Bodie Bachelor, Centennial Law Group

## **MINUTES OF PREVIOUS REGULAR MEETING**

A motion was made by Mr. Crawley and seconded by Mr. Victor to approve the minutes of the September 7, 2023; Commission meeting as written. Those voting aye were: Herald, Crawley, Forst, Priess and Victor. Nay votes: none. Motion carried.

## **CLAIMS/FINANCIAL STATEMENT**

Commissioners reviewed the claims register, p-card statement, revenue summary and allotment budget / available cash report as provided by Ms. Parsley in Exhibit #1. Ms. Parsley stated there was a total of \$2.5 million paid in total claims and payroll. After discussion, a motion was made by Mr. Priess and seconded by Mr. Victor to approve the financial reports as presented. Those voting aye were: Herald, Crawley, Forst, Priess and Victor. Nay votes: none. Motion carried.

## **PRESENTATION OF AGREEMENTS**

Ms. Owen presented two new agreements for ratification listed as items “a – b” on Exhibit #2. After discussion, a motion was made by Mr. Priess and seconded by Mr. Herald to ratify the new agreements as presented. Those voting aye were: Herald, Crawley, Forst, Priess and Victor. Nay votes: none. Motion carried.

Ms. Owen next presented a new agreement for consideration listed as item “c” on Exhibit #2. After discussion, a motion was made by Mr. Victor and seconded by Mr. Priess to approve the new agreement as presented. Those voting aye were: Herald, Crawley, Forst, Priess and Victor. Nay votes: none. Motion carried.

Ms. Owen next presented an amended agreement for consideration listed as item “d” on Exhibit #2. After discussion, a motion was made by Mr. Victor and seconded by Mr. Priess to approve the amended agreement as presented. Those voting aye were: Herald, Crawley, Forst, Priess and Victor. Nay votes: none. Motion carried.

## **CONSERVATION DISTRICT DIRECTOR APPOINTMENTS**

Ms. Green presented to Commissioners recommendations of appointment for Conservation District Directors as listed in Exhibit #4. After discussion, a motion was made by Mr. Crawley and seconded by Mr. Herald to approve the district director appointments as presented. Those voting aye were: Herald, Crawley, Forst, Priess and Victor. Nay votes: none. Motion carried.

## **CONSERVATION DISTRICT JOINT PLANS OF OPERATION**

Ms. Green noted that the final Conservation District Joint Plan of Operation from Kiamichi Conservation District had been reviewed and was recommending approval. After discussion, a motion was made by Mr. Priess and seconded by Mr. Herald to approve the Joint Plan of Operation for Kiamichi Conservation District. Those voting aye were: Herald, Crawley, Forst, Priess and Victor. Nay votes: none. Motion carried.

## **NOTICE OF RULE MAKING INTENT**

Ms. Janet Stewart, OCC General Counsel, discussed the administrative rules making process and timeline with Commissioners. She presented them with a draft of the revised rules that set forth provisions and requirements related to the programs and projects of the Land Management Division. After discussion, a motion was made by Mr. Herald and seconded by Mr. Priess to approve the filing of the Notice of Rule Making Intent with the Office of Administrative Rules for publication in the November 1, 2023, edition of the Oklahoma Register. Those voting aye were: Herald, Crawley, Forst, Priess and Victor. Nay votes: none. Motion carried.

## **COMMISSION FY25 BUDGET REQUEST**

Ms. Owen presented Commissioners with the Commission's FY25 request for new funding for a total of \$4,045,808. After discussion, a motion was made by Mr. Priess and seconded by Mr. Crawley to approve the FY25 budget request as presented. Those voting aye were: Herald, Crawley, Forst, Priess and Victor. Nay votes: none. Motion carried.

## **PUBLIC COMMENTS**

No public comments.

## **NEW BUSINESS**

No new business

## **CONSERVATION PARTNERSHIP REPORTS**

*Oklahoma Department of Agriculture, Food, and Forestry:* JanLee Rowlett, Assistant Commissioner, stated that the Oklahoma State Fair Made in Oklahoma store broke records this year and that they had a great turn out at the Tulsa State Fair as well. ODAFF have been busy with international guests and hosting groups from Barang, Uruguay, and the European Union. They will also be hosting groups from Thailand and Vietnam this month. She stated the regular board meeting will be in October as scheduled.

*USDA-Natural Resources Conservation Service:* The USDA were not in attendance for the meeting due to the federal holiday, Columbus Day.

*Oklahoma Association of Conservation Districts:* Sarah Blaney, Executive Director, stated the success on the film screening for "To Which We Belong," was sold out and had a great panel discussion. She reported that a wind energy company has committed \$20,000 to the cedar eradication project for equipment and training. She noted that the area meetings agendas have been finalized and sent out. Ms. Blaney and Ms. Jean Lam attended the National Watershed Meeting. New staff has been hired at OACD, Amanda Fitzpatrick as the Youth Contest Coordinator and Taylor Marshall as Grants Manager, both will begin on October 16.

## **STATUS REPORTS**

### **OKLAHOMA CONSERVATION COMMISSION MEMBERS**

Mr. Forst- stated all is good in his area.

Mr. Priess -stated his area was back in the drought, although the beans, corn and all other crops are needing general rain, but planning for a bad winter.

Mr. Crawley-stated the Southeast made it through the summer, fully stocked of hay, but ponds are low and hoping for more rain.

Mr. Herald- stated he is enjoying the fall weather and grateful for good moisture for wheat.

Mr. Victor- stated the soybeans need more rain, the grass and cattle are okay and in good shape.

### **OKLAHOMA CONSERVATION COMMISSION STAFF**

*Assistant Director:* Lisa Knauf Owen reported on attending the Interim Study on Woody Invasive Species and she and Dr. Sharp presented on how the Conservation Commission could assist with the issue. She noted that the Emergency Drought Commission met this past month and will be releasing the remaining \$17 million to Conservation Districts to fund the remaining previously unfunded applicants. Ms. Owen reported that the budget revision for those funds had been submitted. She also noted that the concern of a federal government shut down on September

30, 2023, did not occur. However, the continuing resolution was only for forty-five days and it is possible that a shutdown will occur at that time. Procedures for dealing with a potential shutdown have been sent out to districts. She noted that the attendance at the National Watershed Coalition was very good and that there was a good variety of presentations made by the states represented.

*Water Quality Program:* Shanon Phillips, OCC Water Quality Division Director, Ms. Phillips stated the report is in the packet. She handed out another part of the report from soil health that was not in the packet provided. She also mentioned that the soil health team was working on an assistance program that will be discussed at the Area Meeting in November.

*Office of Geographic Information and Technical Services:* Mike Sharp, Director, Dr. Sharp stated the 911 authority gave the go ahead to make it public, except for EMS and Fire department. There are 29 PSAP data processes in the system, all is moving accordingly and seeing progress.

*Land Management:* Trampas Tripp, Director. Mr. Tripp provided some photos to the Commission of a recent log jam project in Atoka County. He is very pleased with the results and timing of completion prior to any rain moving in. He mentioned awarding 3 unpaved roads grants to McIntosh, Custer, and Major County. He announced a new employee to the Land Management Division, Andrea Mosely for Administrative Programs Officer, who started on October 2, 2023. He mentioned the first training for Fighting Fire with Fire to be held on October 18, 2023 and has partnered with OACD to provide equipment for incentives.

*District Services:* Clancy Green, District Service Director, Ms. Green mentioned the long-range process will be discussed in the Area Meeting in November. She stated Rhonda Bowman and Tammy Curry was able to attend the Salt Lake City NASCA Meeting. She has received 51 applications for the APO position for District Services. She provided guidance to Conservation Districts for preparations for a possible federal shutdown. She noted David Uranga will be presenting training to Districts via Teams about the Benefits Option Period for 2024.

*Conservation Programs:* Tammy Sawatzky, Director. Ms. Sawatzky stated the team has been cleaning dams around the state. She expressed her gratitude to Wendie Sharp, Geographic Information System Specialist III for her presentation at the Salt Lake City NWC Meeting about the digitized map project. She noted that her presentation elicited several job offers with other state agencies. She wanted to express her gratitude to Taylor Marshall, Cost Share Coordinator, who will be moving on to work for work with OACD. She stated Ms. Marshall did a great job with the cost share program, in which she has served 3 years with OCC.

## **NEXT MEETING**

After discussion, the Commissioners next regular meeting of the Oklahoma Conservation Commission that was set for Monday, November 6, 2023, at the Oklahoma Department of Agriculture Building, 2800 N. Lincoln Blvd., Oklahoma City, Oklahoma at 9:30 a.m.

## **ADJOURNMENT**

There being no further business, Mr. Forst declared the meeting adjourned at 10:37 a.m.

---

Approved by the Oklahoma Conservation Commission on November 6, 2023.

  
Chair

- Subchapter 11. Invasive Woody Species Programs [NEW]
- 155:12-11-1. Purpose [NEW]
- 155:12-11-2. Terry Peach North Canadian Watershed Restoration Act [NEW]
- 155:12-11-3. Program expansion [NEW]
- 155:12-11-4. Cooperation [NEW]

**SUMMARY:**

These new rules cover new and growing programs within the Land Management division of the Oklahoma Conservation Commission. The programs being developed and implemented are meant to meet the needs of producers, counties, and landowners, as well as provide positive benefits to all Oklahomans. The rules cover a number of areas: damaged lands eligible for restoration including deserted hard rock mines; the purpose, goals, criteria, eligibility, and application process of counties for funding on unpaved roads; outlining the evaluation of natural logjams in Oklahoma waterways for possible removal; meeting the nutrient management and conservation planning needs of producers; and rules for implementing the Terry Peach North Canadian Watershed Restoration Act.

**AUTHORITY:**

Oklahoma Conservation Commission and the Conservation District Act; 27A O.S. §§3-1-101 et seq.; and more specifically 27A O.S. §3-8-103.

**COMMENT PERIOD:**

Persons may submit written comments through the conclusion of the public hearing on December 19, 2023.

**PUBLIC HEARING:**

A public hearing will be held to provide an opportunity for persons to present their views. Each person will be allowed a maximum of 5 minutes to speak and must sign in at the door. The public hearing has been scheduled for 11:00 a.m. on December 19, 2023, in the Oklahoma Department of Agriculture, Food, and Forestry Building, Room 201 located on the second floor at 2800 N. Lincoln Boulevard, Oklahoma City, Oklahoma 73105.

**REQUESTS FOR COMMENTS FROM BUSINESS ENTITIES:**

Business entities affected by these proposed rules are requested to provide the agency with information, in dollar amounts if possible, about the increase in the level of direct costs, indirect costs, or other costs expected to be incurred by the business entity due to compliance with the proposed rule. Business entities may submit this information in writing to the contact person before the close of the comment period on December 19, 2023.

**COPIES OF PROPOSED RULES:**

Copies of the proposed rule may be obtained by visiting <https://conservation.ok.gov/about/#rules> or by requesting copies from the contact person.

**RULE IMPACT STATEMENT:**

Pursuant to 75 O.S., §303(D), a rule impact statement has been prepared and is available at the same location listed above for obtaining copies of the proposed rules.

**CONTACT PERSON:**

Janet Stewart, 2800 North Lincoln Boulevard, Suite 200, Oklahoma City, Oklahoma 73105-4210, (405) 742-1240, [janet.stewart@conservation.ok.gov](mailto:janet.stewart@conservation.ok.gov)

**TITLE 155. OKLAHOMA CONSERVATION COMMISSION**  
**CHAPTER 12. LAND MANAGEMENT**  
**SUBCHAPTER 1. GENERAL PROVISIONS**

**155:12-1-1. Purpose**

This Chapter sets forth provisions and requirements related to the different programs and projects of the Land Management Division pursuant to authority in Title 27A, Sections 3-1-101 et. seq. of the Oklahoma Statutes.

**155:12-1-2. Definitions**

The following words and terms, when used in this Chapter, shall have the following meaning, unless the context clearly indicates otherwise:

"AEMS" means Agricultural Environmental Management Services division within the Oklahoma Department of Agriculture, Food, and Forestry dedicated to working with producers and concerned citizens in protecting the state's soils, air, and waters from animal waste.

"Alternate restoration" means the return of lands disturbed by human-related activities to a post-land use other than that which existed before the activity. Alternate restoration must be stable and have utility.

"BMPs" means Best Management Practices. These practices are capable of protecting the environment while considering economic factors, availability, technical feasibility, ability to implement, and effectiveness.

"Commission" means the Oklahoma Conservation Commission as created by the Conservation District Act of 1971.

"District" means a conservation district which is a governmental subdivision of this State and a public body corporate and politic organized in accordance with the provisions of the Conservation District Act of 1971.

"Director" means the Director of the Land Management Division of the Oklahoma Conservation Commission.

"DSA" means driving surface aggregate which is a well-graded, unbound mixture of loosely compacted fragments or particles designed for use as a wearing course on unpaved roads and to achieve maximum density to resist erosion and traffic wear.

"Eligible Land and Water" means those lands and waters that are eligible, under the criteria outlined in Section 155:12-3-2, for land restoration.

"Emergency" means a sudden danger or impairment that presents a high probability of substantial physical harm to the health, safety, or general welfare of people before the danger can be abated under normal program operation procedures.

"ESP" means environmentally safe practices which are practices that are put in place to ensure that the surrounding environment is free from hazards that will impact the safety and well-being of the public, as well as prevent accidental environmental damage or erosion.

"ESM" means environmentally sensitive maintenance practices that reduce the impact of road runoff and sediment into local streams, while reducing long-term road maintenance costs.

"Extreme Danger" means a condition that could reasonably be expected to cause substantial physical harm to persons, property, or the environment and to which persons or improvements on real property are currently exposed.

"FEMA" means Federal Emergency Management Agency an agency within the Department of Homeland Security charged with responding to Presidentially declared disasters.

"French mattress" means a structure under a road consisting of clean coarse rock wrapped in geotextile through which water can freely pass. French Mattresses are used in saturated soils, such as in wetlands, to support the roadbed while allowing unrestricted water movement.

"Hard rock mining" means uncovering and extracting non-fuel metal and mineral deposits of solid ores or eroded deposits in igneous or metamorphic terrains or streambeds. Some common hard rock minerals mined are copper, gold, iron ore, lead, molybdenum, phosphate rock, platinum, potash, silver, uranium, zinc, sand, and gravel.

"Land Management" means an activity to preserve or repair the function of previously disturbed land or water channels.

"Logjam" means an accumulation of lodged trees, root wads, or other debris that impedes the ordinary flow of water through a waterway and that is: (1) Causing or threatening to cause flooding on a road or private property. (2) Impeding navigation by a boat. (3) Reducing the capacity of a waterway to transport water. The term does not include the development of sandbars, sedimentation, or accumulations of stone or gravel.

"Mineral" means any metalliferous material extracted from the earth, including gold, silver, copper, molybdenum, zinc, lead, and other materials that are used as feedstocks in producing metalliferous materials.

"NMP" means Nutrient Management Plan which is a plan that is developed to manage the amount or rate, source, placement, method of application, and timing of plant nutrients and soil amendments. The purpose is to budget, supply, and conserve nutrients for plant production.

"ODAFF" means the Oklahoma Department of Agriculture, Food, and Forestry which is an agency of the state of Oklahoma charged with protecting and promoting agriculture, agricultural goods, and natural resources.

"Permanent facilities" means any structure that is built, installed, or established to serve a particular purpose or any manipulation or modification of the site that is designed to remain after the land restoration is completed, such as a relocated stream channel or diversion ditch.

"Program" or "Land Management Program" means the program established by the State for the restoration, repair, reclamation, improvement, modification, or alteration of land and/or water adversely affected by human activity or natural processes (i.e., mining, logjams, erosion)

"Restoration" means measures that are taken on surface disturbances to achieve stability and safety consistent with post-land use objectives.

"Soil" means topsoil, suitable substrate, or other plant growth media that will sustain vegetation.

"Stability" means the condition of land concerning its erosion potential and ability to withstand seismic activity.

"Surface disturbance" means clearing, covering, or moving land using mechanized earth-moving equipment for exploration, development, and production purposes but does not include surveying, assessment and location work, seismic work, maintenance, and other activities that create a de minimis disturbance.

"Unpaved road" means surfaces of natural material or crushed aggregate that have not been incorporated into a bound layer using asphalt, oil, or other such binder.

### **SUBCHAPTER 3. LAND RESTORATION**

#### **155:12-3-1. Land restoration**

Land restoration is the ecological process of restoring a natural and safe landscape for humans, wildlife, and plant communities. This process protects our ecosystems, creates

economic development, helps prevent natural disasters such as floods, and increases soil health, productivity, and food supplies.

### **155:12-3-2. Eligibility**

(a) Lands are eligible for restoration that have a continuing condition that substantially degrades the quality of the environment, prevents or damages the beneficial use of the land, natural resources, or water resources, or endangers the health or safety of the public.

(b) In addition to paragraph (a), mined lands including hard rock mining, and associated waters are eligible for land restoration if:

- (1) Mined or affected by mining processes; and
- (2) Abandoned either unreclaimed or inadequately reclaimed; and
- (3) No continuing responsibility for reclamation exists by the operator, permittee, or agent of the permittee under the statutes of the State.

### **155:12-3-3 Mine restoration objectives and priorities**

Land Management projects related to mining shall meet one or more of the objectives stated in this Section. Preference among those projects competing for available resources shall be given to projects meeting higher priority objectives. The following objectives are stated in the order of priority with the highest priority first:

(1) **Priority 1.** The protection of public health, safety, and property from the extreme danger of adverse effects of mining practices, including the restoration of land and water resources and the environment that:

- (A) Have been degraded by the adverse effects of mining practices; and
- (B) Are adjacent to a site that has been or will be addressed to protect the public health, safety, and property from the extreme danger of adverse effects of mining practices.

(2) **Priority 2.** The protection of public health and safety from adverse effects of mining practices, including the restoration of land and water resources and the environment that:

- (A) Have been degraded by the adverse effects of mining practices; and
- (B) Are adjacent to a site that has been or will be addressed to protect the public health and safety from adverse effects of mining practices.

(3) **Priority 3.** The restoration of land and water resources and the environment previously degraded by adverse effects of mining practices, including measures for the conservation and development of soil, water (excluding channelization), woodland, fish and wildlife, recreation resources, and agricultural productivity. Priority 3 land and water resources that are geographically contiguous with existing or remediated Priority 1 or 2 problems will be considered adjacent under paragraphs (a)(1)(A) or (a)(2)(B) of this Section.

### **155:12-3-4. Land management project evaluation criteria**

Proposed land restoration projects and completed restoration work shall be evaluated in terms of the factors stated in this Section. This evaluation will be undertaken by the Director. The factors shall determine whether or not proposed land restoration will be undertaken and to assign priorities to proposals intended to meet the objectives in terms of factors set forth below as a means of identifying conditions that should be avoided, corrected, or improved in plans for future land restoration. The factors for consideration include:

- (1) The need for restoration work to accomplish one or more specific land management objectives.
- (2) The availability of technology to accomplish the land restoration with reasonable assurance of success. In the case of research and demonstration projects, the research

capability and plans shall provide reasonable assurance of beneficial results without residual adverse impacts.

(3) The specific benefits to be considered when evaluating restoration projects shall include but are not limited to eligibility in 155:12-3-2, and the mine restoration objectives and priorities in 155:12-3-3.

(4) The acceptability of any additional adverse impacts to people or the environment that will occur during or after restoration and of uncorrected conditions, if any, that will continue to exist after the land restoration is completed.

(5) Consideration shall be given to both the economy and efficiency of the improvements and to the results obtained or expected as a result of the restoration.

(6) Landowner(s) acceptability to the restoration of the land.

(7) The availability of additional mineral or material resources within the project area that:

(A) Indicates a reasonable probability that the desired land improvements will be accomplished during the process of future mining.

(B) Requires special consideration to ensure that the resource is not lost as a result of the restoration and that the benefits of the restoration are not negated by subsequent, essential resource recovery operations.

(8) The acceptability of post-restored or improved land uses in terms of compatibility with land uses in the surrounding area, consistency with applicable State, regional, and local land use plans and laws, and the needs and desires of the community in which the project is located.

(9) The probability of post-land management, maintenance, and control of the area consistent with the improvements once completed.

#### **155:12-3-5. Rights of entry**

(a) This Section establishes procedures for entry by the Commission for land restoration purposes.

(b) Written consent from the owner of record and lessee, or their authorized agents, is the preferred means for obtaining agreements to enter lands in order to carry out land restoration activities.

(c) The Commission, its agents, employees, or contractors may enter upon land to perform land restoration, make improvements, or conduct studies or exploratory work to determine the existence of the adverse effects of past mining or land damage, if consent from the owner is obtained.

#### **155:12-3-6. Revegetation standards**

The Commission will restore lands that can include a variety of possible uses like production agriculture, wildlife habitat, grasslands, and native wooded areas.

(1) Where surface disturbances result in compaction of the soil, ripping, disking, or other means shall be used in areas to be revegetated to reduce compaction and to establish a suitable root zone in preparation for planting.

(2) Revegetation shall be conducted to establish plant species that will support the approved land use. The establishment of vegetation species, density, or diversity that is different than pre-existing conditions or on adjacent lands shall constitute successful reclamation if any of the following apply:

(A) The post-land use is different from the pre-land use or the use of adjacent lands;

(B) The site-specific nature of the surface disturbance, including soil conditions and topography, is such that the establishment of pre-existing or adjacent conditions is not technically or economically practicable; or

(C) The establishment of different species is preferable for the control of erosion.

(3) Planting shall be conducted during the most favorable period of the year for plant establishment.

(4) Soil stabilizing practices or irrigation measures, or both, may be used to establish vegetation.

(5) This Section only applies if vegetation or revegetation measures are included in the approved restoration plan.

### **155:12-3-7. Off-site soil**

Soil may be brought in from off-site locations, and may include any growth media that will support vegetation, will provide a stable growing surface, and will not create a hazard to public safety.

## **SUBCHAPTER 5. UNPAVED ROADS PROGRAM**

### **155:12-5-1. Purpose of unpaved roads program**

(a) The purpose of the Unpaved Roads Program is to create a better unpaved road system with a reduced negative environmental impact on priority water resources in Oklahoma. The Program focuses on best management practices (BMPs) that reduce the impact of sediment and road runoff into streams, rivers, and drinking water supplies while reducing long-term unpaved road maintenance costs.

(b) The Program is designed to fund work on public roads with unbound road surfaces also known as unpaved roads. For the Program, driving surface aggregate (DSA) is NOT considered “paved” even though the material looks similar to pavement/concrete and is laid with paving equipment, however, it has no binding agent.

(c) Public entities that own and maintain public roads in Oklahoma that are open to public vehicle travel at least eight (8) consecutive weeks a year are eligible to apply for grants for Program funding.

(d) Counties are the primary applicants for Program funding. Other unincorporated areas with public, unpaved roads can also apply for funding as long as the entity has the capacity to implement and manage a Program grant.

### **155:12-5-2. Program goals**

The Commission’s program goals are to:

(1) Fund safe, efficient, and environmentally sound projects for the maintenance of unpaved roads that have been identified as possible contributors of sediment in Oklahoma streams.

(2) Provide training on techniques of unpaved road maintenance that minimize negative impacts to water and on air quality.

### **155:12-5-3. Application ranking criteria**

Applications will be reviewed and ranked with preference given to projects in priority watersheds. The application criteria in order of priority given are:

(1) A water body listed as impaired on Oklahoma’s 303(d) list;

(2) A water body containing an aquatic species listed as threatened, endangered or a candidate species by the Federal Government;

- (3) A water body used as a drinking source for people;
- (4) A water body used as an interstate waterway;
- (5) A water body important to agricultural or pasture land use; and
- (6) A water body important to forestry land use.

#### **155:12-5-4. Project eligibility**

- (a) To be eligible for funding under this program, the applicant's project must focus on:
  - (1) Both unpaved road improvements and sediment reduction that is negatively impacting, or could negatively impact a named, priority water body covered by the program; and/or
  - (2) Worksites (identified pollution sites) and environmentally safe practices (ESP) to reduce pollution while providing a more stable unpaved road.
- (b) The applicant must have at least one person certified in ESM practices on staff.
- (c) Only projects that provide some form of environmental benefit, typically by reducing sediment and concentrated drainage to waterways, will be considered for funding.

#### **155:12-5-5. Ineligible projects**

- (a) Projects not eligible for funding consideration under the Unpaved Roads Program include, but are not limited to:
  - (1) Roadways that have bound surfaces including oil, asphalt, concrete, or any mixture of sealed aggregate.
  - (2) Roadways that are not negatively impacting a priority body of water.
  - (3) Public roads that are open to the public for less than eight (8) consecutive weeks.
  - (4) Any and all private roads.
- (b) Applicants are not eligible for an Unpaved Roads Grant if the applicant or county has an Unpaved Roads Grant currently open. Once the grant closes, applicants are eligible to re-apply.

#### **155:12-5-6. Environmentally sensitive maintenance**

- (a) An Environmentally Sensitive Maintenance (ESM) certified person must be in charge of work plan development and project implementation for the applying entity. ESM training for the program is a one-day course that covers the road maintenance practices employed by the program.
- (b) ESM training is made available at no cost to potential grant applicants such as county Commissioners, county roads personnel, and other interested parties. It is highly recommended that all persons representing the county who have a significant role in the program attend ESM training, including county administrative staff. ESM training must be taken once every three (3) years to maintain certification and an approved Local Technical Assistance Program (LTAP) course on years when no ESM course is taken.
- (c) Some examples of ESM principles are as follows:
  - (1) **Road/Stream Interactions.** ESM practices for stream crossings focus on reducing the sediment delivery to a river or lake, riverbank stability issues, and the river crossing itself. Practices such as high water bypasses, French mattresses, proper stream crossing sizing, better bridge and pipe design, and in-stream flow control structures can be effectively used to stabilize the unpaved road or stream interface.
  - (2) **Unpaved Road Surface.** ESM practices for the unpaved road surface include drainage control and improved aggregate. Drainage control starts with proper crown and cross-slope but also includes practices such as grade breaks, berm removal, and broad-based dips. Improved surface aggregate focuses on the driving surface aggregate and includes maintenance concerns such as grading and pothole repair.

**(3) Unpaved Road Base.** Practices that improve the base of a road include mechanical base improvements, underdrains, French mattresses, road elevation increase, and in some cases full-depth reclamation.

**(4) Vegetation Management.** Practices that manage vegetation in a sustainable manner will reduce erosion from the unpaved road area and save on future maintenance costs associated with tree trimming and cleanup. Practices include selective thinning, proper pruning, seeding and mulching, and managing vegetation for long-term stability.

**(5) Unpaved Road Bank Management.** Practices that stabilize the upslope or downslope road bank include slope reinforcement, filling the road profile, naturalizing bank shape, and natural or mechanical slope reinforcement.

**(6) Unpaved Road Ditch and Outlet Stabilization.** ESM practices for ditches include anything that reduces the flow in the ditch. The simplest of these practices is to provide more drainage outlets in the form of new turnouts and cross pipes. Selecting locations to outlet water and choosing the proper outlet stabilization methods is also important. Other practices such as rock check dams, berm removal, and filling the road profile in an attempt to eliminate ditches completely and promote sheet flow. Practices to reduce the effect of subsurface flow such as underdrains are also important.

**(7) Bridges.** Applying ESM practices to the construction and maintenance of bridges located on unpaved roads.

#### **155:12-5-7. Eligible project expenses**

(a) Applicants may apply for the full or partial costs of materials, equipment, and labor required for the implementation of the grant project. Salaries and other associated personnel expenses are not eligible. Eligible grant fund caps, labor expense information, and other specific program requirements will be provided in the program year guidelines issued by the Commission.

(b) Material expenses on a project include but are not limited to items such as pipe, stone, fill, fabric, aggregate, etc. Products with the potential ability to leach off the road (such as dust suppressants) must meet Oklahoma state standard requirements for non-pollution.

(c) Program projects are often completed with applicant-owned equipment. In most cases, this will be county-owned equipment. Reimbursement of applicant-owned equipment costs may be an eligible expense under the Program as:

(1) Accepted Federal Emergency Management Agency (FEMA) rates if submitted with the grant application;

(2) Legitimate quote or invoice acceptable by the Commission; or

(3) Approved labor expenses as set out in the program year guidelines.

(d) Projects may require equipment that the applicant does not own. It may be an eligible expense for an applicant to rent or lease equipment necessary to complete a project with program funds. Equipment rented or leased with program funds can only be used on the project for which it was rented or donated. Grant funds from the program cannot be used to purchase or maintain equipment.

(e) Some projects may be completed entirely by a subcontractor where no unpaved road work is performed by the applicant. Applicants should follow standard procedures regarding project bidding and working with sub-contractors. The Commission will make payments to the grant recipient, not directly to the grant recipient's sub-contractors.

(f) Most projects will require permits, engineering, or consultant work to design and complete.

(g) Each program year the Commission shall establish and issue program guidelines that specify what practices and expenses shall be approved and covered by the program's funds.

### **155:12-5-8. Funding availability**

Applicants with an eligible project may apply for the program year cap amount in state-matching funds toward a single project. As the grant pool monies are limited, the Commission may award less than the amount requested.

### **155:12-5-9. Matching requirement**

- (a) All proposed and funded projects are required to have at least a 1:1 match contribution.
- (b) In-kind goods and services committed by the county will include without limitation labor, equipment use, materials, and services.
- (c) Donations from private entities and other program stakeholders can be applied to meet or exceed the programmatic matching requirements. Other sources of funds that will benefit a county's grant applications are encouraged.
- (d) All matching funds must be pledged at the time of application submission and be immediately available if an award is received.
- (e) Donated labor cannot count as match if it is executed before the grant is awarded.
- (f) Debt financing of any nature and proceeds from any other state grant programs cannot be used for matching purposes.
- (g) Proof must be shown that the entire project can be funded.

### **155:12-5-10. Pre-application**

(a) Applicants are encouraged to conduct pre-application site visit meetings with Commission staff to discuss the potential project and look at the potential project on-site before an application is submitted for funding in excess of \$25,000. A pre-application meeting aims to work jointly with the applicant to ensure the plan submitted is in the best interest of both entities. The pre-application meeting allows the Commission to provide input on the potential project at an early stage before the applicant has invested a large amount of time and resources in developing a worksite plan. Topics to discuss at the pre-application meeting would include but not be limited to:

- (1) Environmental concerns,
- (2) Permitting requirements,
- (3) Funding availability,
- (4) Potential landowner issues, and
- (5) Scope and design of project.

(b) The Commission, at its discretion, may refuse to accept incomplete applications or applications that do not properly address environmental issues or other program or project requirements.

### **155:12-5-11. Application**

(a) A complete grant application should include the following:

- (1) **Cost estimate.** The cost estimate breakdowns and budget tables should include both the requested grant funds and matching funds. The minimum matching requirement ratio is 1:1. Every grant dollar must be matched with at least one dollar of non-grant funds.
- (2) **Work plan.** A work plan that consists of a hand-drawn or digitally produced sketch of the proposed project. A work plan of the road should include all planned features such as pipes, aggregate, underdrain, surface features, etc. Applicants may use the space provided on the back of the grant application for the work plan.
- (3) **Map.** A map that identifies where the project is located with a clear delineation of the water body that will be impacted by the project needs to be included. The water body must be named.

(4) **Documentation.** The general program agreements, resolutions, and forms must be completed and included.

(5) **EMS practices.** A planned list of ESM practices to be utilized on the project.

(b) Applications that the commission deems complete and potentially acceptable to the Program will be reviewed, ranked, prioritized, and funded accordingly.

(c) All applications for funding must be approved by the Commission.

(d) All applicants shall be notified in writing of the funding decisions of the Commission.

(e) A county cannot begin on any part of the project until they have received their grant approval letter.

### **155:12-5-12. Project field data**

(a) All approved and funded projects shall require site visits by the Commission or assigns.

(b) Roadside erosion predictor data sheets will be completed:

(1) before the project begins, and;

(2) five (5) days after the project completion date.

(c) Roadside erosion predictor analysis will be used to produce sediment reduction yields. Repeatable photo points will be installed during site visits. Approximately one year later Program staff will return to the project site to perform a project walk-through to ensure the project is still operational and reducing sediment. Photo points will be repeated. Program staff will complete a simple project completion report worksheet that will summarize the project implementation to ensure the grant was completed to achieve the grant objectives.

(d) A final inspection must be scheduled on-site involving the Commission and the grant recipient. Final inspections should be completed within five (5) days after work is complete, so any remediation can be done while equipment is still on site. Other entities such as Program stakeholders, and sub-contractors to the grant recipient should be encouraged to participate. The purpose of the final inspection is to verify:

(1) Completion of the project according to program standards and the satisfaction of the Commission;

(2) Completion of all “in-kind services” in accordance with program standards and the satisfaction of the Commission; and

(3) Proper installation of the proposed work elements contained in the work plans.

(e) Once the final inspection is completed the Commission shall summarize the project work elements and include cost documentation provided by the applicant to the Project Completion Report.

## **SUBCHAPTER 7. LOGJAMS**

### **155:12-7-1. Benefits and harms**

Logjams occur naturally and can provide beneficial stream structure and cover for fish and wildlife as well as contributing to nutrient-rich sediment being deposited on adjacent floodplains. In many cases, the ripples caused by obstructions oxygenate the water to improve water quality. However, streams are also expected to function as efficient drainage outlets, conveying water off the land in a timely manner. Logjams may inhibit this drainage function resulting in increased flooding, destruction of property, negative impacts on some wildlife habitats, and increased erosion and sedimentation.

### **155:12-7-2. Evidence of logjam**

Logjams are evidenced by a blockage that does any of the following:

- (1) Traverses the waterway,
- (2) Causes upstream ponding,
- (3) Results in significant bank erosion, or
- (4) Endanger infrastructure.

### **155:12-7-3. Condition classifications**

The Commission recognizes five (5) condition classifications for logjams. They are as follows:

- (1) **Condition 1.** A single log located either in or across the waterway channel.
- (2) **Condition 2.** Two or more logs in or across the channel. The accumulated logs are interlocked, but there is no sediment build-up or debris collecting at the site in the channel.
- (3) **Condition 3.** Two or more logs in or across the channel. The accumulated logs are interlocked and sediment and debris have begun to collect on the jam. There is still water movement through the logjam.
- (4) **Condition 4.** Two or more logs in or across the channel. The accumulated logs are interlocked and sediment and debris have compacted into the logjam. There is no water movement through the logjam. The logjam acts as a dam, holding back water within the channel; water movement is now through the overbank areas rather than the channel.
- (5) **Condition 5.** Logjam is located on a waterway within an area providing significant environmental benefit or within a critical area for fish spawning.

### **155:12-7-4. Evaluation for removal**

Logjams or other in-stream obstructions should be looked at closely and evaluated to determine if the obstruction should be removed by the Land Management Division. Factors to consider include but are not limited to:

- (1) Available Funding,
- (2) Conditions of the logjam,
- (3) Severity,
- (4) Local impacts, and
- (5) Analysis of the benefits.

## **SUBCHAPTER 9. CONSERVATION PLANNING PROGRAMS**

### **155:12-9-1. Purpose**

The purpose of these programs is to assist Oklahoma producers and growers with developing Conservation and Nutrient Management Plans that promote environmental stewardship and meet state regulatory requirements.

### **155:12-9-2. NMP program perimeters**

- (a) The Commission shall assist in the hiring and placement of nutrient management planners in conservation districts where plans are needed.
- (b) The Commission shall review and determine which applications for plans will be accepted and denied. The Commission shall consider, but not be limited to, looking at:
  - (1) available manpower,
  - (2) reasonableness of projected timeframes,
  - (3) scope of the NMP,
  - (4) complexity,
  - (5) type of operation, and

- (6) ability of the Commission's planners to produce a quality NMP.
- (c) NMPs shall be written to expire every six (6) years.

### **155:12-9-3. Process**

- (a) The NMP request form shall be available online for completion and submission by applicants.
- (b) The completed application will be reviewed by the Director for acceptance or denial.
- (c) If accepted the applicant and ODAFF shall receive an electronic Notice of Intent (NOI) from the Commission and an NMP planner will be assigned to develop and write the NMP.
- (d) If the application is denied, the applicant shall receive an electronic Notice of Denial (NOD) from the Commission.
- (e) The planners shall submit their completed NMP draft to the Director for review and comment.
- (f) The Director shall return the NMP to the planner for corrections and changes if any are required.
- (g) If the Director approves the plan then the plan is sent to AEMS for its approval.
- (h) Once approved by the Director and AEMS, a meeting is set with the grower to review the plan, acquire signatures, and submission of a copy of the signature page to AEMS to meet ODAFF requirements.
- (i) Once the NMP is approved as complete by the Director, the Director shall verify with the District that all requirements are met and the NMP released to the applicant.

### **155:12-9-4. District partnership**

The Commission shall partner with conservation districts to get planners hired, housed, and writing plans. The conservation districts shall be primarily responsible for:

- (1) Keeping and tracking all the NMP funds in a separate bank account from other district funds.
- (2) Keeping the Commission apprised of the funds.
- (3) Following program guidelines.
- (4) Housing planners.

### **155:12-9-5. Conservation planners**

- (a) For many state and federal cost-share programs, a conservation plan is required. However, the state has not had enough conservation planners to meet the needs of producers.
- (b) The Commission shall assist districts in the hiring and placement of conservation planners across the state. These planners will work with producers to develop and write these plans.
- (c) The Commission shall serve as the primary coordinator and overseer for the training and certifications required for these conservation planners.

## **SUBCHAPTER 11. INVASIVE WOODY SPECIES PROGRAMS**

### **155:12-11-1. Purpose**

The Commission shall assist in the managing and reduction of red cedars and other invasive woody species in an effort to protect our water supply, grazing lands, and wildlife habitat, to reduce wildfire risk, and show proof of concept for cedar removal impacts. In addition, the Commission will work to increase public awareness of the impact of these invasive species, increase support for the use of prescribed fire as a management tool, and provide a return on investment that will result in continued funding for the expansion of managing practices across the state.

### **155:12-11-2. Terry Peach North Canadian Watershed Restoration Act**

(a) The Commission shall administer the Terry Peach North Canadian Watershed Restoration Act. Under this Act, the Commission shall:

- (1) Cooperate with landowners, state agencies, and other political subdivisions for the removal of invasive woody species;
- (2) Share costs with landowners for expenses incurred;
- (3) Measure the density of invasive woody species and determine its water usage;
- (4) Establish at least two active project areas; and
- (5) Develop grant programs with districts, rural fire departments, and prescribed burn associations.

(b) The Commission will focus on the following invasive woody species under this project:

- (1) Eastern Redcedar;
- (2) Rocky Mountain Juniper;
- (3) Oneseed Juniper; and
- (4) Salt Cedar.

(c) The Commission shall use the following three (3) prong approach to manage these invasive woody species:

- (1) Data collection and research;
- (2) Increase use of prescribed burns; and
- (3) Wildfire damage prevention.

(d) Under this program the Commission shall partner with conservation districts. The conservation districts shall:

- (1) Serve as the local contact with landowners;
- (2) Conduct outreach;
- (3) Engage additional partners;
- (4) Provide staff support, office space, and homing of equipment;
- (5) Work with the Commission to process payments; and
- (6) Check the maintenance of practices.

### **155:12-11-3. Program expansion**

The Commission will work to implement new and expanding programs to combat the spread of invasive woody species. This could include the expansion of the Terry Peach North Canadian Watershed Restoration Act practices to other watersheds, the creation of a cost-share program, or any other beneficial program. The Commission will develop program year guidelines, standards, and specifications that are ecologically and geographically specific.

### **155:12-11-4. Cooperation**

The Commission and the conservation districts are encouraged to work cooperatively with federal and state agencies, tribes, OSU extension, burn associations, and other entities to reduce the footprint of woody invasion plants and the impacts the plants have on state waters and natural resources.

## OKLAHOMA CONSERVATION COMMISSION BUDGET REQUEST - FISCAL YEAR 2025

### New Funding Requests for Consideration in FY25

1. Expansion of the Cedar Eradication Program - \$2,000,000  
\$200,000 (salary / equipment) for 10 fully outfitted Cedar Technician to cover 20 conservation districts.
2. Enhanced Aerial Photography – \$750,000  
Leaf-off, 1 foot resolution, full color and color infrared, aerial photography for half of the state.
3. Critical Needs for Conservation Districts – \$778,000 - Restoration of Conservation District Positions and Salary Market Adjustment
4. Salary Market Adjustment – \$417,808 for Agency Staff
5. Wetlands – \$100,000 to support salary and equipment for a Wetlands Conservation Coordinator. This request comes from conservation organizations seeking to partner with Oklahoma to secure federal and private funding for voluntary wetland protection and development statewide. Initial grant proposals possible through this partnership include \$4.3 million worth of funds in year 1.

Total New Requests: \$4,045,808

### Continuation of Current FY24 Funding Levels for

- Flood Control – Operation, maintenance, and repair
- Unpaved Roads Program
- Soil Health Program
- Land Restoration
- Office of Geographic Information

# GENERAL COUNSEL

## SEPTEMBER 2023 SUMMARY

### Meetings Attended:

- **September 7** Commission Meeting – OKC, OK
- **September 8** Interviews – OKC, OK
- **September 14** Logan County CD Board Meeting – Guthrie, OK
- **September 14** Cost-Share Meeting - OKC, OK
- **September 15** Programmatic Agreement Organizational Meeting - Stillwater, OK
- **September 19** Programmatic Agreement with FEMA – ZOOM
- **September 19** Emergency Drought Commission Meeting – OKC, OK
- **September 20** NRCS and OCC PDM Meeting – Stillwater, OK
- **September 25** Septic Replacement Meeting - TEAMS
- **September 25** Wetlands Project Agreement Meeting - TEAMS
- **September 26** Meeting with OMES on Building Lease – OKC, OK
- **September 28** Principle Staff Meeting – OKC, OK
- **September 28** DamWatch User Training - TEAMS – OKC, OK

### Conservation District Issues:

Responded to issues and questions for or on behalf of the following conservation districts: Adair CCD, Arbuckle CD, Caney Valley CD, Dewey CCD, Grady CCD, Johnston CCD, Kingfisher CCD, Latimer CCD, Logan CCD, Love CCD, Major CCD, Muskogee CCD, Noble County CD, Tulsa CCD, Upper Washita CD, and Wagoner CCD

Responded to questions or issues by conservation districts regarding the following topics: Right of access to Scrapper Hollow Site #2 per the easements, Hectate agreement update, conservancy district questions, review of agenda, NextEra agreement, front slope repair communications with sand plant, flood-control easement as it applies to the county road, assistance in a letter to landowner regarding violation of district's easements, emergency drought program concerns and district allocations, new easements, executive session process, agreement for district land to be baled for hay, finalization of an easement, proof of tax exemption for district property, fence dispute on old rehabilitated property from 2005, and channel maintenance responsibilities.

## Rehabilitation and Repair Projects:

- **Upper Black Bear Creek Site 62** – Working with the City of Attorney to assist in the finalization of the City's agreement with the Vann Meadow's property.
- **Sallisaw Creek Site 33** –Working on the settlement agreement, set survey, and working on the easement.
- **Lower Bayou Site 12** – Working on drafting the easements with maps. Coordinating with the conservation district regarding setting meetings with landowners to seek signatures for the easements.

## Other Flood Control Issues:

- **Mill Creek 15 & 17** – Held call with sand plant personnel to discuss the release of water by the plant to the flood control sites and the O&M repairs needed on the front slopes of these sites.
- **Little Wewoka Creek Sites 1 & 6 and Little Deep Fork Site 1** – Easements granted by the BIA for only 50 years have expired. I spoke to the BIA and the solicitor general's office about reacquiring easements for these 3 sites.

## General Commission Issues:

- ❖ Drafting of Contracts and Agreements: 8
- ❖ Research Projects: 3
- ❖ Document Reviews: 5
- ❖ Draft Letters & Documents: 7
- ❖ Emergency Drought preparation and follow-up
- ❖ Logjam project issues
- ❖ General administrative correspondence and reviews
- ❖ Helped with Commission agenda and executive session
- ❖ Working on Human Resource issues, coordination and scheduling of interviews
- ❖ Working on Land Management Rules and Rulemaking documentation
- ❖ Conservancy District abstract response – 1

## **OKLAHOMA CONSERVATION COMMISSION - FINANCE TEAM – AUG-SEPT 2023 ACTIVITY REPORT**

### **Jeannie Parsley, Financial Manager/Comptroller III**

- Monthly Financial Statements reporting for Commission Meeting
- Monthly reporting to OMES: Reconciliation of Clearing Accounts (2)
- Completed GASB and GAAP Conversion Reports
- Began Construction of FY25 Budget Request
- Submitted Request for FY24 Budget Revision #1
- PCard Administration with review of all transactions, build voucher and reports
- Daily Purchasing, General Ledger, and Query activity in PeopleSoft Financial
- Entered claims for payment during annual leave of accounting staff
- Created Purchase Orders and Change Orders as required
- Meetings: Principal Staff, Full Staff, Commission, Workday, daily meetings with Finance Team
- Transfer funds from OST to the agency
- Provided Budget to Actual reporting for analysis
- Ongoing staff training
- Oversee Purchase Orders and Authority Order issue and dispatch of purchasing staff
- Attended two CPO CEU webinars

### **Donnell Carter, Accountant II**

- Continued training in PeopleSoft Financial
- Over 300 claims were reviewed, processed, and generated claims jackets (Form 15-A)
- Prepared daily voucher batch slip (Form 25-B) for submittal to OMES
- Scanned daily batch of processed claims and supporting documentation for digital archive
- Processed incoming checks and prepared the agency's Deposit Detail Report; scanned incoming checks for upload to OCC remote deposit account

### **Patricia Foy-Binkley, CPO, Administrative Programs Officer**

- Handled daily ePro requisitions, purchase orders and change orders as requested
- Assist staff with purchasing and fleet-related questions or concerns
- Obtained Comdata card for new tractor and cancelled Comdata cards surplus/transfer vehicles
- Monthly Fleet Report prepared and submitted to OMES
- Updated agency vehicle lists for new/transferred vehicles and driver assignments
- Submitted surplus property requests for two inactive vehicles
- Participated in editing the Comdata tasking worksheet for changes in vehicle cost allocation
- Mansfield Fuels/Comdata monthly invoice tasked and approved for payment
- Prepped documents for scanning and indexing to streamline operations
- Took advantage of work-related educational training opportunities in SLS learning system as time allowed

**OKLAHOMA CONSERVATION COMMISSION**  
**WATER QUALITY DIVISION**  
**AUG MONTHLY SUMMARY**  
Shanon Phillips, Director  
September 21, 2023

**Illinois River Riparian Easement Report**

Water Quality Division, Oklahoma Conservation Commission  
*Report for Brooks Trammell*

***Purpose and Scope of Program***

- Long-term lease agreements restrict the use of riparian corridors along streams in the Illinois River Watershed. This program was intended to supplement the Conservation Reserve Enhancement Program (CREP) by covering gaps in riparian areas not covered by the rigid qualifications in CREP and therefore allowing landowners the opportunity to enroll contiguous reaches to effectively manage property by whole corridor riparian exclusion.

***Routine Programmatic Responsibilities***

- Programmatic administration and tracking: Enrolled contracts and properties are reviewed, and participants paid annually if meeting contract requirements. District and NRCS staff in the Adair, Cherokee, and Delaware County Conservation Districts are integral to this program and help complete most activities.

***Annual Status:***

- Currently, twenty-one (20) contracts/properties have been reviewed and payment made or are in process for annual payments, totaling 1,093 acres of exclusion, with an expected payout of \$66,601.50.
- Adair County accounts for most of the contracts, with seventeen (17) participants, covering 801.5 acres, with an expected payout of \$48,090. Most reviews are complete, with some agreements paid while some are in process.
- Cherokee County has two (2) current contracts, covering 242.5 acres, both of which have been reviewed and payments made totaling \$15,277.50.
- Delaware County has one (1) remaining contract of 49 acres, which has been reviewed with a payment made of \$3,234.00.

**Blue Thumb**

**Blue Thumb September 2023 Report**

Blue Thumb Water Quality Education Program

Water Quality Division, Oklahoma Conservation Commission

*Report for Cheryl Cheadle, Candice Miller, Kim Shaw, Briant Nguyen, Rebecca Bond*

**Compiled activity for August: +91**

We reached at least 91 people through education and outreach events.

**Ongoing Activities:** Completed summer bug collections and Q/A and fish collections

## September Activities:

### **Blue Thumb Trainings:**

9/30-10/1: Blue Thumb Training in Enid

### **Other Education and Outreach Activities:**

- 9/6: North Caddo NRD, Hinton (155 4<sup>th</sup> graders, 13 adults)
- 9/14: EnviroScape presentation at Riverfield Day School, Tulsa (64 students, 5 adults)
- 9/27: Caney Valley NRD
- 9/28: Creek walk for Mid Del Virtual Academy, Del City

(See **Presentations Given by Staff or Volunteers** and **Work in Priority Watersheds** for additional educational activities)

### **Presentations Given by Staff or Volunteers:**

- 9/21: Cheryl will present at the OML Conference in Oklahoma City
- 9/27: Cheryl will present for the Wildlife Society at UCO in Edmond

### **Groundwater Screening Events:**

There were no groundwater screening events in September.

### **Meetings and Calls Attended by Staff**

- 9/5: Blue Thumb staff meeting
- 9/5: NWQMC VM Work Group meeting
- 9/15: Yard by Yard meeting, Tulsa
- 9/19: Walk through for Guy Sandy Watershed Tour
- 9/20: OCLWA Board meeting
- 9/25: Interviews with Keep Oklahoma Beautiful videographer
- 9/25: LTWA Board meeting
- 9/26: Planning meeting for Guy Sandy Watershed Tour
- 9/26: Friends of Blue Thumb meeting
- 9/26: Water Quality Management Advisory Council meeting
- 9/28: Data project meeting with volunteers

### **Conferences Attended by Staff:**

Staff did not attend conferences in September.

### **Trainings Attended by Staff:**

Staff did not attend trainings in September.

### **Work in Priority Watersheds:**

- 9/6: Creek walk at Spring Creek for Oaks Middle School (26 students, 3 adults)
- 9/8: Lost Creek Water Festival, Seneca, MO (600 students, 30 adults)

9/24: Grand Lake is EVERYTHING Event, Grove

***Watershed Plan Development:***

Staff did not work on watershed based plans in September.

**Activities Scheduled for October:**

10/2: Commission meeting  
10/3: Blue Thumb staff meeting  
10/4: Nowata County CD NRD  
10/5: Crow Creek Community meeting  
10/4: Upper Washita CD NRD  
10/5: Crow Creek Community meeting  
10/6: Undercroft creek visit  
10/7: Lake Wister Family Fun Day  
10/10: VM Webinar Subcommittee meeting  
10/10: EnviroScape presentation at Kellyville Elementary  
10/11: Presentation to Water Resource, Management, Law and Policy class at OSU  
10/11: Water Quality Division meeting  
10/14: Guy Sandy Watershed Tour  
10/17: H2Oklahoma in Harrah  
10/18: OCLWA Board meeting  
10/18: North Fork of the Red River CD NRD  
10/18: Pawnee County CD NRD  
10/23: LTWA Board meeting  
10/24: Presentation for Issues in Environmental Sustainability class at OSU Tulsa  
10/25: Incredible Journey presentation at Bristow Public Library  
10/26: EnviroScape presentation for land judging kids in Pontotoc County  
10/28: Volunteer appreciation hike in the Wichita Mountains

**Acronyms:**

CD: Conservation District  
LTWA: Lake Thunderbird Watershed Alliance  
OCLWA: Oklahoma Clean Lakes and Watersheds Association  
OML: Oklahoma Municipal League  
OSU: Oklahoma State University  
NRD: Natural Resource Day  
NWQMC: National Water Quality Monitoring Council  
UCO: University of Central Oklahoma  
VM: Volunteer Monitoring

**Management Staff**

***Meetings and Calls Attended by Staff:***

9/7: Sep 2023 Commission Meeting  
9/8: OSU Student Research – Impaired Watersheds  
9/12: OACD Meeting

9/14: State of OK v. Tyson Meeting with Plaintiffs  
9/19: OKHAWQS Meeting  
9/20: OCLWA Board Meeting  
9/20: Nutrient Management Tracker Application Follow-up Discussion  
9/27-28: OK-AR Compact Commission Meeting

***Presentations Given by Staff:***

- No presentations were given by staff in Sep 2023

***Trainings Attended by Staff:***

- No trainings attended by staff in Sep 2023

***Conferences Attended by Staff:***

- No conferences attended by staff in Aug 2023.

***Other Activities:***

- Prepared Water Quality Draw of Aug 2023 Federal Expenses
- Paid Invoices
- Performed many administrative tasks
- Worked on numerous IT related issues
- Responded to numerous internal and external information requests throughout the month
- Finished gathering important FY21-22 Federal 319 Audit materials
- Multipurpose Grant Discussion & Workplan Revisions
- Assisted with fish collection at Little Deep Creek; Weatherford, OK

**Soil Health Education Program**

**OKLAHOMA CONSERVATION COMMISSION  
SOIL HEALTH PROGRAM  
September 2023 MONTHLY SUMMARY**

Greg Kloxin, Program Director

Meg Greski, Program Coordinator

Team members: Greg Scott, Blane Stacy, Marcus Long, Josh Anderson, James Blom, Jack Titchener

- Assisted 12 producers with Consultation/technical assistance on Soil Health/Sampling, Grazing management, no-till & regen ag
- Attended board meetings in Texas, Cimarron, Kay, Noble, & Garfield CCD
- Attended/presented at Bryan County Cattlemen's Assoc. meeting
- Participated in 4 field days
- Presented at Outdoor Classrooms in Craig and Caney Valley Conservation Districts
- Continued assistance on General Mills Project
- Provided education/outreach activities to OK Soybean Board Teachers workshop in Stillwater
- Finalized Economic study write ups for TNC/OCC Economic study

**Monitoring**

- Continued routine water quality monitoring for the Rotating Basin Project 2.5 (RBP 2.5) (Upper North Canadian, Upper Arkansas and Cimarron River Basins) cycle

September 11-13 Staff sampled 26 sites in RB 2.5 Basins

September 18-20 Staff sampled 31 sites in RB 2.5 Basins

- Continued monthly water quality sampling at 3 stream sites in the Little Beaver Creek watershed in support of the Little Beaver NRCS National Water Quality Initiative (NWQI)

September 19 Staff sampled 3 sites in the Little Beaver watershed

- Continued routine water quality monitoring for the Rotating Basin Project 3.5 (RBP 3.5) (Lower Arkansas, Lower North Canadian and Lower South Canadian Basins) cycle

September 25-27 Staff sampled 25 sites in the RB 3.5 Basins

- Staff completed fish collections and habitat assessments for the Rotating Basin Project 3.5 (RBP 3.5) (Lower Arkansas, Lower North Canadian and Lower South Canadian Basins) cycle
- Staff completed fish collections and habitat assessments for the Rotating Basin Project 2.5 (RBP 2.5) (Upper North Canadian, Upper Arkansas and Cimarron River Basins) cycle
- Staff completed summer 2023 macroinvertebrate collections for the Rotating Basin Project 2.5 (RBP 2.5) (Upper North Canadian, Upper Arkansas and Cimarron River Basins) cycle
- Staff completed summer 2023 macroinvertebrate collections for the Rotating Basin Project 3.5 (RBP 3.5) (Lower Arkansas, Lower North Canadian and Lower South Canadian Basins) cycle
- September 6<sup>th</sup> Staff presented at the Caddo County Outdoor Classroom

## **Wetlands Report**

### Wetlands Program

Water Quality Division, Oklahoma Conservation Commission

*Report for Brooks Tramell, Sarah Gilmer and Dan Dvoretz*

### ***Routine Programmatic Responsibilities***

- Wetland Determinations: Review potential impacts to wetlands and aquatic resources from publicly funded project
- Mitigation Plan Review: Review documents for *In-Lieu-Fee* and Mitigation Banks as a member of the Oklahoma Interagency Review Team (IRT)
- Respond to Citizen Requests: Deliver wetland information to the public, primarily in response to requests through the Wetland Registry hosted on the Wetlands Program Website

### ***Active Grant Projects:***

- Floodplain Mapping Project: This project is funded by a US Environmental Protection Agency (USEPA) 104(b)(3) Wetland Program Development Grant (WPDG) to update National Wetlands Inventory (NWI) maps along the Arkansas River between Keystone and the Salt Plains, as well as the Canadian River between Eufaula and Canton.
- Oklahoma Rapid Assessment Method (OKRAM) Integration: This project is funded by a WPDG to refine development of OKRAM, a condition based assessment tool for wetlands. Project highlights include (1) collection of an additional 30 OKRAM assessments at wetland types under-represented in our dataset, (2) compilation of 300+ OKRAM assessments into a database and publicly available web application, and (3) analysis of dataset to refine method.

- Restorable Wetlands Identification Protocol (RWIP): This project is funded by a WPDG to continue to develop and refine a desktop screening tool that can be used to identify wetland restoration opportunities. Project highlights include (1) remapping of restorable polygons using higher resolution datasets in 30 watersheds, (2) attributing restorable polygons with restoration feasibility resulting from hydrologic modification in 30 watersheds, and (3) data sharing through a web application.
- OKRAM Guidebook: This project is funded by a WPDG to develop guidance materials for OKRAM, to help promote usage of the method. Project highlights include (1) a detailed OKRAM guidebook, (2) digital training materials and an in-person training delivered in 2024, and (3) coordination with the United States Army Corps of Engineers (USACE) to help promote usage of OKRAM in CWA programs.
- National Wetlands Condition Assessment (NWCA) Intensification: NWCA is a component of the National Aquatic Resource Survey (NARS) conducted every 5 years. OCC is the lead contractor for data collection in Oklahoma. NWCA is funded by Clean Water Act 106 money. The most recent NWCA was completed in 2021, with a state intensification to enhance sample size to 50 wetlands in 2022. OCC will analyze data and summarize findings on the condition of Oklahoma wetlands in a report in 2023.

#### ***Meetings and Calls Attended by Staff***

- 9/13: Wetland Program Monthly Staff Meeting

#### ***Presentations Given by Staff***

- 9/6-9/7: Two day field demonstration of OKRAM for USACE

#### ***Trainings and Conferences Attended by Staff***

- 9/29: Lake Frances Ecological Design: Kickoff Workshop

#### ***Accomplishments by Project***

##### Wetland Determinations:

- Completed 3 wetland determinations

##### Mitigation Plan Review

- Reviewed 1 mitigation plan for an In-lieu-fee wetland/stream project

##### Citizen Requests for Wetland Information

- Responded to 6 requests for information about wetlands and streams submitted through the Wetlands Program Website.

##### Floodplain Mapping

- No work was done on this project in September

##### OKRAM Integration

- Assisted OSU with OKRAM data collection at 5 wetlands.

##### RWIP Refinement

- Completed application of the updated RWIP protocol at 2 additional HUC 8 watersheds

##### OKRAM Guidebook

- Completed a two day field demonstration for USACE of OKRAM at mitigation wetlands in order to determine the potential for OKRAM to aid in CWA permitting programs.

##### National Wetlands Condition Assessment

- Received all completed data packets from 2022 NWCA intensification assessments from OSU

## **Technical Writing & Records Management**

### Technical Program

Water Quality Division, Oklahoma Conservation Commission  
*Report for Karla Spinner, Sarah Gilmer, Joseph Dyer, Brooks Tramell and Dan Dvoretz*

### **Meetings and Calls Attended by Staff**

- 9/5: Monthly Technical Programs Staff Meeting

### **Presentations Given by Staff**

- No presentations given in September

### **Trainings and Conferences Attended by Staff**

- No trainings attended in September

## **Quality Assurance Accomplishments**

### Data Requests:

- Responded to 2 requests for water quality data

### Data Quality Assurance/Quality Control (QA/QC)

- Completed Quality Control (QC) checks on approximately 10 data collections
- Entered approximately 150 data collections into the water quality database

### Other QA/QC duties

- Began water quality field audits for monitoring staff.
- Completed QA review of all summer 2023 fish collections (47 collections).
- Continued QA signoff process to transition monitoring staff to digital data collection. One monitoring staff has moved to digital data collection only.
- Completed quarterly meter calibration.

## **Data Dashboard Usage**

- Published the Rotating Basin web application to the Oklahoma Conservation Commission website and logged over 70 hours of active use in September.

## **Analytical and Reporting Accomplishments**

- Submitted the annual Quality Management Plan update to Oklahoma Secretary of Energy and Environment (OSEE)
- Submitted the yearly Rotating Basin Monitoring Report for the fourth cycle of monitoring in Basin 5 (Lower Red River) to OSEE.
- Completed stream summaries for the fourth cycle of monitoring in Basin 4 (Upper Red and Washita Rivers) and Basin 5 (Lower Red River)
- Distributed stream summaries to all Conservation Districts with Rotating Basin monitoring sites in Basin 4.
- Began processing data for the 2024 Integrated Report assessments due to Oklahoma Department of Environmental Quality (ODEQ) at the end of the year

- Began drafting a grant proposal to identify the road crossings in the Kiamichi River watershed that pose the greatest threat to fish passage.
- Continued analyses to improve biological assessment models for wadeable streams in Oklahoma.
- Continued developing an R-shiny data dashboard to support the Rotating Basin Report with interactive data analysis and visualization.

**OKLAHOMA CONSERVATION COMMISSION**  
**SOIL HEALTH PROGRAM**  
**SEPTEMBER 2023 MONTHLY SUMMARY**

Greg Kloxin, Program Director

Meg Greski, Program Coordinator

Team members: Greg Scott, Blane Stacy, Marcus Long, Josh Anderson, James Blom, Jack Titchener

People we interacted with this month: approx. 970

Farm and ranch producer visits/consults (some including WORMS data & Haney test sample collection)

- Glenn, Mannsville
- Alfred Rothell, Roff
- Jeff Lentz, Pawnee
- Zane Bowman, NE OK
- Mark Barrett, Duncan
- James Moser, Tryon
- Johnston Seed, Enid
- Bruce Turner, Millburn
- Brooke Freeman, Chandler
- TLC Grassfed Beef, Meno
- Wyatt Catron, Stillwater
- Ben May, Wakita (General Mills Project)
- Dan Wilson, Wakita (General Mills Project)
- David Buss, Hunter
- Robert Newberg, Enid (General Mills Project)
- Tim Heinrich, Garber (General Mills Project)
- LJ Reheman, Kingfisher (General Mills Project)
- David Wilber, Cherokee

Urban site visits and Yard by Yard certifications:

- Angela Paynter, OKC
- Steve Davis, OKC
- Lincoln Golf Course, OKC
- Zachary Grey, OKC
- Adelaide Webb, OKC
- OKC Parks/OKC Beautiful
- Jeana, Tulsa
- Sherrie Bruce, OKC
- Hamid Pezeshkian (The Sailor & The Dock), OKC
- Larry Erickson, OKC
- Laura, Tulsa

Meetings/calls attended:

- Jack, Marcus, Cheryl Cheadle and Shanon Phillips met for Yard by Yard program planning
- Jack attended a Zoom call with NRCS Urban Ag personnel

Presentations given:

- Jack presented the rainfall simulator at Monarchs on the Mountain in Tulsa

- Jack presented about Yard by Yard for the Sierra Club of Tulsa
- Blane demonstrated the rainfall simulator and Dig In activities at a teacher training workshop in Stillwater, put on by the OK Soybean Board
- Marcus taught students at Oklahoma Christian School about the water cycle and water conservation
- Marcus spoke at a Monarch Butterfly conservation day in Murray County.
- Meg talked about cost-share programs for livestock virtual fencing at a field day hosted by New Mexico State University in Clayton, NM
- Greg Kloxin and James took representatives from General Mills on a tour of the project area in NW/N Central OK
- Josh “read an accurate ag book” to students at Ardmore City Schools
- Greg was on an Expert Panel discussion after the film screening of “To Which We Belong”, a regenerative ag documentary, put on by OACD.

#### District events attended:

- Marcus attended Oklahoma CCD’s board meeting
- Jack and Blane presented at Craig CCD outdoor classroom in Vinita
- Jack showed the rainfall simulator at Mayes CCD’s workshop/locally led meeting
- Blane taught Nowata/Caney Valley CCD area high school students about plant ID and helped them train for FFA Career Development Event activities
- Blane presented at Caney Valley CCD’s outdoor classroom for 140 students.
- James went to Kay CCD’s board meeting and helped judge their youth poster contest
- Meg went to Upper Washita CCD’s board meeting
- Josh helped with Johnston CCD’s Kids Day at their county fair
- Josh attended Johnston CCD’s prescribed fire field day and their board meeting
- James visited Noble CCD and Alfalfa CCD
- Greg Kloxin attended Noble CCD’s board meeting
- Meg visited Cimarron CCD
- James touched base with Blaine CCD, Kingfisher CCD and Central North Canadian CD

#### Other education & outreach activities:

- Blane judged agronomy, crop and native grass exhibits at the State Fair in Tulsa
- James allowed Clay Pope from the Southern Plains Climate Hub to borrow our rainfall simulator
- James and Josh picked up the General Mills project test plot tractor/drill/roller-crimper/trailer from the dealer. It’s now ready to use
- Meg attended a soil health field day in Sedan, NM hosted by New Mexico State University, OSU Extension, and the NM Healthy Soils Working Group
- Meg, Blane and Jake Searock are wrapping up 2 new soil health farmer economic studies, supported by The Nature Conservancy. Videos are being produced of the 4 economic study farmers we have profiled since 2021
- Meg and Marcus attended a field day about patch burning for grazing management, held at the Tallgrass Prairie Preserve, put on by OSU, OK Grazing Lands Coalition, and The Nature Conservancy
- Marcus attended OSU Extension’s Native Plant Festival in OK, an OK Local Agriculture Collaborative meeting, and an Oklahoma Native Plant Network meeting.
- Josh attended Bryan County Cattlemen’s Association meeting in Durant
- Meg attended a field day at Needmore Ranch in Canadian, TX put on by Hemphill County Agrilife Extension, focusing on adaptive grazing for semiarid rangeland
- James and Meg attended OSU’s soil health field day at the Stillwater OSU Agronomy Farm

# Blue Thumb in Pictures

## September 2023

### Blue Thumb Training in Tulsa

The Discovery Lab opened their doors to Blue Thumb last month to host the Tulsa training for new volunteers. Citizens showed up on August 26 and 27 and now Blue Thumb has 29 new volunteers.

**The Eastern Shawnee Tribe** welcomed hundreds of students from NE OK and SW Missouri to their annual Lost Creek Festival on September 8. Blue Thumb was happy to offer one of the few stations that actually encouraged students to explore this beautiful Ozark stream.

**Tulsa County Naturalist** and Blue Thumb volunteer Patrick Hayes used an EnviroScape for a “Teaching Sustainability” workshop recently held at Chandler Park. Patrick also provided a lesson to after-school students at the park. Remember—you too can borrow our educational tools!

**Riverfield Country Day School** in Tulsa invited Blue Thumb to talk with 2nd and 3rd graders about watersheds and protecting streams and rivers. Briant and Cheryl showed up for the event on September 14 in which 64 children learned how to NOT pollute!

**Volunteers on Spring Creek in Oklahoma County** (Sarah, Gretchen, and John) dance a merry jig as they collected their bugs, captured in this photograph taken by Kim. Briant oversees the effort. Summer bug season ended on September 15. Bug picking efforts and indoor QA is next on the list...but also your monthly monitoring!

Candice and Valerie assessing bug habitat as part of the bug collection on Beaty Creek, Delaware County.

**Okmulgee Creek volunteers** (Maddie, Maggie, and Muriel) met with Blue Thumb staff members to begin reviewing several years worth of data from their site. These volunteers have always been active in stream education, and they are now embarking on their efforts with new enthusiasm. Do you want to know more about the tale your data tell? Talk with any Blue Thumb staff member.

**You aren't missing your monthly newsletter** are you? At the beginning of each month a new, fresh Blue Thumb newsletter "From the Water's Edge" is sent to all volunteers. The latest news and important announcements are landing in your email boxes. If you are not taking time to check out "From the Water's Edge" you might be missing something you need to know about!

**Candice and Rebecca** worked with 25 7th and 8th grade students from Oaks to introduce them to the stream life in Spring Creek, Cherokee County, on September 5. The students got to enjoy actually getting in this beautiful Ozark stream to study the benthic macroinvertebrates and fish who call the stream home.

**OKLAHOMA CONSERVATION COMMISSION  
OFFICE OF GEOGRAPHIC INFORMATION & TECHNICAL SERVICES DIVISION  
MONTHLY SUMMARY**

**Mike Sharp, State Geographic Information Coordinator & Director  
September, 2023**

**OGI & TS Activity**

- Worked on various hardware and software support issues for OCC non-OMES computer systems.
- Followed up on and provided assistance regarding OMES helpdesk tickets submitted by OCC and District staff.
- Routine server, software and anti-virus and anti-spam maintenance on OGI computer systems.
- Provided support on various office IT issues.
- Provided support on various conservation district IT issues.

**Geographic Information System (GIS) Activity**

- Provided GIS services to Land Management, WQ, District Services, Conservation Programs, Soil Health and Administration.

**Office of Geographic Information/State Geographic Information Council**

- Worked on OKMaps servers, software and data.
- Compiled parcel data for statewide parcel data layer.
- Worked on NG911 IT systems configuration and backup.
- Provided support to OKMaps users.
- Provided GIS support to OCC Watershed Dam Easement Initiative
- Worked with imagery from Planet Labs to determine suitability of identifying red cedar population during leaf-off conditions.
- Worked on Non-Coal Inventory.
- Worked with the OK 911 Management Authority on PSAP boundary calculations
- Assisted Land Management in reviewing aerial photography contracts for sites identified in Ottawa and Jackson counties.
- Worked with Dell technicians on installing new tape drive in datacenter.
- Worked with Pinnacle Business Systems and Covenant Technology Partners to work on updating Active Directory Services including migration from legacy servers to virtual servers.
- Presented at the OK South Central Arc Users Group Conference in OKC.
- Prepared minutes and agenda for the September Geographic Information Council.
- Served as Moderator for the “Broadband Maps and the Role of GIS in Successful Networks” panel at the Connected Oklahoma Summit.

# *Land Management Division Report*

October 9, 2023

## **DIVISION ADMINISTRATION**

- Advanced state-wide non-coal AML inventory.
- Prepared OCC meeting packet financial report.
- Appointed staff participated in VET team meeting and performed group work on VET assignments.
- Updated claims database.
- Submitted pcard reports.
- Code pcard transactions.
- Staff participated in webinar trainings.
- Update GIS webpage.
- Statewide Non-Coal AML database management
- Continued work with National Association of Abandoned Mine Land Programs (NAAML) to develop guidance for (1) non-coal AML funding; (2) implementation of Infrastructure Investment and Jobs Act (IIJA) funding for AML.
- Budget & Financial Management: Budget management & reporting.
- Personnel Management: Reported time; approved time; assigned tasks & directed staff.
- Equipment Management: Submitted vehicle logs; updated & maintained equipment inventory; researched replacement equipment; assisted staff with computer issues.
- Operations Management: File management; monitored flow of operations, target dates and deadlines.
- Prepared & submitted OCC Activity Report.
- Participated in OCC Management meetings.
- Held Land Management Division staff meeting.
- Work in conjunction with NRCS on training for planners.
- Work with Janet Stewart on Land Management Program rules and Right of Entry for programs.
- Andrea Moseley hired as APO 1, start date October 2<sup>nd</sup>.
- Attended Dewey County Soil Health Field Day in Vici.
- Begin work on FY25 budget request.
- Release letters sent to completed restoration projects.
- Attended CD meetings in:
  - Atoka County
  - Dewey County

## **PROGRAM MANAGEMENT**

### **Unpaved Roads Program:**

- Latest training was August 10<sup>th</sup> in Weatherford.
- Visited with County Commissioners from Johnston, Custer, McIntosh, Logan, Haskell, Woodward and Pontotoc Counties.
- Communicated with numerous counties about projects and applications.
- Work is progressing on FY23 grant projects.
- Working on FY24 training schedule with OSU LTAP.
- New Spiro Lake Unpaved Roads Project moving forward
  - Funds from WQ Division to implement BMPs for sediment reduction into lake.
  - Designs and estimates completed for project.
  - Working in conjunction with LeFlore County District 1.
- Reviewing applications for first round of FY24 funding.
- Attended Woodward County Commissioners meeting to discuss program and visit potential sites.

### **Terry Peach North Canadian Watershed Restoration Program:**

- Cedar Eradication Tech position closed with 11 applicants
- Working with districts on interviews and hiring.
- Equipment ordered for Brush Free Zone establishment.
- Prescribed Fire Training scheduled for October 18<sup>th</sup> at Greenfield Fire Department.
- Worked with Sarah Blaney, OACD and Invenergy in ordering drip torches/brackets for departments/PBAs participating in Prescribed Fire trainings.
- Spoke with County representatives from Canadian, Blaine, Harper, and Woodward about the program and any assistance they could provide.
- Attended Woodward County Commissioner meeting to discuss program and possible partnership opportunities.

### **Conservation and Nutrient Management Planning:**

- Staff working on required training for Planner 1 in AgLearn.
- Staff attended board meetings in Ellis, Cleveland, Rogers, Little River, Murray, Haskell, Atoka, Love, Pawnee, and Hughes.
- Conducted field visits for State Cost-Share in multiple counties for contract signatures and practice certification with NRCS.
- Developed 4 State Cost Share Conservation Plans.
- Nutrient Management Planning:
  - Now accepting plan requests for all plans.
  - 9 plans request total as of 9/21/23.
  - 9 plans completed, 6 approved by ODAFF.
- Staff attended/completed trainings:
  - Team 17 Prescribed Grazing Planning Training.
  - Dewey County Soil Health Field Day.
  - Team 3 NRCS Soil Health Training.
  - Conservation Planner 1 and 3 AgLearn.
  - Green Country Pesticide Conference.
  - NRCS Security Training.
  - Phosphorus Management and Concerns.
  - Environmental Evaluation.

### **Special Projects:**

- Okemah Drainage Project. (City of Okemah Funds)
  - Pre bid held on 8/22, 3 contactors present.
  - One bid returned by A.O. Inc. for \$172,433.00
  - Bid approved by Okemah and OCC LMD.
  - Contracting documents sent 9/19/23
- Clear Boggy Creek Log Jam. (Special Project Funds)
  - Atoka County.
  - Prebid meeting held on 8/29, 6 contractors present.
  - Bid opening 9/7/23, 4 bids returned.
  - Low bid of \$161,370.00 accepted on 9/12/23 and contract awarded to Finke Construction.
  - Work started on 9/18/23.
  - Change order agreed upon for \$16,000.00 to remove additional log debris downstream that is limiting water flow from the bridge.

### **Land Restoration:**

- Gilbreath Copper Mine (Jackson County)
  - Phase 1 project size 171 ac.
  - Aerial Data Services Inc. contracted to perform aerial survey and bathymetric collection.
  - Once survey completed the design process will begin.
- Howerton Tar Creek Project (Ottawa County)
  - 30 ac. site in Picher
  - Working on conceptual plan.
- Underhill Picher Site (Ottawa County)
  - 25 ac. site in Picher
  - Aerial Data Services Inc. contracted for aerial survey and bathymetric collection.
  - Once survey completed the design process will begin.
- Rock Crusher Barrier Project (Nowata County)
  - 3 ac. water HWB remaining from former rock mine.
  - 1,120 ft. of DH along old Hwy 169.
  - ODOT signing over property to Nowata County.
  - Met with private landowner, waiting on ROE signature.
  - Working on conceptual plan.

### **Vegetation and Maintenance**

- Taloka Creek (Haskell County) – Permanent vegetation schedule for establishment Fall 23.
- Selrahc (Haskell County) – Vegetation over seeding in Fall 23, then will release to landowner.
- Fowler (Haskell County) – Maintenance will begin in Fall 2023, then project will be released.

### **State Wide Non-Coal Inventory**

- Updated AML Non-coal Inventory progress worksheet and map.
- Identified potential mines not listed under MRDS system.

Inventories initiated & ongoing:

- Pontotoc County

Inventories completed:

- Shawnee Conservation District

**OKLAHOMA CONSERVATION COMMISSION  
DISTRICT SERVICES STAFF  
SUMMARY OF ACTIVITIES FOR SEPTEMBER 2023  
Monday, October 9, 2023**

**Division Director, Clancy Green**

- Provided new month district services update to all districts
- Discussed district statuses, updates, and concerns with ADCs; provided guidance and assistance as needed
- CPM Program – completed weekly assignments and attended in-person session, began capstone project outline and fact-finding – discussed project with Jeannie and Lisa
- Discussed district staffing and operational concerns with Trey, Lisa, ADCs, and district boards
- Began final revisions/updates on 10-minute guide series
- Reviewed JPOs
- Assisted multiple districts with executive session process questions and agenda reviews; drafted templates for use
- APO position – offboarded A. Ryan, updated position description, position currently posted and accepting applications
- Assisted Deer Creek CD with tax payment and agenda questions
- Reviewed August district training attendance and form responses
- Drafted NASCA staff sharing session presentation
- Reviewed district directors vacancies; contacted districts as needed for status updates
- Reviewed handbook acknowledgement responses; sent status update emails to districts
- Reviewed past federal shutdown guidance, discussed possible shutdown with NRCS, sent preparation email to all districts
- Worked on FY25 budget request information and submitted to Jeannie
- Generated COBs for new employees
- Facilitated two Teams training sessions on IRIS enrollment and TCC applications
- Sent out October Teams training invites, confirmed David will be presenting the sessions
- Conducted ADC reviews for T. Curry and R. Bowman
- Reviewed division expenditures and tracked against budget
- Worked with ADCs on LRP/JPO process framework and resources, IRIS enrollment process and instructions for district training
- Assisted Oklahoma CCD with supplier portal registration and attempts to update vendor information
- Attended
  - Becky Inmon’s retirement reception
  - Principal Staff Meeting
  - September 7 OCC Meeting
  - OACD “Which We Belong” film screening
  - NASCA presentation planning session
  - CPO Brown Bag Webinar “Specification Development”
  - Drought Commission Meeting
  - NRCS Shared Employee/General Update call

### **Area 1 District Coordinator, Lacie Landers**

- Communicated with OACD and host districts for Area 1 meeting
- Facilitated TCC and ID.me set-up for all districts in area and assisted ADCs with questions
- Worked with District Services Team on LRP/JPO templates and training planning
- Attended
  - District Services meetings
  - September Teams Training on IRIS (both sessions)
  - Texas CCD board meeting
  - Ellis CCD board meeting
  - Woodward CCD board meeting
  - OWRB Meeting in Woodward
- District Updates
  - Alfalfa CCD – visited in-person
  - Cimarron CCD – discussed speech contest at Area 1 meeting
  - Ellis CCD – assisted with Area 1 meeting planning and judging poster contest
  - Garfield CCD – assisted with executive session process and minutes content
  - Harper CCD – discussed technology and district needs
  - Kingfisher CCD – discussed IRIS training
  - Texas CCD – assisting in interim until new district manager is hired, assisted with annual report, JPO, audit prep, poster contest, board meetings, and minutes
  - Woodward CCD – assisted with QuickBooks set-up and financials, Area 1 Meeting planning, locally-led process information/guidance

### **Area 2 District Coordinator, Tammy Curry**

- Contacted districts regarding proper minute submission guidelines
- Facilitated TCC and ID.me set-up for all districts in area and assisted ADCs with questions
- Worked with District Services Team on LRP/JPO templates and training planning
- Prepared NASCA presentation
- Attended
  - District Services meetings
  - September Teams Training on IRIS (both sessions)
  - Arbuckle CD board meeting
  - Lincoln CCD board meeting
  - Murray CCD board meeting
  - Oklahoma CCD board meeting
  - Becky Inmon's retirement reception
  - NASCA presentation planning session
- District Updates
  - Lincoln CCD – continued training of new district manager, offboarding of district manager, assisted with Quicken set-up, board meeting, minutes, assisting in interim until new district manager is hired
  - Murray CCD – offboarded district manager, assisting in interim until new district manager is hired, board meeting, tax payments, minutes
  - Oklahoma CCD – offboarded district manager, board meeting, minutes, tax payments, assisting in interim until new district manager is hired

### **Area 3 District Coordinator, Rhonda Bowman**

- Prepared NASCA state-sharing session presentation
- Facilitated TCC and ID.me set-up for all districts in area and assisted ADCs with questions
- Worked with District Services Team on LRP/JPO templates and training planning
- Attended
  - District Services meetings
  - September Teams Training on IRIS (both sessions)
  - NASCA presentation planning session
  - Wagoner CCD board meeting
- District Updates
  - Wagoner CCD – assisted with interviews, training new district manager, assisting with board meeting, minutes, tax reporting

### **Area 4 District Coordinator, Amy Weathers**

- Facilitated TCC and ID.me set-up for all districts in area and assisted ADCs with questions
- Worked with District Services Team on LRP/JPO templates and training planning
- Compiled list of missing minutes back to January 2021; requested missing minutes from districts as needed
- Attended
  - District Services meetings
  - Caddo County Outdoor Classroom (volunteer)
  - September Teams Training on IRIS
- District Updates:
  - Comanche CCD – assist with Area meeting planning questions
  - Cotton CCD – visited the office; assisted with end of quarter taxes
  - Deer Creek CD – visited the office; assisted with end of quarter taxes

### **Area 5 District Coordinator, Lisa Grey**

- Preparing for youth contests at Area 5 meeting as OACDE representative
- Assisting with locally led process questions
- Facilitated TCC and ID.me set-up for all districts in area and assisted ADCs with questions
- Worked with District Services Team on LRP/JPO templates and training planning
- Attended
  - District Services meetings
  - September Teams Training on IRIS (both sessions)
- District Updates
  - Haskell CCD – assisted with payroll forms, 941, and QuickBooks training
  - Hughes CCD – assisted with education coordination, executive session process requirements, payroll and personnel questions
  - Johnston CCD – working with district manager to prepare for her upcoming departure
  - Kiamichi CD – assist with JPO, emergency drought questions
  - Latimer CCD – assist with watershed dam encroachment questions
  - LeFlore CCD – continued training with new district manager, assisted with board meeting, youth contest, Conservation/soil health presentations,
  - Little River CD – assisted with performance evaluation procedures and forms

- McIntosh CCD – assisted with tax reporting and filing
- Okfuskee CCD – assisting with Area meeting planning, assisted with questions about youth contests
- Talihina CD – assisted with local work group and outreach planning

### **General Administration**

- Provided district assistance as needed and requested
- Processed preclaims and claims; filed paperwork as needed
- Updated district directory, district employees team w/ new employees
- Updated website as needed/requested
- Processed mail as needed/requested
- Ran OPERS and Longevity reports, checked longevity payments and annual leave balances, verified personnel action forms in database
- Core queries/reports as needed/requested
- Processed director appointments/mailed documents
- Reviewed payroll and preclaim updates for districts
- Posted district vacancies to OCC website and Indeed; responded to Indeed inquires
- Reviewed P-Card reports and packets
- Provided new hire information to employees and HR as needed
- Reviewed vehicle logs
- Reviewed, filed/uploaded, and tracked items as needed
- Reviewed/revised district handbook as needed

### **New District Hires**

- Corbyn Myers, Texas CCD District Manager, October 2

### **Current District Vacancies**

- Johnston CCD, District Manager (pending October 31, 2023)
- Lincoln CCD, District Manager (offer has been made)
- Murray CCD, District Manager
- Oklahoma CCD, District Manager
- Rogers CCD, Administrative Assistant (offer has been made)
- Texas CCD, District Manager (offer has been made)
- 2 Nutrient Management Planner Positions in eastern Oklahoma, locations TBD
- 1 Conservation Planner position in Area IV

# Fighting Fire with Fire Workshop

9:00am-3:30pm  
October 18 2023  
Greenfield VFD

259338 E County Road 885 Greenfield, OK

Part of the Terry Peach North Canadian Watershed  
Restoration Act project

Sponsored by:

Firefighters, landowners, emergency planners, anyone interested in controlling wildfire fuels loads are encouraged to attend.

Learn how to use prescribed fire to reduce wildfire risk and improve the land.

Weather permitting we will have a hands-on prescribed fire demonstration

Lunch will be provided

Please RSVP by October 13<sup>th</sup> to:

Katie Scheihing at:  
405-884-2383

580-623-8501 x101

[cncrivercd@conservation.ok.gov](mailto:cncrivercd@conservation.ok.gov)

# SHAWNEE CONSERVATION DISTRICT

1510 N Kickapoo Ave Suite 15  
Shawnee, Oklahoma 74804  
Office 405-214-2577  
Shop 405-659-1259

The Shawnee Conservation District is a local subdivision of state government. The district was formed in 1940 to ensure local people are involved in conservation activities.

The main goal of the district is to provide services to land users in protecting and conserving natural resources and to provide a link to state and federal conservation agencies and programs.

A board of five conservation district directors (three elected and two appointed) governs the conservation district.

The district has cooperators agreements with 1600 producers in the county.

The board of directors submits this annual report to inform the public of this past 2022-2023 year's conservation accomplishments.

We invite all citizens to become familiar with the activities of the Shawnee Conservation District, to visit our office and get acquainted with our staff, and to attend our monthly board meeting held on the second Tuesday of each month at 7:00 p.m.

#### **Mission Statement**

*To provide leadership and administer programs to help people conserve, improve, and sustain our natural resources and environment.*

#### **Vision**

*Caring for our natural resources*

# Shawnee Conservation District

## Annual Report

July 1, 2022 – June 30, 2023

**FSA and NRCS  
are in the same office  
1510 N Kickapoo Ave Suite 15  
Shawnee, Oklahoma 74804  
District's Direct line  
Office 405-214-2577**

*Our office is open Monday-Friday  
from 8:00 a.m. to 4:30 p.m.*

**Chairman Matthew Lempges  
Vice Chairman Ray Utter  
Secretary/Treasurer Lucas Cannon  
Member Larry Hayes  
Member Donna Hawkins  
District Technician Troy Nelson  
Administrative Assistant Jo Bortner**  
*Board Meetings are held the 2<sup>nd</sup>  
Tuesday of every month.*

### GOALS ACCOMPLISHED

- Implement and administer local, state and federal conservation programs to public.
- Equip land users with necessary tools for installing and maintaining sound conservation practices.
- Improve environmental quality by application of conservation practices.
- Provide information and educational assistance to the public through district programs and news articles.
- Promote participation of minority, limited resource, under served and non-traditional producers.

Promoting the use of No-Till drilling.

Red cedar eradication is the primary concern of Shawnee Conservation District cooperators. All high-priority ranked applicants were funded at a 75% rate.

Wes Watkins Watershed

## *Providing Equipment and Services to Producers in the District*

The Shawnee Conservation District provides custom Bermuda grass sprigging and No-till drilling. In February through June 2023 the district sprigged 109 acres in Bermuda grass and sold an additional 1000 bushels of Bermuda roots.

Equipment rental and custom work totaled \$31436.00

## *Oklahoma Conservation Cost Share Program*

The conservation district administers the Oklahoma Conservation Cost Share Program for the upper 2/3 of Pottawatomie County. This past year the district received \$38,000.00 for the program.

The conservation district board obtains input from citizens during locally led meetings, to determine which conservation practices will be included in the program each year.

## *Watershed Program*

There is one major watershed project within the Shawnee Conservation District boundary. North Deer Creek #1 also known as Wes Watkins Reservoir is the largest watershed in the state. The watershed contains an average of 1,142 surface acres of water. Fishing and recreation are also attributes of the watershed.

The conservation district assists the Pottawatomie County Development Authority and the Natural Resource Conservation Service with annual inspections of the flood control dam. The district offers technical assistance for such issues as; animal control, repairing erosion problems, and assisting with water quality issues.

The primary goal of the district's watershed program is making sure the dam functions as it was designed and remains safe.

## *USDA Conservation Programs*

The conservation district works closely with the NRCS in carrying out conservation work in the county. The NRCS staff provides technical assistance to the conservation district and to county land users. The NRCS also administers several federal cost share programs.

***The NRCS Staff***  
**Resource Conservationist**  
Shawn Fleming  
**Farm Bill Specialist**  
Marie Youngblood  
**Soil Conservationist**  
Will Childress

Listed below are accomplishments through federal conservation programs in 2022-2023.

- ❖ About 63 Environment Quality Incentive Program (EQIP) applications reviewed for locally led and statewide resource concerns. About 27 active contracts provided \$851,187.76 in assistance covering a total of 3174 acres. About 2 completed contracts for \$27,900.10 on 170 acres.
- ❖ About 10 Agriculture Conservation Easement Program (ACEP) contracts covering 3,172.55 acres.
- ❖ 17 Conservation Stewardship Program (CSP) applications were reviewed. About 29 active contracts on 6344 acres for \$652,657.76. 3 completed contracts on 350.3 acres for \$45,739.00.
- ❖ Working with local Chamber of Commerce's, Agencies and County Officials and Leaders to address conservation issues.

**EQIP**

**ACEP**

**CSP**

**Services and programs provided by the Conservation District and NRCS are offered on a nondiscriminatory basis without regard to race, color, national origin, religion, gender, marital status or physical disability.**

*Year Round Activities*

*Published*

Published news releases and radio ads to provide information on cost share, election and available resources. We also distribute flyers on upcoming activities.

*Yard by Yard Project*

This is a project for the citizens of Shawnee Oklahoma. This project will help with keeping our water clean. The only cost involved is a little bit of time. All you need to do is apply on the website.

[okconservation.org/yardbyyard](http://okconservation.org/yardbyyard)

If you need help applying on line we can help with that.

*Meetings*

Attended online or in person meetings and trainings as they became available.

## *Other Activities*

### *Journey to soil health*

This soil health event was held August 19, 2022 at Gordon Cooper Technology Center. We had a wonderful breakfast buffet then we journeyed into soil health in the auditorium. Thirty-nine people attended.

The speakers: Jimmy Emmons on regenerative agriculture

Mike Trammell on pasture management.

M.G. Govia OKIE811

Ty Kiser on FSA programs

Mattie Alewine on FSA loans

Trent Brooks on free ag classes available at GCTC

What I found refreshing was attendees were able to freely ask questions as speaker's presented. I believe the attendees did also.

Local Sponsors: NRCS, Gordon Cooper Technology Center, Shawnee Conservation District.

Registration table left to right: Trent Brooks, Tiffany Tooley, Jo Bortner

Gordon Cooper Technology Center Auditorium

### *Farmer/Rancher Dinner*

We had a wonderful dinner that 120 people attended.

Presentations were made by the two Conservation Districts covering Pottawatomie County.

Konawa Conservation District Achievements in Conservation:  
Cooperator of the Year-Max Dye

Shawnee Conservation District Achievements in Conservation:  
Cooperator of Year-Staci Hascall  
Friend of Conservation- Trepper Farms- Troy & Pepper Martin  
Rising Star- Morley Griffith

The Speaker was Randy Taylor an Oklahoma State University Professor of bio systems and agriculture engineering.

Local Sponsors for the dinner were:

Shawnee Conservation District, Konawa Conservation District, Arvest Bank, Canadian Valley Electric COOP, Vision Bank, First United Bank, Great Plains Kubota, Oklahoma Ag Credit, Shawnee Feed Center, First National Bank

### *Pottawatomie County Free Fair*

In conjunction with Konawa Conservation District we had a booth at the fair. Our booth won second prize. We had 143 people spin the wheel get asked a conservation question and win a prize which gives us the opportunity to discuss conservation. There were a lot of people who came over to the table that did not want to spin but did take information we had displayed. Some just wanted to have a discussion about conservation.

**"Country Pride... Pottawatomie County Wide".** Left to right: Tiffany Tooley, Jo Bortner

### *Oklahoma Conservation Commission Emergency Drought Relief*

In October 2022 work on this special cost share program at the local level had begun and is still ongoing. The Farm Service Agency had already started their drought relief programs assisting with cattle and hay. The Commission was focusing on water resources and soil health. All of these programs were met with very thankful farmer/ranchers.

### *Beef Quiz Bowl*

We were privileged to be a part of the inaugural Beef Quiz Bowl in Pottawatomie County held October 22 2022. The youth were all enthusiastic and excited for this. The Beef Bowl is a way to promote youth agriculture, provide career guidance and to promote the beef cattle industry. Prizes were awarded to the top ten contestants totaling \$11,000.00.

### *Christmas Banquet with the Pottawatomie County Cattlemen's Association*

Directors Larry Hayes, Lucas Cannon and Administrative Assistant Jo Bortner attended the banquet on December 6<sup>th</sup> 2022. At this time we also conducted a Locally Led meeting with a good response from this community.

### *NACD Annual Meeting*

We sent 2 Directors to the Annual meeting In February to the NACD 2023 Annual Meeting in New Orleans, Louisiana. They came back with knowledge of the Feral Hog programs to the south of us. They also spoke about water pollutants that are traveling to downstream areas.

### *Touch a Truck Event and Beyond*

April 1, 2023, 63 different vehicles that children don't always get to be around showed up at the Pottawatomie camp grounds. It was organized by the Pottawatomie County Emergency Management Team. The Shawnee Conservation District brought a tractor and no-till drill. Even though all around us were sirens, lights, a robot, simulators and air horns our tractor was a hit. Kids loved standing next to the tires and measuring their height and were amazed at how tall the tires and the tractor were. We also gave out flower seeds that a lot of the parents wanted to go home and plant. We also had given out verbal and paper information.

### *Conservation Workshop*

NRCS Team 11 hosted this free to the attendees outreach April 5, 2023 at the Citizen Pottawatomie North Reunion Hall. Lunch was provided.

There was 42 in attendance who heard the following speakers:

Dr. Carol Crouch, Tony Marshall, Brent Pannell, Conservation Districts, Mike Trammell, Dr. Ray Moranz, Nick Jones, Angie Bierman, and Chrissy Chaiet,

The speakers discussed conserving pollinators in Oklahoma's gardens, farm and ranches, basics of soil fertility, horticulture, grazing and forage options for livestock, and different agency program updates.

### *April 19<sup>th</sup>, 2023 Tornados*

We all made it through the tornados with our lives but two of the Directors and the Administrative Assistant homes had taken damage. Worst of all was the office had taken a big hit. The building was declared structurally unsound. On April 24, 2023 electricity had been restored at the Shawnee Conservation Districts old office building.

FSA, NRCS and the district started temporarily setting up an office in 1 large office area. The rest of the building has renters. We had all decided to continue the planning of and proceeding with the Agro tour in May while still till trying to keep up with the regular office business, the emergency drought relief programs, cost share program year 25 and tornado damage. May 11, 2023 we all got the word that the building had been declared structurally sound and cleaning had been done. We were able to move back to the office while the rest of the repairs were being made.

### *Loss of Shawn Fleming*

Shawn Fleming died May 13, 2023. His loss made a huge deficient just as we were getting back to the office. We had to cancel the Agro Tour he had been a major part in the planning and execution of the tour. It was going to be May 19, 2023.

## **Feral Swine Report for September 2023**

### **Northern Oklahoma Feral Swine Project-Michael Horinek**

- Damage Assessments are continually being completed.
- Attended Kay County and Pawnee County Conservation District Board Meetings.
- Utilized game cameras to scout potential trap sites.
- Aided APHIS in the field with on numerous occasions scouting, baiting traps, and removing swine from traps.
- Currently 70 landowners have signed up in the project with approximately 50,000 acres have been enrolled in the project area.
- 40 feral swine have been captured directly related to the efforts of the Feral Swine Specialist this month.
- Charging trap batteries on a daily basis, maintenance repairs on traps, trailer, and utv.
- Thermal Scouting with APHIS.

### **Red River Swine Project**

#### **Upper Red River County Feral Swine Control Pilot Project**

- Bait Traps
- Help APHIS move traps.
- Set up traps and Bait.
- Change out batteries on cameras.
- Aid APHIS with removal of hogs from traps.
- Signed up 1 new landowner
- Caught 4 feral swine in Roger Mills County

**OKLAHOMA CONSERVATION COMMISSION  
 CONSERVATION PROGRAMS DIVISION  
 Tammy Sawatzky, Director  
 October 9, 2023**

**Administration- Tammy Sawatzky**

- Approved \$61,592.28 of O&M funding requests:

<u>District</u>	<u>Project</u>	<u>Amount</u>
Lincoln County	Quapaw 16 – repair front slope	\$ 4,800
Little River	Waterfall-Gilford 2 – slip line principle spillway inlet	52,285
Logan County	Bear Fall Coon 23 – clean around tower & remove beaver dam	2,800
Mayes County	Pryor 31 – chemical	350
Murray County	Pennington 1 – outlet repair	1,307
Washita County	Boggy 24 – repair principle spillway tower	300

- Approved the following requests for APHIS:

<u>District</u>	<u>Project</u>
Konawa	Salt 16
Logan County	Bear Fall Coon 23

- Reconciled O&M and rehab financial records.
- NRCS agreement management for watershed activities and remedial repairs.
- Attended OCC meeting, September 7.
- Conducted the CPD staff meeting, August 29.
- Attended the Principle Staff meetings, August 31.
- Claims processed:

	<u># of Claims</u>	<u>Amount</u>
CPD Administration	27	\$ 155,194.48
District O&M	9	<u>15,185.84</u>
TOTAL		\$ 170,380.32

- Met with representatives from Vulcan Materials Company, NRCS, and Johnston County CD to discuss issues related to Mill Creek Sites 15 and 17, August 31.
- Participated in Ez Fed Grant web training on changes related to federal grants/agreements reporting, September 12 & 13.
- Worked with Janet Stewart to develop a Programmatic Agreement with SHPO for the flood control structures.
- Attended the Emergency Drought Commission meeting, September 19.
- Attended PDM meeting with NRCS staff, September 20.
- Prepared watershed dam benefits and cost-share participants funded data to be included in updates to the legislative fact sheets.
- Deployed six new watershed trucks and transfer of five old watershed trucks.
- Provided CPD updates to be included in the FY25 Budget Request.

**Watershed Rehabilitation and New Construction**

- NRCS rehabilitation and new construction agreement management.
- Participated in a meeting with City of Perry officials and NRCS staff to discuss mitigation needed to meet requirements of the USACE 404 permit for Upper Black Bear 62 rehabilitation project, September 11.

- Administrative, technical and land rights assistance to:

Rehabilitation

- Sequoyah County – Sallisaw 33, Sallisaw 36
- East Canadian County – Uncle John 10
- Town of Wilburton – Fourche Maline 7M
- Town of Meeker – Quapaw 15
- City of Perry – Upper Black Bear 62
- Adair County – Scraper Hollow 2
- Pontotoc County – Upper Clear Boggy 26
- Latimer County – Boiling Springs 1
- LeFlore County – Caston Mountain 1 and 2
- Washita County – Oak 5
- Hughes County – Little Wewoka 12

New Construction

- Love County – Lower Bayou 12

**Administrative Programs – Paige Porter**

- Received and reconciled Division vehicle/equipment logs for fleet report and Comdata invoicing.
- Assisted multiple districts on OKIE811 responses and district watershed POC.
- Paid August utility services for Clinton and Pauls Valley watershed shops.
- Facilitated purchasing requests for the division.
- Reconciled & submitted Conservation Programs August P-card activity.
- Continued CP Division inventory project and maintenance.
- Created template for proposed division reporting.
- Compiled and prepared September CPD report for October Commission Meeting.
- Facilitated Grady watershed workshop contract, pre-construction meeting, work start and communication for CAP, Grady CCD, OCC, consultant and work site.
- Attended Conservation Programs Staff meeting on August 29.
- Attended Grady County CD Board meeting including visit to watershed shop construction site, August 29.
- Deployed 6 of 7 new vehicles and reassigned 8 vehicles within CPD field fleet beginning Sept 6.
- Attended monthly Commission meeting, September 7.
- Served on hiring committee for new CPD GIS specialist.
- Created out of state travel plans for 5 CPD staff to attend NASCA/NWC joint annual meeting, Salt Lake City UT, September 30. Out of state permissions, conference registration, flight and hotel accommodations.

**Geographic Information Systems Projects – Wendie Sharp**

- Organized interviews for Conservation Programs GIS Specialist position between hiring committee and HR.
- Conducted interviews for Conservation Programs GIS Specialist position with hiring committee.
- Prepared interview assessment for prospective candidates.
- Read through Conservation District Handbook.
- Prepared presentation for National Watershed Coalition Conference.
- Continued work on Easement Mapping Initiative for watershed dams.
- As of September 18th, a total of 2,178 easements linked to 521 dams have been mapped. *The total from month-to-month can fluctuate due to record modifications.*

- Mapped 137 watershed easement documents linked to 47 watershed dam sites through September 15th.
- Reviewed dam easement documents from Grady County CD.
- Organized and partitioned watershed dam easement documents into individual easement PDFs for Grady County CD as needed.
- Mapped encroachment areas, additional ingress/egress areas, and watershed dam road spatial features linked to watershed dam sites. Easement mapping is the primary focus of the project, although other key spatial features noted on easements and other legal documents are being collected to provide a comprehensive view of the watershed dam site.
- Attended CPD Staff meeting on August 29.
- Attended Grady County CD board meeting and Watershed Shop site visit in Chickasha, Aug. 29.
- Attended Commission meeting, September 7.
- Listened to OGIC meeting via Zoom, September 8.

### **Conservation Programs Field Operations- Tom Goode**

- Conservation District Board meetings attended (7):
 

Grady Co. 8/29	Seminole Co.,8/31	Arbuckle CD 9/5	Wagoner Co. 9/12
Kiowa Co. 9/13	Custer Co. 9/13	Hughes Co. 9/14	
- Attended Conservation Programs Division Staff Meeting on August 29.
- Attended Commission meeting, Sept. 7.
- Watershed Aide/Team Consultations:
 

Murray County	Okfuskee County	Hughes County	Pontotoc County
---------------	-----------------	---------------	-----------------
- Conservation District offices visited (10):
 

Creek County	Pontotoc County	Konawa	Lincoln County
Shawnee	Atoka County	Coal County	Arbuckle
Love County	Muskogee County		
- Watershed dam sites/projects visited:
  - Pennington 2 & 3, Murray County
  - Big Wewoka 17, 18, 33, Hughes County
  - Salt Creek 49, Konawa

### **Cost-Share Program - Taylor Marshall**

- Took in and Processed Locally Led Cost Share and Emergency Drought Claims for Payment.
- Attended Drought Commission Meeting on August 23.
- Attended Conservation Programs staff meeting on August 29.
- Attended Commission Meeting on September 7.
- Participated in Panel at the Veteran Owned Business Conference in Midwest City, OK on September 7. Discussed Locally led cost-share and how the program is comparable with NRCS programs.
