## April 2022

### Blue Thumb Training at Langston

This month, we had a small training at Langston University for students and professors alike. It was small, but that only made for a great training; we had some awesome discussions that, quite frankly, we just didn't want to end. We had beautiful weather for it as well. Welcome aboard, new volunteers!

## Pick a Bug!

It's bug picking time! Our little critters have been chilling in ethanol for months, just waiting for the moment that monitoring volunteers can sort through them!

## Monitoring Storm

We've had several new monitoring volunteers adopt a creek this month! Exciting news as we continue to expand our reach across the state!

## Education, Education, Education

April is a busy month for staff and volunteers alike. Education and outreach jumps into high gear in April due to the education events we attend for Earth Day Month. We were out in force in April spreading the word to help others protect our most valuable resources.

Top Left: A new volunteer demonstrates water quality testing at the Glenpool Public Library.

Top Right: Cheryl Cheadle participated in a Virtual Citizen Science Expo, a collaboration with OSU, Spotty Rain, and other partners.

Bottom Right: Kids pass around a globe and learn about water on the earth at the Haskell County Conservation District Fishing Clinic in Stigler.
