THE OKLAHOMA ASSOCIATION OF
CONSERVATION DISTRICTS

THE OKLAHOMA ASSOCIATION OF CONSERVATION DISTRICTS
& THE OKLAHOMA CONSERVATION COMMISSION
ARE PROUD TO OFFER A VERY SPECIAL SCREENING
OF A SHORT FILM ON AUSTRALIAN
REGENERATIVE FARMER, CHARLES MASSEY.

FOR FIVE GENERATIONS, CHARLES MASSY'S FAMILY RODE ON THE SHEEP'S BACK AND NEARLY DESTROYED THEIR LAND IN THE PROCESS. WHEN DROUGHT IN THE 80S AND 90S ALMOST SENT HIM BROKE, THE COOMA FARMER SWITCHED TO REGENERATIVE AGRICULTURE AND WATCHED HIS OVERGRAZED LAND RECOVER. IN HIS MID-50S, CHARLES MASSY STARTED A PHD, VISITING 80 TOP REGENERATIVE FARMERS TO SEE WHAT THEY WERE DOING DIFFERENTLY. THAT LED TO HIS GROUND-BREAKING BOOK 'CALL OF THE REED WARBLER', A PLEA TO FARMERS TO START WORKING WITH NATURE.

Conservation District Issues:

Responded to issues and questions for or on behalf of the following conservation districts:

Adair CCD, Deer Creek CD, Dewey CCD, East Canadian CD, Garvin CCD, Kingfisher CCD, Latimer CCD, Little River CD, Mayes CCD, McClain CCD, Nowata CCD, Okfuskee CCD, Seminole CCD, South Caddo CD, and Washita CCD

Responded to questions or issues by conservation districts regarding the following topics:

Responded to: a question on District Director abstaining on vote regarding bid where grandson is involved, assistance with Lowry watershed letter; Question regarding the release of district employee

work addresses, phone numbers, and emails; Finalized Uncle John Creek 4 Acknowledgement; Draft of Subordination Agreement on Maysville Lateral H-5; Work with district on the issues arising on Cottonwood Creek Site 20; Assisted with the drafting of the repairs needed on Fourche Maline Site 1; Worked with the district on the development of an affidavit on watershed structures to be filed in the land records; Reviewed Cooperative Agreement regarding Regenerative Grazing Management Workshops; Responded to call from district director regarding Criner Creek Site 5 and reviewed draft board minutes on Criner 5 discussion; Discussion on process of selecting applicant to hire and executive session process; Reviewed CARE MOU for district; Awaiting follow-up on draft easements; Responded to citizen concern on Sugar Creek Channel work; Reviewed agreement between Washita and Kiowa CCD's.

Rehabilitation and Repair Projects:

- * **Quapaw Creek 15** (schedule and progress): - NRCS is still negotiating price for the design with contractor. The price requested is more than what was budgeted.
- * **Sallisaw Creek Site 33** – The appeals court in early September ruled that the findings by the OWRB that Site 33 is high hazard structure was a correct decision and therefore the court vacated the lower courts order and has sent the case back to the lower court. In addition, the landowner's attorneys have filed a motion in District Court to force the District back to the terms of the Settlement Agreement. The landowner continued to make unreasonable requests during settlement, so any movement forward will depend on the landowners.
- * **Caston Mountain Sites 1 & 2** – Real Property Work Maps have been shared. Additional land rights are required on-site 2. Reaching out to the District to work on the land rights. NRCS is working on a fee proposal to address the spillway design concerns on Caston Mountain 1.
- * **Upper Black Bear Site 62** –USACE is currently working on the 404 Permit. Per discussions with USACE, the permit draft approval is in peer review. The best estimate on final approval is about 30 days out. The City of Perry is moving forward with the few remaining issues pending – oil and gas lines and roads and rural water line. Lastly, working to confirm the construction work limit line with the acquisition of the new easements.
- * **Fourche Maline Creek Site 7M** –NRCS has submitted the 404 permit application to USACE and the 404 permitting process has begun.

Other Flood Control Issues:

- * **Fourche Maline Creek Site 1** –NRCS has submitted guidance for the District on the necessary steps to rectify the damage incurred by the landowner's placement of a road as well as sharing an estimate of the potential costs associated with the needed repairs. The District is now preparing a formal letter to send to the landowner requesting that the Site be restored to its "as-built" condition. Communication has occurred with the ADA and she is ready to assist the district as needed.
- * **Criner Creek Sites 2 & 5** – The District has set a meeting for September 25th to meet with the Assistant District Attorney to discuss the OWRB protest process and the gathering of documents and coordination of possible witnesses.

General Commission Issues:

- * Reviewing Conservation District Act and setting up meetings with division directors. Have met with Trampas, Greg, Mike, Tammy, and Clancy
- * Drafting the Programmatic Agreement with SHPO
 - o Gathered the information that will be needed to communicate with the 39 tribes on this Agreement
 - o Draft with NRCS for review

- Received feedback and recommended changes to the Agreement from the State Historical Preservation Office (SHPO) and in the process of working through the feedback.
- * Scheduling for meetings: 3
- * Responded to student seeking information for FFA speech
- * Reviewed Contracts and Agreements: 2
- * Drafted Easements: 2
- * Conducted interview for Attorney 1 position
- * Research Projects: 5 (raffles, riparian protection easements, retirement contributions, district allocations, at-fault driver accident process,)
- * Document Reviews: 4
- * Conservancy abstract requests: 2

- **Respond to Citizen Requests:** Deliver wetland information to the public, primarily in response to requests through the Wetland Registry hosted on the Wetlands Program Website
- **Wetland Conservation:** Deliver wetland conservation. This effort is a collaboration with the Nature Conservancy (TNC), International Crane Foundation (ICF) and the Playa Lakes Joint Venture (PLJV). The collaborative workgroup is called the Partnership for Oklahoma Wetland Restoration (POWER). Conservation practices will depend on availability of funding from active grants.

Active Grant Projects:

- **Oklahoma Rapid Assessment Method (OKRAM) Integration:** This project is funded by a WPDG to refine development of OKRAM, a condition based assessment tool for wetlands. Project highlights include (1) collection of an additional 30 OKRAM assessments at wetland types under-represented in our dataset, (2) compilation of 300+ OKRAM assessments into a database and publicly available web application, and (3) analysis of dataset to refine method.
- **Restorable Wetlands Identification Protocol (RWIP):** This project is funded by a WPDG to continue to develop and refine a desktop screening tool that can be used to identify wetland restoration opportunities. Project highlights include (1) remapping of restorable polygons using higher resolution datasets in 30 watersheds, (2) attributing restorable polygons with restoration feasibility resulting from hydrologic modification in 30 watersheds, and (3) data sharing through a web application.
- **OKRAM Guidebook:** This project is funded by a WPDG to develop guidance materials for OKRAM, to help promote usage of the method. Project highlights include (1) a detailed OKRAM guidebook, (2) digital training materials and an in-person training delivered in 2024, and (3) coordination with the United States Army Corps of Engineers (USACE) to help promote usage of OKRAM in CWA programs.

Meetings and Calls Attended by Staff

- 9/3: Meeting with OSU to discuss analysis for OKRAM project
- 9/3: Met with Alexa Whipple of the Beaver Institute
- 9/4: Wetlands financial meeting
- 9/5: Meeting with Koch Communications to discuss Wetlands website
- 9/6: Meeting with NAWCA
- 9/9: Meeting with Brown and Caldwell to discuss grant opportunities
- 9/10: TNC Luncheon
- 9/11: OCC full staff meeting
- 9/12: Lightning Creek Mitigation Bank Prospectus field visit
- 9/30: Meeting with OSU to discuss analysis for OKRAM project

Presentations Given by Staff

- 9/17-9/19: Training to State and Federal partners (NRCS, USACE, and ODOT) on OKRAM

Trainings and Conferences Attended by Staff

- 9/20: Lake Frances Wetlands Workshop II
- 9/23-9/24: NACD Meeting

Accomplishments by Project

Wetland Determinations:

- Completed 5 wetland determinations

Mitigation Plan Review

- Reviewed Lightning Creek Mitigation Prospectus and visited site

Citizen Requests for Wetland Information

- Responded to 1 request for more information

Wetland Conservation

- Continued developing NAWCA with anticipated submission date in 2025
- Continued development of wetland restoration strategy document
- Executed agreement of NFWF SGPG grant
- Advertised new wetlands position and selected applicants for interview

OKRAM Integration

- Coordinated with OSU on validation/calibration analysis plan for complete OKRAM dataset of over 300 assessments statewide

RWIP Refinement

- Completed RWIP application in 2 HUC-8 watersheds
- Continued RWIP application in 3 new HUC-8
- Continued development of R Shiny app for sharing RWIP data

OKRAM Guidebook

- Continued producing training materials and presentations for training
- Completed a three day training for federal and state partners in Tulsa

New Grant Applications and Awards

- No new awards/applications for August

Greg Kloxin, Program Director
Meg Greski, Program Coordinator
Team members: Greg Scott, Blane Stacy, Marcus Long, Josh Anderson, Jack Titchener

Farm and ranch producer consults/soil testing:

- Carl Manske, Shattuck
- Drummond Ranch, Osage Co.
- Hayes Ranch, Nowata
- Randy Taylor, Caddo
- Alford, Tishomingo
- Jeff Dill, Hollis (SHIP)
- Gary Bolton, Valliant (SHIP)
- McKinley, Asher (SHIP)
- Jackie & Cindy Hunter, Stratford (SHIP)
- Randy Will, Noble Co.
- Justin Dvorak, Noble Co.
- Blake Smith, Arbuckle CCD
- Ed Casey, Nowata

Urban site visits and Yard by Yard certifications:

- Three Springs Farm, Oaks
- Luna Flower Farm, Tulsa
- Rachel Surls, Tulsa
- Walter Gund, Tulsa
- Betsey York/ODWC, OKC
- Cheryl Royal, OKC (YxY)
- Kari Bloom, Tulsa (YxY)
- Wren Geiger, OKC (YxY)
- Doxa Farm, Seminole
- Natalie Evans, OKC
- Kelsey Elledge, OKC

Meetings/calls attended:

- Trey, Greg K and Meg attended the annual update meeting for the Southern Plains Regen cotton research project in Canyon, TX. They are on the advisory board for the project.

- Blane, Greg K and Meg met with Noble Research Institute multiple times to plan two free Noble Grazing Essentials courses to be offered in Mayes County in October (to meet deliverables for an Illinois River Watershed nutrient management grant).
- Greg K and Meg met with the OSU virtual fence research project team in Stillwater. OCC Soil Health is tasked with advising & outreach for the project.
- Greg K met with General Mills project representatives to discuss next steps with James having left.
- Greg K met with NRCS to discuss the ERC program (I don't actually know what that is...-Meg)
- Greg K is involved in planning for the NACD South Central Region meeting to be held in Osage County next week.
- Greg K met with OACD, the Chickasaw Nation, and other partners to continue planning for the delivery of OACD's Climate Smart Commodities grant beginning in 2025.
- Jack attended a meeting of the Tulsa Urban Ag Coalition board.
- Jack and Marcus went to a virtual planning meeting for a fall wildflower education event.
- Marcus attended a board meeting for the OK Native Plant Network, and a planning meeting with Native Farming Solutions.
- Marcus worked on planning a native plant tour with the OK Native Plant Society, and an Earth Academy educational event for high school students in OKC.
- Marcus attended a meeting of the OK Compost & Sustainability Association's education committee, and virtual meeting of the Urban Ag Network.
- Marcus met with Okies for Monarchs about a collaboration with YxY.

Presentations given:

- Blane put on a plant ID field day for students in the Caney Valley CD, and presented at Craig CCD's outdoor classroom.
- Meg showed the rainfall simulator at Dewey County Fair with Dewey CCD.
- Greg K gave a guest lecture for Dr. Scott Stoodley's environmental science students at OSU.
- Blane put on a demonstration at the Latimer County Fair with Latimer CCD.
- Blane helped put on a field day with Farm Journal/Trust in Food in Lenapah, OK
- Marcus participated in a soil health conversation with the Full Circle Book Club, and a "Healthy Soil For The Home Gardener" workshop with the Edmond Iris & Garden Society.
- Marcus presented a Lunch & Learn session for Yard by Yard participants at the DEQ building.
- Marcus spoke to the East Canadian Master Gardeners group about urban conservation and YxY.
- Jack set up a booth and gave a presentation at the NE Oklahoma "Party for Pollinators" trade show.
- Jack presented about Yard by Yard to the Northeast chapter of the OK Native Plant Society.

District events attended:

- Meg went to Upper Washita CD's board meeting

- Blane attended Nowata CCD's board meeting
- Marcus went to Oklahoma CCD's board meeting, and helped district personnel interview potential interns for the Working Lands Climate Corps program.
- Josh helped with 4-H and FFA educational activities at Johnston County Fair with Johnston CCD.
- Josh went to Johnston and Marshall CCDs' board meetings.

Other education & outreach activities:

- Meg attended the second annual Water-Wise Field Day in Clayton, NM, hosted by New Mexico State University and the NM Healthy Soils Working Group.
- Greg Scott and Marcus attended the OK Monarch Summit in OKC, hosted by Okies for Monarchs
- Jack went to the Green County Gardener's Table event hosted by NSU Broken Arrow
- Josh attended the Oka Institute's Oka-Con water conference in Ada, and an advisory board meeting for Carter County OSU Extension.
- Josh went to OSU's Fall Pecan Field Day in Cleveland.
- Marcus was interviewed about Yard by Yard for OU's university newspaper.
- Marcus attended a Sustainability Social Hour event in OKC hosted by OKC Beautiful, and Oklahoma Local Ag Collaborative's Northeast Workshop in Muskogee.
- Marcus helped install a pollinator garden with OKC Beautiful.

Blue Thumb in Pictures

September, 2024

Blue Thumb Training in Grove! Ten new volunteers completed Blue Thumb training September 14 and 15 in Grove. New Ozark streams will be gaining volunteers!

Blue Thumb and the Rest of the Oklahoma Conservation Commission Volunteer!

The Oklahoma Conservation Commission has staff meetings quarterly so that everyone can stay informed and come together. The staff meeting in September not only brought the conservation family together, it also provided an opportunity to help out the Central Oklahoma Food Bank. All the folks pictured below spent time on the "assembly line" sorting, putting together, and packaging snacks and meals for children to take home. While we are pausing a moment to talk about volunteers, three cheers for Blue Thumb volunteers for learning about local streams and getting information on stream protection out to the public!

Fish Collection on the Salt Fork of the Arkansas River

One of the larger streams monitored by Blue Thumb, the Salt Fork of the Arkansas River, received their fish collection on August 27. Participating were Blue Thumb's Kim, Candice, and Rebecca, and many thanks to Jeff, the OCC Wetlands Coordinator, and the volunteer, Steve.

BELOW

Blue Thumb helped out the Sustainability Alliance and the Tulsa Design Studio at the Sustainability Open House at the Gathering Place in Tulsa on August 31.

People were especially encouraged to share their views about the new dam on the Arkansas River that has created Zink Lake.

Plains Killifish from Salt Fork...

Over 200 were caught, 98% were freed to continue their Salt Fork life.

Blue Thumb was happy to help out at the Eastern Oklahoma Shawnee Tribe's "Lost Creek Festival" in far NE Oklahoma. Over 500 students learned about benthic macroinvertebrates and fish and even had time to explore on their own in beautiful Lost Creek.

Monarch Butterfly Day in Murray County!

Blue Thumb was invited to Monarch Butterfly Day at the Chickasaw Cultural Center in Sulphur on September 14. Over 1,300 people attended.

Blue Thumb welcomes Hunter Hodson as a new staff member! He graduated from NSU in Tahlequah and has recently been employed by the OKC Zoo. Hunter will work primarily with volunteers in western Oklahoma.

OFFICE OF GEOGRAPHIC INFORMATION & TECHNICAL SERVICES DIVISION
MONTHLY SUMMARY**

Mike Sharp, State Geographic Information Coordinator & Director
September 2024

OGI & TS Activity

- Worked on various hardware and software support issues for OCC non-OMES computer systems.
- Followed up on and provided assistance regarding OMES helpdesk tickets submitted by OCC and District staff.
- Routine server, software and anti-virus and anti-spam maintenance on OGI computer systems.
- Provided support on various office IT issues.
- Provided support on various conservation district IT issues.
- Attended Full Staff Meeting

Geographic Information System (GIS) Activity

- Provided GIS services to Land Management, WQ, District Services, Conservation Programs, and Administration.

Office of Geographic Information/State Geographic Information Council

- Worked on OKMaps servers, software and data.
- Compiled parcel data for statewide parcel data layer.
- Worked on NG911 IT systems configuration and backup.
- Provided support to OKMaps users.
- Provided GIS support to OCC Watershed Dam Easement Initiative
- Ongoing GIS data management
- Worked on Non-Coal Inventory.
- Worked on IT issues concerning OMES.
- Worked with Pinnacle Business Systems and Covenant Technology Partners to work on updating Active Directory Services including migration from legacy servers to virtual servers.
- Worked on 911 Grants
- Worked with 911 Management Authority on 911 RFP review.
- Worked on Red Cedar identification in Cimarron and North & South Canadian Rivers Watersheds.
- Worked on developing specifications for statewide aerial photography project.
- Compiled minutes and agenda for September GI Council meeting.
- Attended Oklahoma South Central Arc User Conference (OKSCAUG)
- Attended National States Geographic Information Council (NSGIC) meeting in San Antonio.

Land Management Division Report

October 3, 2024

DIVISION ADMINISTRATION

- Advanced state-wide non-coal AML inventory
- Prepared OCC meeting packet financial report
- Updated claims database
- Submitted pcard reports
- Code pcard transactions
- Update GIS webpage
- Staff participated in webinar trainings
- Statewide Non-Coal AML database management
- Budget & Financial Management: Budget management & reporting
- Personnel Management: Reported time; approved time; assigned tasks & directed staff
- Equipment Management: Submitted vehicle logs; updated & maintained equipment inventory;
- Operations Management: File management; monitored flow of operations, target dates and deadlines
- Prepared & submitted OCC Activity Report
- Participated in OCC Management meetings
- Participated in Communication Committee Meeting
- Participated in Commission Employee Handbook revision
- Work with Conservation Districts on agreements for Unpaved Roads, Conservation Planners, and Cedar Eradication Technicians
- Assisted district staff with program information
- Review and update OCC equipment inventory
- Update division calendar for program dates
- Worked with districts regarding agreements for hybrid staff
- Attended multiple teams training sessions
- Assist with Commission employee handbook revision
- Processed claims from CDs from various programs
- Updated agreement database
- Staff attended OCC Full Staff Meeting in OKC
- Staff attended board meetings at Delaware County CD and Woods County CD to discuss programs
- All LMD staff attended Division quarterly staff meeting
- New staff Construction Manager 1, Tyler Patterson, promoted from Conservation Planner

PROGRAM MANAGEMENT

Unpaved Roads Program:

- Guymon Unpaved Roads Training
 - August 14, 2024
 - 11 in attendance
- Schedule of trainings (dates and locations have changed)
 - Idabel October 9th
 - Tulsa October 23rd
 - Wilburton November 13th

- Attended
 - September Commission meeting
 - Teams Training – Reimbursement Claims
 - District Services meetings
 - A&R Committee meeting
 - Full Staff meeting
 - NACD South Central meeting

Area 1 District Coordinator, Lacie Landers

- Collaborated with ADCs to develop DIG program components and processes
- Collaborated with Lisa Grey on NASCA state staff sharing presentation
- Completed OMES SEAT training
- Worked water quality to research possible office locations for wetland specialist
- Attended
 - Teams Training – Reimbursement Claims
 - District Services meetings
 - Full Staff meeting
 - NACD South Central meeting
 - Dewey County fair
 - Grant CCD board meeting and event
 - Ellis CCD board meeting
 - ADC project meetings
- District Updates
 - Alfalfa CCD – assisted with audit issues and accounting procedures
 - Beaver CCD – assisted with reporting documents for shared technician
 - Central North Canadian River – assisted with cedar technician transfer to Payne CCD, reviewed submission dates/processes of deliverables
 - Ellis CCD – assisted with poster display at county fair
 - Garfield CCD – offered to assist with office operations while district manager was out, assisted with poster contest; visited office twice
 - Grant CCD – visited office
 - Harper CCD – assisted with minute amendment guidance
 - Major CCD – visited office
 - Texas CCD – assisted with poster contest, provided guidance on new hire documents for part-time employee
 - Woodward CCD – assisted with audit issues and auditor questions

Area 2 District Coordinator, Tammy Curry

- Collaborated with ADCs to develop DIG program components and processes
- Assisted multiple districts with audit questions
- Attended
 - Teams Training – Reimbursement Claims
 - District Services meetings
 - Full Staff meeting
 - NACD South Central meeting
 - Kay CCD board meeting
 - McClain CCD board meeting
 - Murray CCD board meeting
 - Oklahoma CCD board meeting
 - NRCS Team 14 meeting
- District Updates
 - Cleveland CCD – assisted with offboarding conservation planner
 - Garvin CD – assisted with finances, budget request, and cost-share calculations
 - Kay CCD – assisted with minute amendments, executive session questions

- McClain CCD – helping in interim until new district manager is hired, prepared for board meeting, purchased district computer system, facilitated and assisted with interviews, assisted with Criner 5 research
- Oklahoma CCD – assisted with setting up new laptop, met with district manager and board member to review office processes/procedures
- Payne CCD – assisted with cedar technician transfer from CNCR CD

Area 3 District Coordinator, Rhonda Bowman

- Collaborated with ADCs to develop DIG program components and processes
- Attended
 - Teams Training – Reimbursement Claims
 - District Services meetings
 - Full Staff meeting
 - NACD South Central meeting
 - Craig CCD board meeting
 - Delaware CCD board meeting
 - Wagoner CCD board meeting
 - Climate Smart Commodities program trainings
- District Updates
 - Craig CCD – helping in interim until a new district manager is hired, prepared for and facilitated board meeting, began hiring process to fill position, completed annual report, audit document submission
 - Delaware CCD – assisting in interim until a new district manager is hired, prepared for and facilitated board meeting, assisted with and facilitated interviews, completed annual report, audit document submission
 - Nowata CCD – assisting with questions regarding district manager hiring process
 - Wagoner CCD – continued training of new district manager, Kelly Butler, assisting with navigating the Climate Smart Commodities program

Area 4 District Coordinator, Amy Weathers

- Collaborated with ADCs to develop DIG program components and processes
- Attended
 - Teams Training – Reimbursement Claims
 - District Services meetings
 - Full Staff meeting
 - NACD South Central meeting
 - Tillman CCD plant ID contest
 - Tillman CCD board meeting
 - Greer CCD board meeting
 - NRCS Team 14 meeting
- District Updates:
 - Cotton CCD – visited office, assisted with JPO
 - Tillman CCD – continued training of district’s new manager, assisted with preparation for board meeting

Area 5 District Coordinator, Lisa Grey

- Collaborated with ADCs to develop DIG program components and processes
- Collaborated with Lacie Landers on NASCA state staff sharing presentation
- Attended
 - Teams Training – Reimbursement Claims
 - District Services meetings
 - Full Staff meeting
 - NACD South Central meeting
 - Climate Smart Commodities program trainings
 - CARE meeting
 - Johnston CCD board meeting
 - LeFlore CCD board meeting
 - Ouachita RC&D meeting
- District Updates
 - Checotah CD – assisted with JPO/LRP revisions
 - Haskell CCD – assisted with offboarding conservation planner and Fall fair

Annual Report July 1, 2023—June 30, 2024

The Dewey County Conservation District is a local subdivision of state government. The district was formed in 1941 to ensure local people are involved in conservation activities. The main goal of the district is to provide services to land users in protecting and conserving natural resources and to provide a link to state and federal conservation agencies and programs. A board of five conservation district directors (three elected and two appointed) governs the conservation district.

The district has cooperater agreements with 1442 producers in the county.

The board of directors submits this annual report to inform the public of this past year’s conservation accomplishments.

We encourage all citizens to be involved with good stewardship of the land. The office is open Monday-Friday from 8:00 a.m. till 4:30 p.m. and welcomes visitors to our office to get acquainted with conservation efforts

We also invite people to attend our monthly board meeting held on the first Wednesday of each month at 8:30 a.m. in the district office.

Mission Statement: To provide leadership, services, technical assistance, education, and administer programs to assist Dewey County producers and the public in the conservation of our natural resources and to improve the environment.

Vision Statement: To honor the land and provide services to protect and conserve it!

Our district saw the writing on the wall starting back in 2020. Our board has changed so much with new board member and associate directors. Though our years of experience has changed the dedication is still prevailing. The associate member program has really helped the transition of people coming on the board with their knowledge

District staff: Coleta Bratten, District Manager — Michael Clark, NRCS shared technician, Paul Clark, NRCS Resource Conservationist, Alex Tune, NRCS Soil Conservationist, and Jeremy Hughes, District Conservationist.

Oklahoma Conservation Cost Share Program

Dewey County Conservation District has participated in the Oklahoma State Cost Share Program since the commencement of the program. Each year the district has had more applications than we could fund and has requested more funding to put conservation practices on the ground. Our producers are very grateful for the opportunity to get practices on the ground to better their farming and ranching operations. Our farmers and ranchers seek out this program where they can get one practice on the ground and move on to work their operation. The Oklahoma state cost share in Dewey County has served around 391 producers with an approximate total cost share of \$845,300.85. The program is a big impact for Dewey County producers preserving and enhancing the conservation effort for the future generations. Our county is still in desperate need in cleaning cedar skeletons (woody residue treatment) of the landscape from the 2018 Rhea wildfire. The district has used Oklahoma State Cost Share funds to assist in this effort, but there is just not enough funds to take on the thousands of acres still needing cleared. This is an enormous amount of pasture land that is not being utilized for grazing livestock. The skeletons are dangerous for livestock to get to close due to injury.

The Emergency Drought (ED2) State Cost Share Program

The Emergency Drought (ED2) program that started in October of 2022, is still being administered in Dewey County. We started with 183 applications and ended up with \$1,200,141.93 in funding. At the time of this report we lack 10 producers finishing up with this program. 41-applications were moved to EQIP or FSA programs for assistance. So we have complete 132 drought related conservation practices on the grounds, and hope that number will be 142. The program was very helpful to our producers and a huge workload for our conservation district. But that's why we are here is to serve and provide assistance through voluntary conservation.

Flood Control Structures

Dewey County Conservation operates and maintains 22 flood control structures located on Barnitz and Quartermaster Creeks. Dewey County Conservation District is the local sponsor. It takes effort from all staff to do O & M work in the field. The primary goal of the district's watershed program is making sure the dam's function as they were designed and remain safe. Dewey County has 6 high hazard dams that require emergency action plans on them. Emergency actions plans are updated each year. All dams are inspected yearly. When it is time to do inspection a letter is mailed out to landowners and renters to find out if there are any situations like hunting leases or things the district needs to be aware of when going on site to do the inspections. Generally, we will get back response such as my hunters are here on weekends or a certain day of the week so we can honor their privacy on their land. Sometimes this opens up conversation of questions the landowner or renter has and we can communicate with them on concerns they have with each situation. On occasion the land has sold and we can collect valuable contact information so we can reach out to the new owner and start the education process of why there is a flood control structure on their land and educate them on the districts responsibility of operation and maintenance. Dewey County does use the Dam Watch system to assist during heavy rain fall. The call OKIE system is another beneficial state system that the district uses when any kind of construction or projects are being done within a mile of the flood control structures. Once an OKIE is called in the district is alerted by email or phone so that the district can check the project out for clearance to proceed or set up a meeting to review the project for further investigation on how it would impact the flood control structure. The district works with wildlife trappers for beaver control and NRCS provides technical assistance on the structure designs to keep the dams operating in a safe manner. OCC provides aid from George Moore, watershed technician and Tom Goode, OCC Conservation Programs Field Operations Manager can assist in making decision on repairs and funding. Paul Clark, NRCS-USDA- Taloga Resource Conservationist is the team watershed contact that is available for guidance on watershed issues. Three of our flood control structure dams are the county roads. Through several years of grading the elevation has been lowered, so the district is working with Dewey and Custer County Commissioners to fix this problem. One county road dam has been returned to dam elevation height. The other two the district is communicating with them to get engineers out to design the structure back to the original elevation. The district is always working with landowners to keep the dams safe and development of personal structures safe also.

Providing Equipment and Services to Producers in the District

The Dewey County Conservation District has eleven pieces (adding two Truax native drills to the fleet this year) of equipment to rent to producers to assist with conservation on the ground. Equipment for rent: four grass drills, two no-till drills, aerator, scraper, sprigger, hay hauler, and gopher machine. The district equipment is used year-around now since we have the no-till drills. The district delivers and repairs equipment plus takes care of the flood control structures. The district also sells seed and gopher bait. This equipment assists producers to get conservation on the ground through the EQIP, OK state cost share, and other programs.

The district also houses and maintains the South Canadian Prescribe Burn Association equipment that is used by paid members.

Information - Education

The districts educational activities are set up to reach all ages of life. We work with all producers, county schools, churches, senior citizens, and nursing homes on the yearly soil stewardship theme.

Other activities included:

- Soil Health Field days
- Terry Peach Cedar Eradication-Fight Fire with Fire Workshop.
- Vegetable /Pollinator Garden
- Team 3 Soil Health FD
- Dewey County Free Fair
- Poster Contest

To Honor the land and provide services to protect and conserve it!

Terry Peach North Canadian Cedar Eradication Project

Dewey County Conservation District houses the cedar eradication technician that works on the North Canadian River removing cedars in small communities to reduce the fire hazard for wild-fires. Through the OCC-Land management division there was a Fight Fire with Fire training in Chester, OK that landowners, fire departments, and towns were invited to. Through this program fire departments attending the training received two drip torches, then if they were in the North Canadian area and did a burn training in the field they could receive \$15,000 for their fire department. Taloga Fire Department participated in a field burn and were presented a check for

NW Fire and Range Management

Received a grant for a Polaris equipped with a tank and motor to used for prescribed burns in their area. Dewey County assisted with OCC decals and presentation of grant items.

Unpaved Roads Program

Oklahoma Conservation Commission-Land Management Division provided a Unpaved Roads Program for county commissioners to attend to be able to request assistance on county roads to reduce erosion. The conservation district promoted this program with our county commissioners and Flint Farris, County Commission attend a session and applied, receiving \$75,000.00 funding for a road project. At this time Farris is finishing up the road project and the district will administer the claim to OCC—Land Management Division for funds to present to Farris –DC County Commission.

Food Desert Project in Dewey County

Dewey County is labeled as a food desert in Oklahoma. There are four locations in Dewey County that people can get assistance for food. Three of the sites are working through the Oklahoma Regional Food Bank. Taloga, Leedey, and Vici sites supplied food boxes to 567 household during FY24.

Watershed Rehabilitation and New Construction

- NRCS rehabilitation and new construction agreement management.
- Administrative, technical and land rights assistance to:

<u>Dam / Sponsor</u>	<u>Project Phase</u>
New Construction	
Lower Bayou 12 / Love County _____	Permitting / Land Rights
Rehabilitation	
Little Wewoka 12 / Hughes County CD _____	Planning
Rehab plan is in the final review stage. NRCS has had to pivot from doing an Environmental Evaluation, to doing an Environmental Assessment. By doing this, we do not have tie into the EIS (Environmental Impact Statement). As a result, an additional comment period and public meeting will be required.	
Oak 5 / Kiowa County CD _____	Planning
Rehab plan is being developed. NRCS has had to pivot from doing an Environmental Evaluation, to doing an Environmental Assessment. By doing this, we do not have tie into the EIS (Environmental Impact Statement). As a result, an additional comment period and public meeting will be required.	
Sallisaw 13 & 19 / Sequoyah County CD _____	Planning
Rehab plan will be presented for sponsor signatures in October. Anticipate starting design in January 2025.	
Sallisaw 36 / Sequoyah County CD _____	Planning
Rehab plan is complete. NRCS has had to pivot from doing an Environmental Evaluation, to doing an Environmental Assessment. By doing this, we do not have tie into the EIS (Environmental Impact Statement). As a result, an additional comment period and public meeting will be required.	
Scraper Hollow 2 / Adair County CD _____	Planning
Rehab plan is complete. NRCS has had to pivot from doing an Environmental Evaluation, to doing an Environmental Assessment. By doing this, we do not have tie into the EIS (Environmental Impact Statement). As a result, an additional comment period and public meeting will be required.	
Sugar 20 / West Caddo CD _____	Planning
Rehab plan is being developed.	

Dam / Sponsor

Project Phase

Rehabilitation (continued)

- Uncle John 10 / Central North Canadian River CD & East Canadian County CD _____ Planning
Rehab plan has been signed by sponsors. NRCS has started the process to request funding for design.
- Upper Washita 57 / Upper Washita CD _____ Planning
Rehab plan is being developed. Anticipate starting design in October 2024.
- Rock 10 & 12 / Murray County CD _____ Planning
Rehab plan has been signed by sponsor. A public scoping meeting has been scheduled for October 29.
NRCS will begin the process to request funding for design.
- Caston Mountain 1 & 2 / Latimer County CD _____ Design
Site 2 rehab design is complete and 404 permit packet is being prepared; NRCS Ft Worth didn't like the spillway design for Site 1, NRCS is working with the design contractor on a redesign for the spillway.
- Quapaw 15M / City of Meeker _____ Design
City of Meeker confirmed during an August 19 Board of Trustees meeting to not increase the municipal water supply during the rehab. This change in scope is favorable for the design and construction of the project but is significant enough that it will merit a change in scope for the designer. NRCS has provided a new scope of work to the designers and is waiting on their fee proposal.
- Upper Clear Boggy 26 / Pontotoc County CD _____ Design
Rehab design is 60% complete
- Boiling Springs 1 / Latimer County CD _____ Permitting / Land Rights
Design is complete, currently working on a solution to relocation of a mobile home behind the dam
- Fourche Maline 7M / City of Wilburton _____ Permitting / Land Rights
Design is complete, assisting city of Wilburton with obtaining all needed easements
- Sallisaw 33 / Sequoyah County CD _____ Permitting / Land Rights
Remains in litigation
- Upper Black Bear 62 / City of Perry _____ Permitting / Land Rights
Land rights have been completed, anticipate approval of 404 permit request in November.
