant Conservation District has accepted a bid to sell its property. There is an equipment auction scheduled for November 14 as well as an online auction. Staff continues to assist in the liquidation of this district.

Ms. Owen thanked Steve Coffman, Financial Management and Human Resources Director, for his work assisting Commission staff, district directors and district employees through the option period.

Ms. Owen advised that the OACD Executive Board will be meeting on December 7 and will be inviting members and staff to a luncheon following the Commission meeting.

NEXT MEETING

The next regular meeting of the Oklahoma Conservation Commission will be held on Monday, December 7, 2015, in the Agriculture Building Board Room, 2800 N. Lincoln Boulevard, Oklahoma City, Oklahoma beginning at 9:30 a.m.

ADJOURNMENT

There being no further business a motion was made by Ms. LeGrand and seconded by Mr. Clark to adjourn. Those voting aye were: Jett, Rooker, Herriman, LeGrand and Clark. Nay votes: none. Motion carried. The meeting adjourned at 11:01 a.m.

Approved by the Oklahoma Conservation Commission on December 7, 2015.

RE: harvest trees and clean up the water plus reduce earthquakes

I am a Christian Conservative Republican. Years ago, I worked with former State Senator Jerry Ellis (D) on water reform bills.

I have an Ag and financial background and I believe we have an opportunity to help and improve our State.

CTCWA mission is to harvest and/or remove trees such as the Eastern Redcedar and other trees that are nauseous to farmland and to clean up the water supply in creeks, rivers and farmlands.

I have been a long time member of the Oklahoma Renewable Energy Council helping bring wind power in Oklahoma from zero to a major wind energy producer. I am involved in several different types of Green Energy.

I have started and pushed bills into law such as:

- (a) In 2009, the agriculture bill Weed Free Hay Certification Act to help our farmers in Oklahoma - HB1583.
- (b) In 2014, SB1510 regarding Life-Line Phones which will save the taxpayers in Oklahoma over \$3.7 million dollars per year.

I am on the OSU - National Energy Solutions Institute-Smart Energy Source Association - Advisory Board - <http://nesi-ses.org/>

Oklahoma City Representative Richard Morrisette (D) tried every year to get a cedar tree bill passed and he has given me a green light to rewrite his cedar tree bill. (HB1075 passed the House and still sitting in the Senate).

I have been working for over three years on an Agriculture project on how to profitable remove eastern redcedar trees from farm lands.

Cedar Tree Clean Water Authority or CTCWA

First step is to write a Bill to create the Cedar Tree Clean Water Authority referred to as CTCWA to accomplish the following:

- a. not to create any additional expense to the State Budget via salary or employees. Any employee(s) expenses will be funded by private/public partnerships.
- b. remove cedar trees and other trees on public and private lands.
- c. generate electricity using cedar trees
- d. save water
- e. clean up water via waste water from oil wells
- f. clean up water creek/river water that has too much salt
- g. reduce the amount of waste water going to disposal wells
- h. create jobs

Problem-1 -- cedar tree drink up to 42 gallons of water per day and explode during a wildfires creating problems for firefighters. Cedar trees kills out grass, other trees, birds, hurts ranch and farm lands, hurts water wells, etc.

Problem-2 -- Rural Electric Cooperatives costs are \$100,000 up to One Million Dollars per mile to upgrade electric lines in rural area to provide electricity to oil wells. This project would help provide electricity in a quicker time frame and less money.

Problem-3 -- Corporation Commission have issues with waste water trucks on state highways.

Problem-4 -- Corporation Commission have issues with disposal wells.

Problem-5 -- Clean up waste water from oil wells to use for agri-business and re-use the water in other oil wells

I will be asking for the State Legislators to pass a Bill to create Cedar Tree Clean Water Authority.

Cedar Tree Clean Water Authority CTCWA shall not create any additional expense to the State Budget via salary or employees. Any employee(s) expenses will be funded by private/public partnerships.

Cedar Tree Clean Water Authority CTCWA shall report to the Governor and to the Board over the Oklahoma Conservation Commission and shall be considered part of and under the Oklahoma Conservation Commission.

Cedar Tree Clean Water Authority CTCWA shall have a Director appointed by the Government. When the Director receives federal or state funding then the position of Director shall have the option to be considered a state employee position subject to the Oklahoma Personnel Act.

Cedar Tree Clean Water Authority CTCWA mission is to harvest and/or remove trees such as the Eastern Redcedar and other trees that are nauseous to farmland and to clean up the water supply in creeks, rivers and farmlands.

Cedar Tree Clean Water Authority CTCWA shall be considered a State Agency entitled to all the rights and benefits as other State Agencies; to include the right to borrow monies from the State Treasurer or other State programs.

Cedar Tree Clean Water Authority CTCWA shall have the right to operate as a non-profit corporation and also as a for-profit corporation to apply for grants and loans from the Federal government, the State government, commercial banks or lenders, public or private corporations.

Cedar Tree Clean Water Authority CTCWA shall have the right to coordinate and operate as a public/private partnership with Rural Electric Cooperatives, Oklahoma State University and other companies to create a Biofuel program that will harvest trees and help create cleaner water.

Cedar Tree Clean Water Authority CTCWA shall have the right to work with landowners to remove trees in creeks and rivers and to help create dams in creeks and rivers to store and retain water and help create cleaner water. Dams to hold water not more than four foot deep at the dam.

Cedar Tree Clean Water Authority CTCWA shall have the right to work with the Oklahoma Corporation Commission to include oil & gas companies to reduce the amount of water deposited into disposal wells.

Cedar Tree Clean Water Authority CTCWA to work with the Oklahoma Corporation Commission to reduce the number of earthquakes that might be the results of oil and gas companies.

I have been successful in getting USDA funding on many different projects and I am hopeful that we can get grants and low-interest loans to operate the Cedar Tree Clean Water Authority.

I am asking for a letter of support from the Oklahoma Conservation Commission for the State Legislators to create Cedar Tree Clean Water Authority.

I will be request additional funding from the USDA for the Oklahoma Conservation Commission to replant grass in the fields where we harvest the trees.

We have a great opportunity to improve the farmlands in Oklahoma.

We have an opportunity to help reduce the amount of water going to disposal well and create cleaner water and help reduce earthquakes.

Please advise – thank you.

Respectfully,

Bob Moore

OKLAHOMA SECRETARY
OF STATE

Mary Fallin
Governor

EXECUTIVE DEPARTMENT EXECUTIVE ORDER 2015-46

I, Mary Fallin, Governor of the State of Oklahoma, pursuant to the power and authority vested in me by Sections 1 and 2 of Article VI of the Oklahoma Constitution and by Subsection D of Section 840-2.14 of Title 74 of the Oklahoma Statutes, hereby order, in conjunction with the directives contained in Executive Order 2015-06:

1. Effective December 1, 2015, the Chief Administrative Officer of every "state agency"¹ shall provide to his or her respective Cabinet Secretary (as established by Executive Order 2015-07)² written documentation of a ten percent (10%) reduction in non-mission-critical agency expenses for the remainder of FY 2016 and the entirety of FY 2017. Such documentation shall include an explanation of how the dollars saved from said reduction will be reallocated to other needs within the agency.
2. Effective immediately, a moratorium be placed on non-essential out-of-state travel for all employees and officers of agencies that is paid for, in whole or in part, by the State of Oklahoma. This moratorium shall apply to all travel expenses not already incurred as of the date of this Order. Essential travel is expressly limited to travel that is: necessary to maintain professional accreditation that is otherwise unavailable within Oklahoma; critical to the performance of core agency functions; or required by the federal government or necessary to secure or maintain federal funding.
3. Effective December 1, 2015, advance written notification must be given for any proposed: agency, State, and public employee or officer membership(s) in any private or public organization; non-essential out-of-state travel for agency employees and officers that is wholly paid for by an entity other than the State; and non-emergency purchase(s)³ that exceed \$10,000.00 (collectively, "proposed expense").

¹ For the purposes of this Order, "state agency" shall share the meaning of that term as defined by 61 O.S. § 327(A), which is, "any department, board, commission, institution, agency or entity of state government."

² If an agency is not specifically listed in Executive Order 2015-07, or if a Cabinet Secretary's position becomes vacant after issuance of this Order, all information required by this Order shall be submitted to the Director of the Office of Management and Enterprise Services.

³ Emergency purchases are only those purchases that: 1) are unanticipated, with less than fourteen (14) calendar days' advance notice of a need for acquisition; 2) are necessary for the agency to fulfill its primary responsibilities as established by statute; and 3) without such purchase, would incur a definite, articulable, and significant detriment to the public interest.

047796

- a. Notification shall contain: 1) a brief description of the proposed expense, including its cost, the reason for its necessity, and the costs (if any) that could attach to the State if the request is denied; and 2) any deadlines for receiving approval.
- b. Notification shall be submitted to the agency's Cabinet Secretary by: 1) the agency's governing board or commission, where applicable; or 2) the agency's Chief Administrative Officer, for those agencies without a governing board or commission.
- c. If the Cabinet Secretary denies a proposed expense or fails to provide the agency with an approval by the requested deadline, the agency may submit the notification as established in subsection (a), above, to me or my designee at the Office of the Governor for consideration.
- d. Written approval as provided in subsections (b) or (c), above, must be obtained prior to incurring any legal obligation to pay a proposed expense.

Copies of this Executive Order shall be distributed to all Cabinet Secretaries and to the Chief Administrative Officers of all State agencies for immediate implementation.

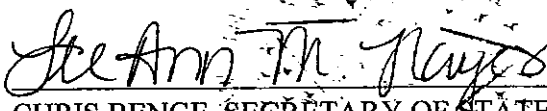

IN WITNESS WHEREOF, I have hereunto set my hand and caused the Great Seal of the State of Oklahoma to be affixed at Oklahoma City, Oklahoma, this 26th day of October, 2015.

BY THE GOVERNOR OF THE STATE OF OKLAHOMA

MARY FALLIN

ATTEST:

Tribal Outreach Coordinator

Coordinated Partnership with the Oklahoma Tribal Conservation Advisory Council (OTCAC) -

- On October 15, I facilitated the "Native Butterflies on Native Land, Seasonal High Tunnel, and Native Peoples & Community Garden Workshop" at the Sac & Fox Nation Learning Center near Stroud. The workshop was specifically requested by tribal elders. This workshop was co-sponsored by NRCS, the Oklahoma Tribal Conservation Advisory Council and INCA. The keynote speakers were Joe Buford, NRCS, who presented information on high tunnels, Ed Stinchcomb, NRCS, presented information on EQIP, and Jane Breckinridge, Director of Euchee Butterfly Farm, discussed the decline of pollinators and the need to establish native plants. I discussed a partnership of OPBA with Breckinridge and her efforts because prescribed fire enhances native flowering plants crucial for pollinators.
- OPBA has purchased a trailer and will equip it for the Creek Nation Conservation Commission. OPBA leadership has agreed to move this relationship forward. Discussed other partnership opportunities with Ed Mouss, Chairperson. Arrangements are being made for the CNCC to pick up the trailer. I worked with the Creek Co. LPBA who wants to form a partnership with the Creek Nation for prescribed fire.
- I continue working with OTCAC and Carol Crouch, NRCS Tribal Liaison, on implementing the agreement in support of outreach efforts in FY 2015. OTCAC also supports the OCC-NRCS partnership by handling sponsorship for booth displays at many large meetings across OK during the year. OTCAC and OCC appreciate NRCS's commitment to doing outreach to all people in OK.

Oklahoma Prescribed Burn Association (OPBA) -

- OPBA continues to work with diverse partners in support of the formation of local prescribed burn associations. There are 22 active local prescribed burn associations and the Creek Nation is forming one and being equipped.
- OPBA received an additional grant from the Playa Lakes Joint Venture (PLJV) for \$15,000.
- OPBA received notice from the IRS and is considered an "umbrella" organization with the local prescribed burn associations being "affiliates". The purpose for this is to extend the

- non-profit status to the local groups and to help provide local boards with additional support.
- OPBA, working with the Noble Foundation and The Bramlett Agency, Ardmore, worked out the final details to provide landowners with additional liability coverage, at a reasonable price, for prescribed fire. The brochure has been sent out to offices.
 - The OPBA/NRCS FY16 agreement has been completed. OPBA and OCC appreciate NRCS's assistance with prescribed fire in dealing with the number one natural resource issue in OK

- Continued reviewing information and developing a database for the FY14 Restorable Wetlands Database and Web Application Development grant
- Continued preparation for the 2016 National Wetlands Condition Assessment (Oklahoma portion)

Environmental Programs Manager

ODOT Hwy 10 – Illinois River Stream Restoration Project

- The condemnation proceedings are moving forward. Construction is set to begin after the first of November.
- A letter to ODOT has been sent requesting a no-cost extension until Feb. 29, 2016 to ensure the contract doesn't end prior to construction being completed.

ODOT Potential Projects

- Continuing to pursue the relationship with ODOT on their mitigation needs.

Oil & Gas Workshop

- Worked with the Oklahoma Energy Resources Board's (OERB) Sustaining Oklahoma's Energy Resources (SOER) division to develop a workshop geared to educating the O & G industry about water quality concerns and working around our 2,107 flood control structures.
- Workshop is scheduled for Oct. 22nd in OKC and includes presentations from Janet Stewart, Brooks Trammel, Jeri Fleming, the OWRB and Corp. Comm.
- The Oklahoma Bar Association's Environmental Law Section is co-hosting the event, which will allow for about 7 hours of continuing legal education and should help draw a larger crowd.

Society of Environmental Journalist Annual Conference Tour

- Oct. 8, 2015 – Participating in and enhancing a Drought and Climate Change tour to the Wichita Mountains.
- Had over 40 participants on the tour and it was the best tour of the day according to the organizers! Participants enjoyed using the BT Fish Guide to identify the sunfish and the Brooks Silverside we found as well as learning about bugs. Volunteer Carol Stayer provided information on BT and about the Wichita Mountains.

Reporters got a close look at many different macroinvertebrates!

Trey Lam shared his experience with no-till farming at the SEJ tour stop in Chickasha. He was even there before the sun!

Technical Writing & Records Management

Staff conducted the following activities:

- Worked on various reports and written outputs in fulfillment of workplan deliverables
- Fulfilled multiple information requests
- Entered sampling information

- Water Quality Standards meeting at OWRB, 10/1

Environmental Projects Coordinator

- Attended Recycling Conference, Tulsa
- Attended Compost Conference, Norman
- Helped arrange and lead a field trip in Norman of Water Quality projects for the Society of Environmental Journalists Conference

Staff received from EPA Region 6:

- Approval of Blue Thumb Groundwater Report

Society of Environmental Journalists Field Trip

Streambank restoration portion of Brookhaven Creek project

Demonstration street with low impact design

Blue Thumb Pictorial Report

October, 2015

"Friends of Pennington Creek" in Tishomingo rolled up their sleeves to have a "Creek Cleanup" on Saturday, September 27. This event is part of the extra educational efforts for Pennington Creek, one of Blue Thumb's targeted watersheds. The group also wanted the stream to be particularly beautiful for the annual Chickasaw Nation Festival which took place in Tishomingo October 2 & 3. The "Friends" group participated in that event too.

Jeri Fleming was the featured presenter at the Keep Oklahoma Beautiful "Community Improvement" workshops held in Stillwater and Norman (pictured) this fall. Jeri used the stream trailer to help the workshop participants visualize the benefits of a stream's riparian zone.

Right: New Blue Thumb volunteers Nikki and Danielle begin their first episode of stream monitoring on Flint Creek, Delaware County. Flint, a designated "Scenic" river, has long term data, but has been unmonitored for the last two years. Blue Thumb is excited to have a new team taking over this site.

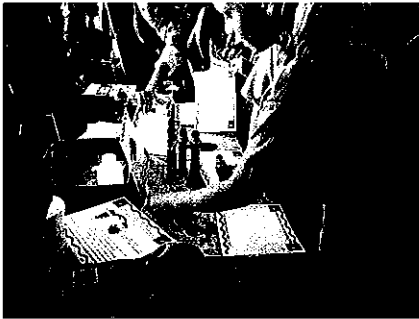

The Wildlife Expo, 2015, took place west of Guthrie on September 25, 26, and 27. Blue Thumb worked with the OCC Conservation Education Specialist Karla Beatty to staff a "water critters" portion of the overall display.

Left: Kim coaches the visitors on how to find a living creature among the leaves and twigs.

Near left: A small visitor listens closely to instructions.

Jenks West Intermediate (Tulsa County) Science Club prepares to make their way to their stream, Polecat Creek. The group also staffed an exhibit at the "Women in Science" STEM Conference held in October (photo below)

A tour held for the public on September 27 highlighted the watershed of Tulsa's Crow Creek. Here, young and old alike enjoyed the beautiful water on a perfect Sunday afternoon. The guests also got a peek of the volunteers performing their monthly monitoring.

VISION: Productive Lands Healthy Environment -- MISSION: Helping People Help the Land

Be Part of the Solution - Become an Earth Team Volunteer

The Earth Team is NRCS' volunteer workforce that is making a difference in every county in the nation. Earth Team volunteers work side-by-side with conservation professionals and are an integral part of the conservation partnership. There are many

ways in which you can give your time and knowledge to help care for our nation's soil, water and related natural resources. Oklahoma has offices in every county in the state that have opportunities for volunteers. Opportunities are available in many areas including conservation education, public information, clerical duties and inputting data into computers.

REQUIREMENTS: Earth Team volunteers must be at least 14 years of age. There is no maximum age limit. Volunteers work outdoors or indoors; part-time or full time.

BENEFITS: Earth Team volunteers get recognized for their work hours and have legal and insurance protection for any work-related injuries. There's no pay, but they get the satisfaction and enjoyment of enhancing our Nation's ecosystems.

Oklahoma Programs Round Up

2015 was a busy year for Financial Assistance Programs in Oklahoma. Field Offices throughout the State accepted, processed and evaluated over 9,500 applications for financial assistance in a variety of conservation programs. In the end over 2,000 contracts were developed with agricultural producers to improve conservation on over 1.7 million acres. In addition, the programs will provide over \$33 million of financial assistance to Oklahoma producers.

Conservation Stewardship Program

Field Offices throughout the State received, processed and ranked 2,393 applications for the Conservation Stewardship Program in Oklahoma.

1,252 contracts were developed to obligate over \$16.4 million dollars on over 1.4 million acres. Applications are received and processed under the following Account Type:

Beginning Farmer - Ag Lands	100 Contracts Obligated	\$683,006 Obligations	46,391 Acres Obligated
General - Ag Lands	965 Contracts Obligated	\$14,247,612 Obligations	1,278,951 Acres Obligated
Socially Disadvantaged - Ag Lands	163 Contracts Obligated	\$1,408,116 Obligations	103,615 Acres Obligated
Beginning Farmer - NIPF	2 Contracts Obligated	\$2,000 Obligations	489 Acres Obligated
General - NIPF	17 Contracts Obligated	\$76,784 Obligations	13,017 Acres Obligated
Socially Disadvantaged - NIPF	5 Contracts Obligated	\$8,789 Obligations	1,655 Acres Obligated

Environmental Quality Incentives Program

Field Offices accepted, processed and ranked over 7,000 applications for the Environmental Quality Incentives Program (EQIP) in Oklahoma for fiscal year 2015.

Contracts were developed with 948 agricultural producers throughout the State to implement conservation practices on nearly 300,000 acres. Total obligations for EQIP were just over \$17.5 million.

In addition, Oklahoma participated in the National Water Quality Initiative (NWQI) with 71 applications received and 20 contracts developed. \$725,149 is obligated to NWQI with 8,758 acres.

Oklahoma had a variety of Statewide Initiatives designed to meet the needs of Oklahoma Producers. Some of these Statewide Initiatives included:

Lesser Prairie Chicken	7 Contracts Obligated	\$670,612 Obligations	16,207 Acres Impacted
Oklahoma StrikeForce	52 Contracts Obligated	\$802,803 Obligations	13,623 Acres Impacted
Ark. Catfish Priority	18 Contracts Obligated	\$660,975 Obligations	2,067 Acres Impacted
Illinois River (Eucha/Spavinaw)	4 Contracts Obligated	\$365,580 Obligations	377 Acres Impacted

Hats off to you, Field Service Centers! Thanks for a great 2015!

Oklahoma Priorities:

- ♦ Deliver Farm Bill Programs
- ♦ Initiatives
- ♦ Soil Health
- ♦ Provide TA for Non Cost-Share Conservation Planning & Implementation
- ♦ Watershed Rehab Program
- ♦ Increase Cooperative Conservation

Conservation Client Gateway is an NRCS website that provides secure access to conservation plans, practice implementation schedules, financial applications and contracts, documents and payment information.

Instead of driving to your field office multiple times, Conservation Client Gateway enables you to request assistance, sign documents and interact with NRCS field staff online. NRCS staff will still be available in field offices to work with you face-to-face, this online tool just provides another option. Conservation Client Gateway is available 24/7, enabling you to choose the time that works best for you!

NATIONAL HISPANIC ★ HERITAGE MONTH ★

September 15 - October 15

Each year, Americans observe National Hispanic Heritage Month from September 15 to October 15, by celebrating the histories, cultures and contributions of American citizens whose ancestors came from Spain, Mexico, the Caribbean and Central and South America.

The observation started in 1968 as Hispanic Heritage Week under President Lyndon Johnson and was expanded by President Ronald Reagan in 1988 to cover a 30-day period starting on September 15 and ending on October 15. It was enacted into law on August 17, 1988, on the approval of Public Law 100-402. The day of September 15 is significant because it is the anniversary of independence for Latin American countries Costa Rica, El Salvador, Guatemala, Honduras and Nicaragua. In addition, Mexico and Chile celebrate their independence days on September 16 and September 18, respectively. Also, Columbus Day or Día de la Raza, which is October 12, falls within this 30 day period.

This year's theme is **'Hispanic Americans: Energizing Our Nation's Diversity'**. Dr. Fred Soto from the U.S. Department of Energy in Washington, DC submitted the winning theme, stating, "Hispanic Americans infuse a dynamic and powerful energy to America's diversity. Their contribution to art, music, religion, and family continues to shape American societal values, language, music, and American culture. The resiliency of Hispanic culture is interwoven in our Nation's fabric through countless contributions in many professions and fields. We hope that the essence of this theme is celebrated not only during Hispanic Heritage Month, but throughout the years to come."

The National Council of Hispanic Employment Program Managers (NCHEPM) is an inter-agency and membership-based organization consisting of an executive board, members, associates and partners from multiple Federal agencies and other organizations from across the United States, advocating for the improvement of Hispanic participation in the Federal Government.

For more information about the Council, please email nationalcouncilhepm@gmail.com

NRCS Oklahoma participates at the 2015 Oklahoma Wildlife Expo -

submitted by Gilbert Guerrero, Assistant State Conservationist, Outreach

The 2015 Wildlife Expo was a huge success again and over 50,000 visitors came to the annual expo event in Guthrie. From camping and outdoor skills to shooting sports and fishing, from kayaking to learning about soil erosion and conservation, Expo visitors had an opportunity to get their hands on two days of fun in the outdoors. Home schooled children and students from local schools were able to spend time at the Oklahoma Natural Resources Conservation Service (NRCS) booth while learning about conservation tillage. Those 3 days of hands on events allowed NRCS employees to promote and explain soil health and keeping our waters clean.

Grady County Producers Forum -

submitted by Kim Walker, District Conservationist, Chickasha Field Service Center

This year's Producers Forum featured a Soil Health Workshop. This Soil Health Workshop focused on grasslands. Attendees participated in a Rainfall Simulator Demonstration put on by Clay Salisbury, Soil Scientist, Clinton Technical Office. Caleb Stone, Natural Resources Conservation Service (NRCS) Agronomist, presented "Managing Pastureland & Rangeland to Promote Soil Health" power point presentation. Soil Fertility as a Foundation of Soil Health in Bermuda grass Pastures was presented by Professor Jason Warren, Soil & Water Conservation/Management Extension Specialist with Oklahoma State University (OSU). Alex Rocateli, Forage Systems Extension Specialist with OSU also showed a presentation on Forage Production and Soil Health in Grasslands. We also had a Solar Pump Demonstration by Willard Tillman with the Oklahoma Black Historical Research Project (OBHRP) in conjunction with the Oklahoma Tribal Conservation Advisory Council (OTCAC) who also provided lunch. Booth space was also provided for local, state & federal USDA agencies. The workshop was a huge success and provided valuable information to local producers.

Soil Health & Erosion Education Booth - *submitted by Kevin Spears, District Conservationist, Mangum Field Service Center*

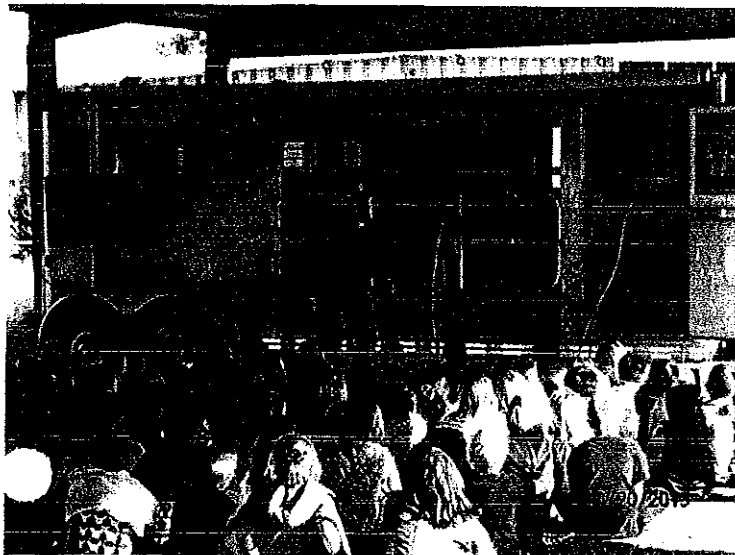

The NRCS staff, Mangum Field Service Center, partnered with the Greer County Conservation District in presenting an educational booth at the Greer County Fair held September 9-11. Adults and students were able to see a table-top representation of differing management practices on cropland and pasture as well as an erosion simulator that demonstrated how rivers and streams form and evolve.

2015 Kids Kows and More-

submitted by Michael Roberts, District Conservationist, Fairview Field Service Center

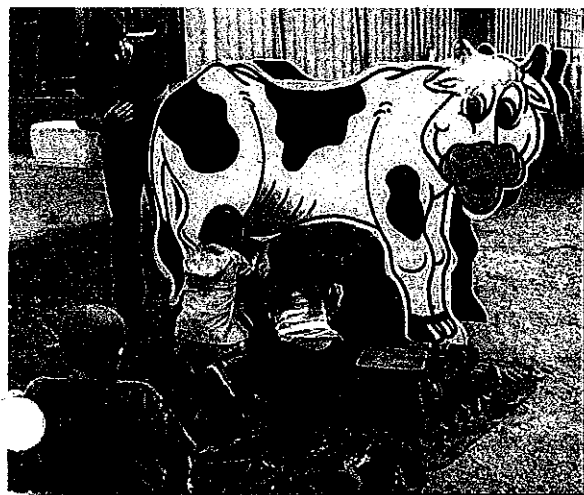

The Major County Conservation District and Fairview Natural Resources Conservation Service (NRCS) assisted OSU Extension with an educational event for area 2nd and 3rd grade elementary students. The 2015 Kids Kows and More Educational day was held in Major County on October 20, 2015. There were 274 participants of whom 240 were students in attendance from Ringwood, Aline-Cleo, Cimarron and Fairview Public Schools. Students learned about the importance of agriculture and how it effects all of us daily. The Major County 2015 edition of Kids Kows and More included sessions on Bees, Corn, Swine, Soil to Spoon and Dairy, with the mobile dairy always being a big hit for the kids! Michael Roberts and Cindy Bierig presented information on Soil Health using demonstrations as well as publications from the National Association of Conservation Districts Soil to Spoon and Dig It series. Each student and teacher was provided a Soil to Spoon activity book as well as a Soil to Spoon bookmark by the Major County Conservation District. This was an exciting day sharing our story of conservation and soil health to a great group of students eager to learn more about agriculture.

Natural Resource Education in Kay County-

submitted by Susan Henning, District Conservationist, Kay County Conservation District (KCCD)

Between April 15 and May 22, 1800 students either visited the outdoor classroom or programs were taken to the schools for varied natural resource learning experiences. Early elementary level standardized skills this year included learning about soil, so Wiggleworm the Earthworm puppet hit the road to visit schools with a puppet show followed by each student making a dirt baby to take home. Over 300 dirt babies were taken home to grow grass "hair." All Newkirk Elementary classes visited the outdoor classroom. They enjoyed picking and tasting their own strawberry, planting vegetables and butterfly plants in the classroom, and counting the fish in the pond. The school year came to a close with participation by 200 3rd Graders at the Natural Resource Day on May 14. Natural Resource Stations included: Soils with Jeremy Dennis, NRCS Soil Scientist; Fish Biology with Nathan Copeland and Ashley Nealis of the Oklahoma Dept. of Wildlife Conservation; Streambank Erosion featuring the OSU Stream Trailer with Wade Warren, Noble County Conservation District; Wildlife Skins and Skulls with Corbin DeWitt, OSU Extension; Dutch Oven Cooking with Curtis Grace and team from the Heartland of the Prairie Dutch Oven Cookers; Ag in the Classroom with, Cheri Long; Water Quality of Streams with Jeri Fleming, OK Blue Thumb; Powerline Safety with Mark McMacon, Kay Electric Cooperative, and Geology with Susan Henning, KCCD District Manager.

Lincoln County Land Judging-

submitted by Ed Stinchcomb, District Conservationist, Chandler Field Service Center

On April 8, 2015, the Lincoln County Conservation District sponsored and the Natural Resources Conservation Service (NRCS), Chandler Field Office, set up and conducted the District's annual land judging contest. Youth participants included 36 FFA students and 12 4-H members. The Oklahoma Assembly of God Youth Camp (located south of Chandler) graciously offered their facility and grounds for the contest as the contest promotes practical education to the youth of Lincoln County. On April 1, 2015, the Lincoln County Conservation District also sponsored a Land Judging School in conjunction with the contest which was presented by the OSU Extension Service and NRCS in Lincoln County.

Legislative Field Day-

submitted by Brenda Schultz, Garfield County Conservation District

Turkey Creek in Garfield County was the site of the Legislative Field Day. Garfield County Conservation District and the Enid Natural Resources Conservation Service helped sponsor the event. Oklahoma Conservation Commission shared information on soil health, and water quality measures being applied across the turkey creek site.

Watershed Training Tour-

submitted by State Office Engineering Department

On July 13, 2015, a group of 8 Oklahoma Natural Resources Conservation Service (NRCS) employees, consisting of newly hired staff and summer interns, experienced a rare watershed tour in Dewey County. The training was rare in that the employees got to see a watershed rehabilitation in 3 different phases; planning, construction, and completion, all within a 25 mile stretch along Hwy 47.

The first stop on the tour was at Barnitz Creek Site 11, which is currently under construction for the rehabilitation of the site. The trainees were able to view different types of construction equipment, earthfill placement techniques, foundation drain components, and get an understanding of the various actions that take place during the rehabilitation of an existing watershed project.

The next stop on the tour was Barnitz Creek Site 5, which is the planning/design phase of the rehabilitation process. The instructors discussed the processes of working with landowners to gain easements and the impacts that would occur on their land during construction activities. After seeing the construction on Site 11, the employees were better able to visualize the construction processes, such as principal spillway pipe installation. It was mentioned to the trainees that being able to visualize these processes is very helpful when visiting with a landowner about a potential rehabilitation project. The last stop of the tour was at Barnitz Creek Site 1. The rehabilitation on this site started in 2013 and construction ended August 2014. At this site the instructors covered topics such as vegetation, erosion control measures, and completed structural components of the project, like the concrete principal spillway tower.

Overall, the trainees enjoyed the tour and were able to experience the three phases of watershed rehabilitation all in a single days' time. The instructors on this tour consisted of Paul Clark, Dewey County District Conservationist, Brian Dillard, Project Engineer, Larry Frey, Civil Engineer Technician, Jon Lillie, Construction Inspector, David McKay, Resource Engineer, and Dan Smith, Resource Engineer.

USDA & Tribes of Oklahoma hold 4th Annual Tribal Consultation-

submitted by Carol Crouch, State Tribal Liaison

The U.S. Department of Agriculture (USDA) and the 39 Tribes of Oklahoma today conducted the 4th annual Tribal Consultation session between the groups. This government-to-government meeting of the sovereign nations within Oklahoma and the top state-level executives of USDA's agencies allowed the groups to exchange information, collaborate and identify ways USDA can better serve tribal governments and tribal members. The Oklahoma Tribal Conservation Advisory Council (OTCAC) partnered with the Natural Resources Conservation Service (NRCS) to sponsor the Tribal Consultation meeting with the Chickasaw Nation as the host. The meeting was held on August 25, in Sulphur, Oklahoma. During the consultation, leaders from nearly 30 of Oklahoma's 39 Tribes met with leaders from nine USDA Agencies, the Department of Interior, two state agencies, and several universities.

Chickasaw Nation Governor Bill Anoatubby welcomed the attendees. He also described some of the ways USDA has collaborated with the Chickasaw Nation to support the tribe's significant growth throughout the years. "The Chickasaw Nation's partnership with USDA goes back decades, and continues to grow today," said Anoatubby. U.S. Congressman Tom Cole, a Chickasaw, also participated in the Tribal Consultation. Gary O'Neill, NRCS State Conservationist, introduced Tribal leaders and high ranking officials from USDA. Robert Bible, President of the College of the Muscogee Nation, highlighted how the college partnered with USDA to expand their library, purchase kitchen equipment and fitness equipment, and develop a Muscogee Cultural Garden as one such success. Justin Reed, agriculture teacher at Mill Creek High School, shared his story of how he got his start by utilizing loans through the Farm Service Agency (FSA) to start a cattle operation. He said he uses his personal story to teach Mill Creek students the importance of financial literacy and to seek opportunities such as the ones he found through USDA. Lahoma Simmons, Director of the Muskogee Loan Fund, also shared a very personal story. She described how USDA's Self-Help Housing program completely changed her life's trajectory by pulling her out of low-income housing and helping her achieve homeownership. Jack Hicks, Choctaw Nation Agricultural Director, shared how the Choctaw Nation has utilized NRCS Environmental Quality Incentive Program (EQIP) and the Conservation Stewardship Program (CSP) to implement conservation practices to improve and preserve over 44,000 acres of Choctaw Nation agriculture and forest lands. Chief Glenna Wallace, Eastern Shawnee Tribe, shared how her Tribe has utilized the NRCS EQIP to receive funding for a seasonal high tunnel to assist the Tribe in starting a tribal community garden and grow cultural significant plants. According to Dr. Carol Crouch, "USDA agencies and Oklahoma's tribal governments have partnered to create some remarkable successes this past year and having them share their USDA success stories provided an opportunity for other Tribes to realize the resources that USDA agencies have available to Oklahoma Tribes and their tribal members."

Bartlesville Public Library Display-

submitted by James Dixon, Dewey County District Conservationist

During the month of May 2015, The Caney Valley Conservation District, Nowata County Conservation District and Dewey Natural Resources Conservation Service (NRCS) Field Office displayed a conservation exhibit at the Bartlesville Public Library. This year's exhibit focused on soil health. A time line of the history of conservation in Oklahoma was also part of the theme. The library staff reported that approximately 18,000 visitors came through the front doors where the exhibit could be viewed.

Dewey Co 21st Annual Natural Resource Day-

submitted by James Dixon, Dewey County District Conservationist

The Caney Valley Conservation District in cooperation with the Dewey NRCS Field Office conducted the 21st Annual Natural Resource Days on May 6th and 7th. This event was for all 4th grade students in Washington County and 550 were in attendance. Students learned about wildlife, recycling, soil conservation/health, forestry, and water conservation. Special thanks goes out to other agencies that provided educational, including: Army Corps of Engineers, Oklahoma Department of Agriculture – Wildlife Services and Forestry Department, Oklahoma Conservation Commission-Blue Thumb Program, Washington County OSU Extension Service, and the Oklahoma Department of Wildlife Conservation. Thirteen Earth team Volunteers were also utilized as group guides and for meal preparation to feed the presenters.

Noble County - Perry Field Service Center-
submitted by Melissa Thompson, Noble County Soil Conservationist

On June 19, 2015, the Natural Resources Conservation Service (NRCS) Perry Field Service Center worked with the Otoe-Missouria tribe to put on a Intertribal Youth Expo it took place at Red Rock, OK. A variety of presenters were available. The NRCS office presented Native grass and trees of Oklahoma. Rusty Peterson District Conservationist, Melissa Thompson Soil Conservationist, and Annette Sparks Student Intern had help from Chad Webb with OSU extension. There were 112 kids that we presented information to.

July 10, 2015 the (NRCS) Perry Field Service worked with the Otoe-Missouria tribe to present Skin and Skull to 45 kids. Melissa Thompson Soil Conservationist, Dennis Brorsen Soil Conservation Technician, and Annette Sparks, summer student intern.

September 1, 2015 the Perry Field Office had a Soil Health Workshop out in the field. We had a soil health demonstration, talked through soil health cards, also discussed the concerns for conservation work needed on the land. This meeting served as a Local Program Development and Local Led for Noble County Conservation District and Natural Resource Conservation Service. There were 11 people in attendance. This was a cooperative effort with NRCS, Noble County Conservation District, OSU Extension.

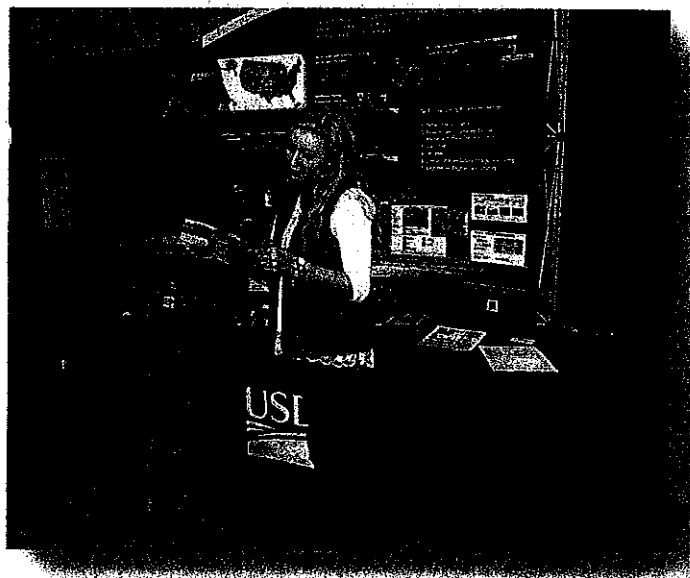

Payne County Cattle Producers Association -
submitted by Liana Jones, Payne County Soil Conservationist

The Payne County Cattle Producers Association banquet was held at the Payne County Expo Center on Oct. 22, 2015. The annual event is conducted to recognize the counties cattlemen, their herds and accomplishments. Michael Kelsey, Executive Vice-President for the Oklahoma Cattlemen's Association, delivered an update to the members. Scholarships and awards were also presented and a hall of fame members, James and Debbie Harrison, were inducted.

The United States Department of Agriculture (USDA)-Natural Resources Conservation Service (NRCS) Stillwater field office was able to participate as a vendor and had a booth to showcase climate hubs. The display, along with program and conservation material, attracted many participants. The booth focused on the Southern Plains Hub and the grazingland research being conducted in El Reno. According to the USDA, livestock in a changing climate can be affected in a variety of ways ranging from quality of pastures, reproduction, growth and even disease. There were many other vendors present which include Farm Credit of East Central Oklahoma, Payne County Bank, Stillwater Milling Company, and Livingston equipment, to name a few. There were approximately 182 members present for the banquet.

"We really enjoy these type events where we can promote conservation and interact with our county producers," Matthew Elliott, Payne County District Conservationist said.

Choctaw Nation Labor Day Festival-

submitted by Donna Neumeyer, Leflore County District Conservationist

The Choctaw Nation Labor Day Festival invites all visitors to enjoy tribal heritage activities, an intertribal powwow, Choctaw culture exhibitions, stickball games, arts and crafts, free concerts and informational booths. The 2015 annual festival was held on their traditional grounds, in Tuskahoma, Oklahoma hosting over 90,000 visitors. The Natural Resources Conservation Service (NRCS) partnered with the Choctaw Nation to have two USDA informational booths and NRCS conducted soil health demonstrations during the festival. USDA agencies partners with NRCS; NRCS, Farm Service Agency (FSA), Rural Development (RD), Risk Management Agency (RMA) and the National Agricultural Statistics Service (NASS).

Festival attendees received valuable information regarding: the importance of soil health; best management practices for pasture and rangeland, USDA Farm Bill 2014 updates and information on the USDA StrikeForce Initiative; which includes all the counties within the Choctaw Nation tribal boundaries. USDA employees that assisted with the USDA booths were: Dr. Carol Crouch, Dereck Kelso, Tom Neumeyer, Donna Neumeyer, Jimmy Ward, Linda Tims, Eric Shaw, Tom James, Ryan Rich, Linda Boatright, Jo Anna Morgan and LeahAnn Lankford.

2015 Feds Feed Families-

The 2015 Feds Feed Families campaign began July 15, 2015 and ran through October 2, 2015. Launched in 2009 as part of President Obama's *United we Serve* campaign, Feds Feed Families was designed to help food banks and pantries stay stocked during summer months when they traditionally see a decrease in donations and an increase in need.

This year Oklahoma USDA-Natural Resources Conservation Service (NRCS), Farm Service Agency (FSA) and Rural Development (RD) chose The Wings of Hope to receive our donations. Wings of Hope Family Crisis Services, located in Stillwater, provides services to individuals and families experiencing domestic violence, sexual assault, stalking and child abuse or neglect.

As part of the fundraiser, the USDA club, Stillwater State Office, hosted a Rainfall Simulator Cookout. Steve Alspach, State Soil Scientist, and Jeremy Dennis, Soil Scientist, generously donated their time and expertise and conducted a rainfall simulator demonstration for the State Office USDA employees while the USDA club hosted a hamburger cookout. Employees were asked to bring monetary donations or nonperishable foods for donation to the Feds Feed Families campaign.

The Wings of Hope received a total of 230lbs of food from the NRCS, FSA and RD at the conclusion of the Feds Feed Families campaign.
