

LONG RANGE PLANNING

may be the death of me....

IS THE LONG RANGE PLAN MAKING YOU:

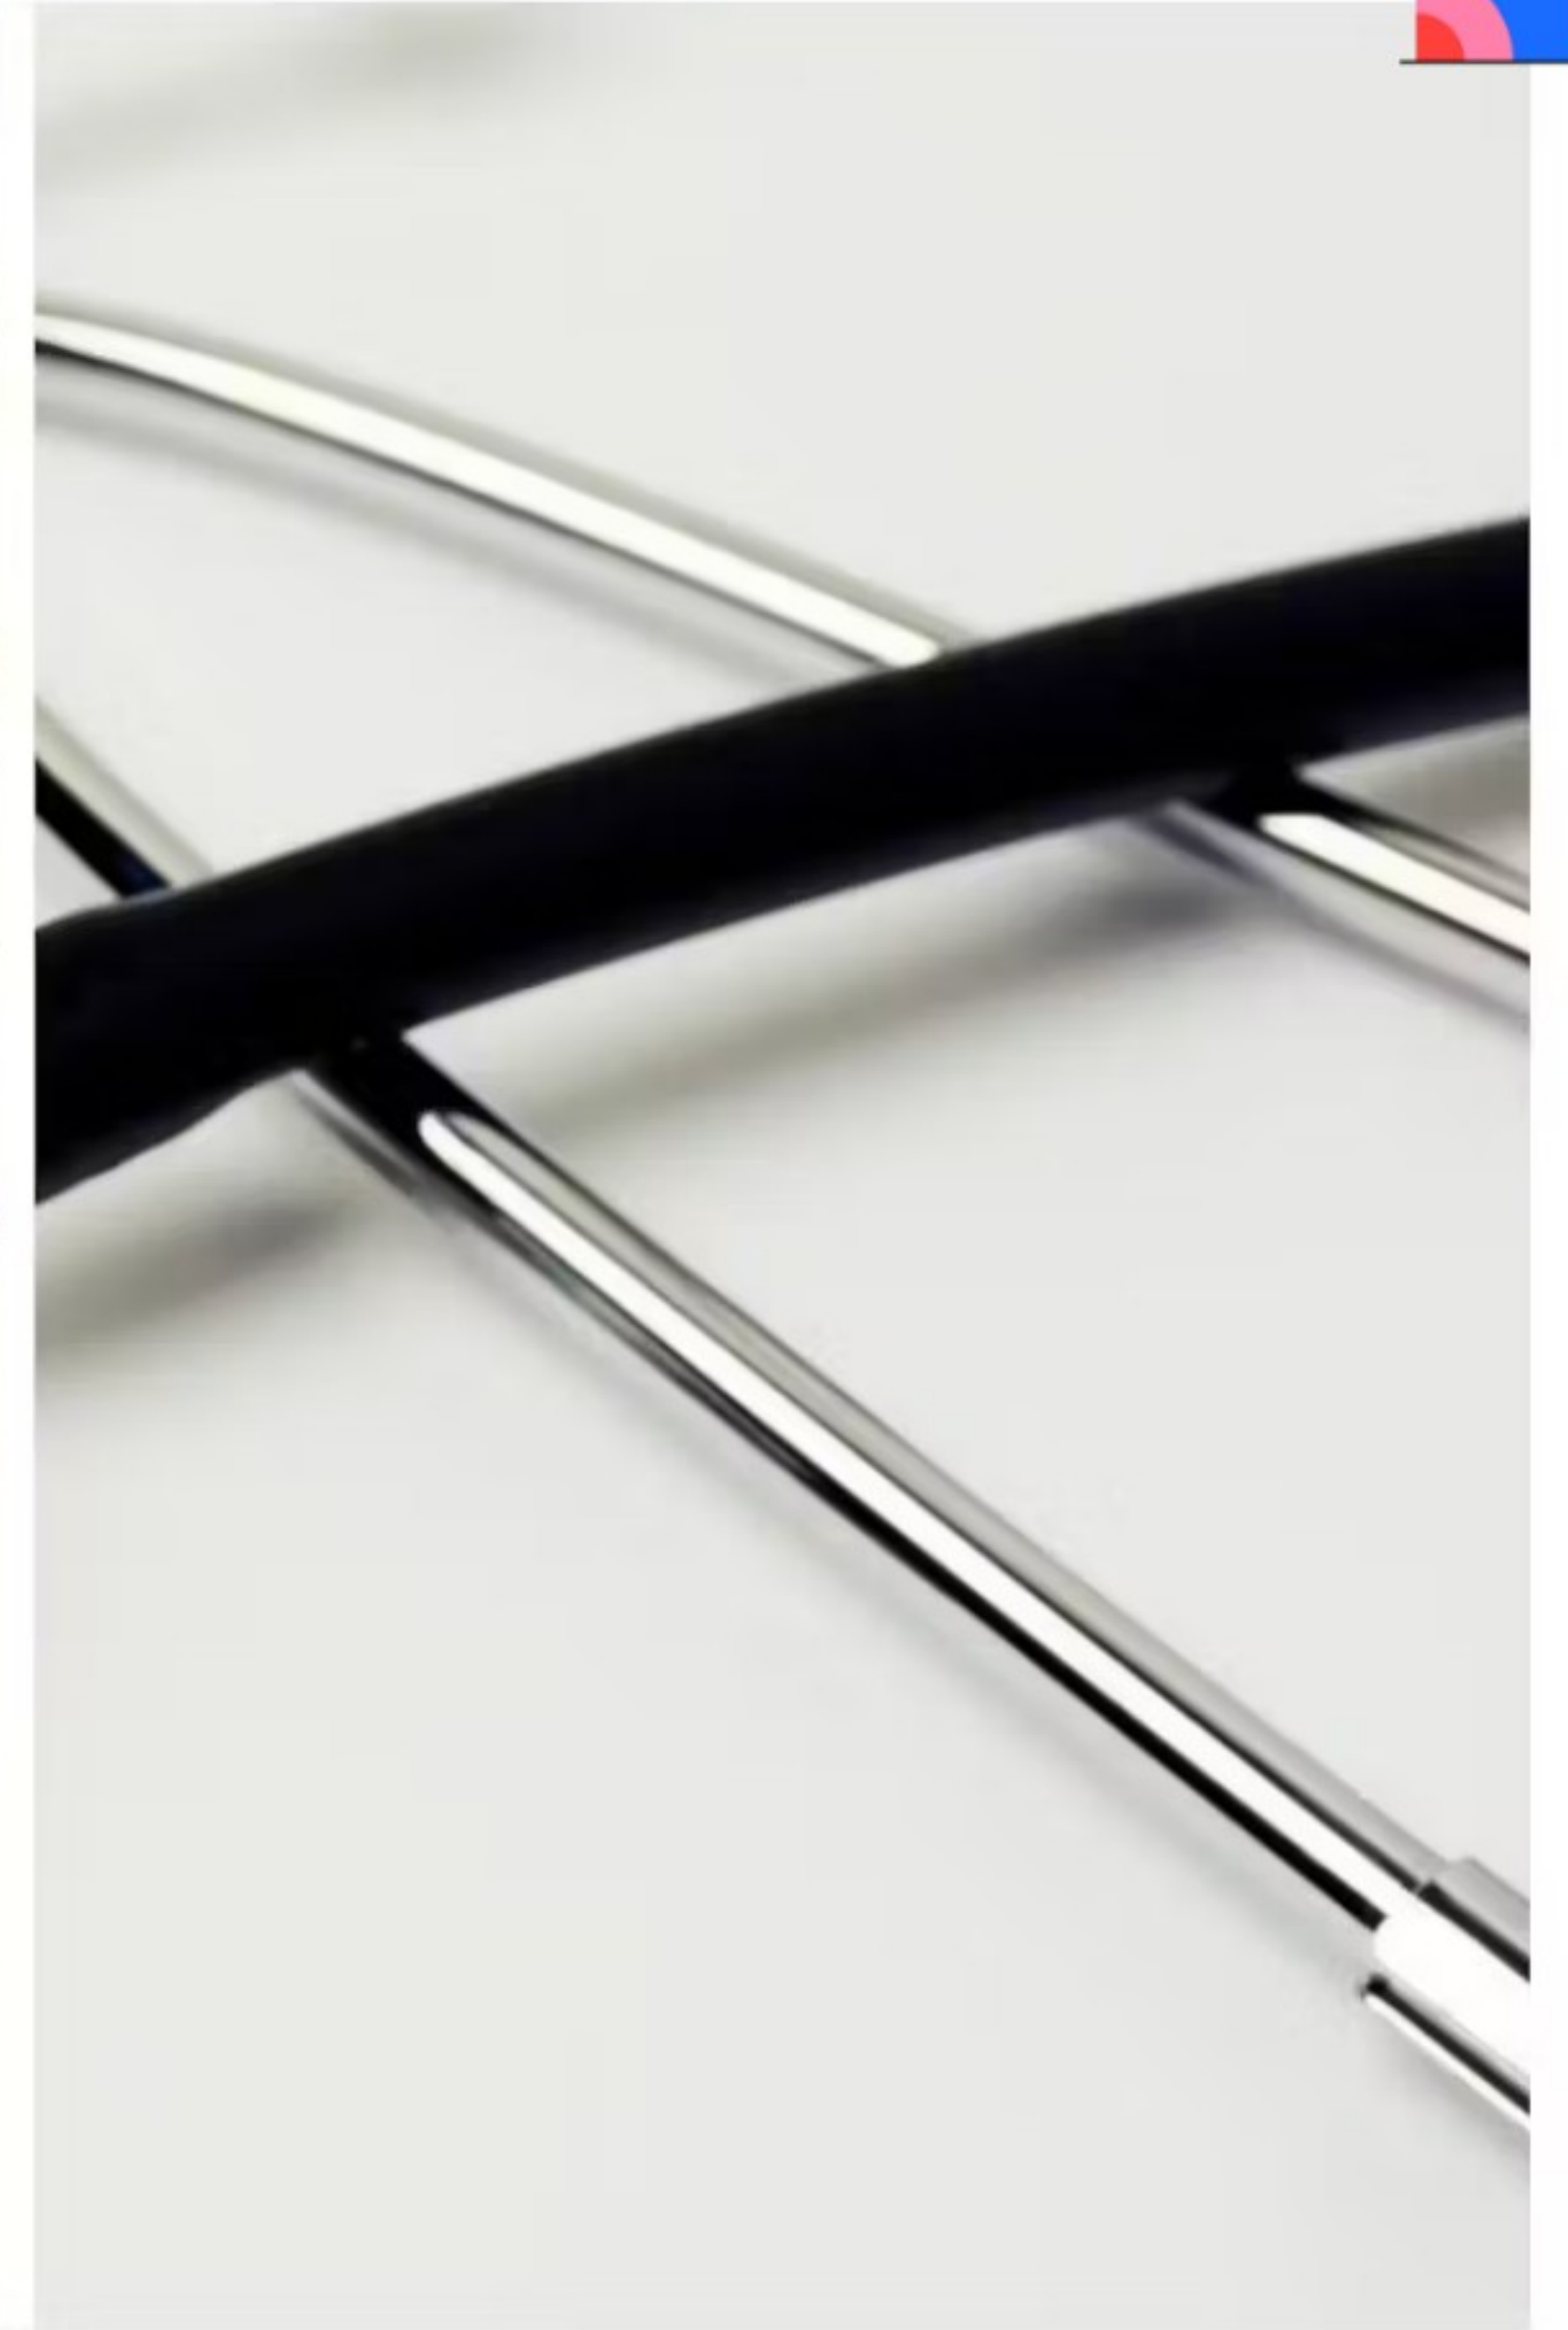

Have high blood pressure?

Lie awake at night?

Pull your hair out?

Question the purpose of
life in general?

**YOU ARE NOT
ALONE!**

WHY, O WHY, DO WE HAVE TO DO THIS?

THE LEGAL & PRACTICAL REASONS
FOR LONG RANGE PLANNING

DIRECTOR ENGAGEMENT

What Works & What Doesn't

LOOK

Where to Find Information on Natural Resources

What is your one best tip for the locally led process?

Stay on top of it

Work a little each day

Take the time and just do it

Feed them

Feed them

Food

Follow the timeline
Clancy sent us

Have it in the evening

12

62

What is your one best tip for the locally led process?

Copy from the years before

Give them homework

Talk to your producers

Go where the producers are. I.e. auctions,

Keep a "send to" list to mail invites

Get the word out

Work on it daily

Offer food

12

62

What is your one best tip for the locally led process?

Reach out to partners
you work with in your
county

Meet with others to
brainstorm

Food

Make a survey available
through social media

Send invite postcards

Keep survey available

Engage -communication

Have an open mind and
make sure to reach out to
producers.

What is your one best tip for the locally led process?

Listening

Donuts

Make it interactive and
not like a lecture

Do a little bit work each
meeting

Talk to producers

Resource surveys at mtgs
or even walk ins

Take it serious and get
diverse representation.

* Communication of
importance of program.

What is your one best tip for the locally led process?

Feed them and do a door prize

Have it at a fun location

Surveys

Surveys

Surveys

Work on it monthly and think outside of the box

Don't put it off

Stay organized

12

62

What is your one best tip for the locally led process?

Cost-share participants

Start early and keep going there's light at the end of the tunnel!

Serve food. It helps with attendance.

Invovement

Survey

Advertise

Use a public event to get input from everyone

Work a little each day

12

62

What is your one best tip for the locally led process?

Stay ahead

Communicate with
landowners year around.
Never stop asking about their
needs.

Reminders

Feed them

Plan ahead talk to your
board and partners

Work with partners schedules
and don't schedule on top of
other events.

Do a field demonstration

RSVP

12

62

What is your one best tip for the locally led process?

Advertise meeting and have food

Talk to producers

Food

Work on it at each meeting

Place the planning item at the top of the agenda. Usually placed near the bottom.

Ask them share thoughts, opinions, and struggles.

Feed them or pay them for them to help you with the plan

Have it with a meal

What is your one best tip for the locally led process?

Talking to local producers, fsa. Send txt or social media

Social media

Have it at the trade show and make the meal ticket their response

Hire someone to do your plan for you

Feed them

Talking to farmers

Include the meeting with an event already established where there will be a lot of attendees..

* Show successes of programs

What is your one best tip for the locally led process?

Information from NRCS tech staff.

Keeping on target

That it is returned unapproved

Talk with partners and producers

Bad grade
