PARTNERSHIP REPORTS

CONSERVATION PARTNERSHIP REPORTS

Oklahoma Department of Agriculture, Food, and Forestry (ODAFF): ODAFF General Counsel Teena Gunther attended the meeting in place of JanLee Rowlett, who has transitioned to a new role with the Livestock Marketing Association. Ms. Gunther provided an update regarding the Emergency Drought Commission rules, noting that the Governor signed the regulations and they were officially posted on Friday, May 20, 2026. Regarding the emergence of New World screwworms, she reported that while the infestation has not yet reached local areas, cases have been identified in neighboring states. Development of a vaccine is currently ongoing.

USDA-Natural Resources Conservation Service (NRCS): Acting State Conservationist Matthew Denton introduced himself, noting he is from Tennessee with a background as a small-farm operator and his tenure as a state conservationist since 2002, during which time he has served at national, regional, and state levels. He announced that former Chief Aubrey Bettencourt has transitioned to the role of Senior Advisor to the Secretary, and that Colton Buckley has been appointed as the new Chief of the Natural Resources Conservation Service. Mr. Buckley brings extensive leadership experience in conservation, agriculture, and partnership engagement. Regarding the EQIP and CSP FY26 programs, officials are currently conducting mid-year rankings and finalizing preapprovals, with a portion of funding allocated for wildfire mitigation. Additionally, hiring efforts remain steady but slow, and a meeting of team leads is scheduled in Tulsa to discuss leadership strategies and partner collaboration. Mr. Denton expressed a strong interest in soil health and has utilized various soil health practices on his own farm; he intends to engage with Oklahoma producers to gain further insights into local practices.

Oklahoma Association Conservation Districts (OACD): Executive Director Jean Lam provided a report following the recent National Land & Range Judging (NLRJ) Contest, expressing her pleasure in hosting Chief Bettencourt as the keynote speaker. She extended her gratitude to the NRCS, the Conservation Commission, and the numerous volunteers involved, with special recognition for Kim Farber’s effective role as the event’s Master of Ceremonies. Director Lam encouraged stakeholders to pursue corporate sponsorships for the NLRJ to support the contest’s continued growth. Additionally, she noted her role as a facilitator at the Grassland Summit in Alva, which was attended by 120 producers and the new Chief, Colton Buckley. Looking ahead, she highlighted several upcoming initiatives, including the fourth annual Crossroads Conference, the October Local Food Summit, and a strategic planning visioning session at the Food Hub in Ardmore, conducted in partnership with the Chickasaw Nation, Murray State College, and the City of Ardmore. She also mentioned that the Indian Nations Conservation Alliance will host a regional meeting in August to foster new partnerships with tribal representatives. Furthermore, the South Central Regional NACD meeting is scheduled for September 17–18, 2026, in Louisiana. The OACD team officially launched the Advanced Markets for Producers (AMP) program on June 1, 2026. Finally, Director Lam thanked Commissioner Dan Herald for his leadership, dedicated service, and friendship during his tenure on the board. While Oklahoma did not secure a top ranking in the recent NLRJ, the event achieved significant success and garnered extensive media coverage across multiple television news outlets.

STATUS REPORTS

OKLAHOMA CONSERVATION COMMISSION MEMBERS

Mr. Victor – reported that his area has received 7 inches of rainfall, resulting in the corn and pasture being in good condition; however, the persistent wind has contributed to drier conditions.

Mr. Herald – He introduced his daughter, Marcie Rudd and he proudly noting that she represents the fifth generation of their family’s conservationist legacy and she has volunteered her time with the university horticulture program in Jackson, Tennessee. He expressed his gratitude for the opportunity to serve alongside Billy Wilson, Scotty Herriman, Kim Farber, and Trey Lam. He remains deeply appreciative of his time sharing the conservation story of Oklahoma and intends to continue his service on the Texas County board.

Mr. Crawley – reported that his area received some rainfall with spotty areas and some grass have come out.

Mr. Priess – reported that he received 7 inches of rainfall in his area. There are some Bermuda grass that have peeked out.

OKLAHOMA CONSERVATION COMMISSION STAFF

Executive Director: Trey Lam reported that despite the challenging shift in weather from dry to wet, he was able to get some soybeans planted. Budget planning month went well; he met with all divisions and will present the numbers at the July Commission meeting. He attended the Grassland Summit in Alva, where he participated in a panel discussion alongside Representative Dobrinski and Adam Ray, focusing on the Terry Peach project and the prescribed fire program. He noted that Meg Greski and Blaine Stacey hosted a breakout session to represent the Conservation Commission. Additionally, he received an invitation to the Farm Bureau meeting and participated in a stakeholder listening session that included several attending legislators and EPA members. Secretary Arthur discussed the New World Screw Worms and ongoing efforts regarding them, as well as their breeding programs. Finally, he expressed his gratitude to Dan Herald for his service on the board, as well as for the partnership they have developed along the way.

Water Quality Program: Director Shanon Phillips wanted to express her gratitude for Dan Herald's service on the board, highlighting his positive outlook and exceptional presentation skills. The fourth Collaborative Grazing Management Training with the Noble Foundation took place in Cherokee County and included three days of active training, which was also received by rainfall on all days. Additionally, the wetland team received a \$3 million grant from the North American Wetlands Conservation Act (NAWCA) to support 8,700 acres for a three-year project. Amy Seiger also contributed to the 1000 Farms Project for training in collecting data for regenerative agriculture, comparing professional data with farmers' data. She stated the report is in the packet and would be happy to answer any other questions.

Office of Geographic Information & technical services Division: Director Mike Sharp expressed his gratitude for Dan Herald's service. He provided an update on the NG911 coverage for the repository, which is nearly complete, with only a few entries remaining. There are some challenges in progressing to the next stage, but all data sent to Google looks good. He mentioned there is a report in the packet and would be happy to answer any other questions.

Land Management: Director Trampas Tripp provided updates on positions in Perry and Stillwater for technician positions. The FY26 Woody Species Rules are currently under review and awaiting approval. The Glover Road Project is nearly complete and should be finished within the week. The Gilbreath Copper Mine is now in Phase 2 of the project, which is expected to cost approximately \$1.6 million and is set to begin operations in mid-June. Additionally, he expressed his gratitude for Dan Herald's service with the commission. He stated the report is in the packet and would be happy to answer any other questions.

District Services: Director Clancy Green reported that preparations are underway for the budget, and training will be offered once the districts' information is finalized after the July meeting and approvals. She noted the vacancies for district managers, cedar technicians, watershed aides, and shared technicians in collaboration with NRCS, as well as the Farm Bill Specialist position. There will be no new hires at this time. Additionally, she expressed her gratitude for Dan Herald's service to the commission and was pleased that he will continue his contributions on the Texas County Board. She stated the report is in the packet and would be happy to answer any other questions.

Conservation Programs: Conservation Programs Field Operations Tom Goode provided updates on behalf of Director Tammy Sawatzky. He highlighted the completed repairs at several sites, noting that maintenance teams have progressed slowly on some projects due to the heavy rain in Stephens and Pontotoc Counties. The GIS team has mapped out 250 flood pools and is collaborating with legal counsel on disclaimers. Additionally, Mr. Goode reported that the cost-share program has distributed \$209,000, while the Emergency Watershed Protection (EWP) has paid out \$525,000 in the most recent round of applicants. The remaining funds are expected to be utilized by the end of FY26. Currently, there are 16 sites undergoing rehabilitation, and one Emergency Watershed Protection (EWP) project is ready to begin construction in Latimer County. The Quartermaster 19B site is decommissioned and is pending the start of construction. He stated the report is in the packet and would be happy to answer any other questions.

Assistant Director: Lisa Knauf Owen asked General Counsel Janet Stewart to introduce the new intern with OCC, Audrey Bishop, who will be working with Ms. Stewart for eight weeks. Ms. Owen announced that there will be an Executive Session following the regular meeting and invited everyone to McClintock to celebrate Dan Herald's service on the Conservation Commission. She also encouraged the commissioners to attend the upcoming NACD South Central Region Meeting in Louisiana. In addition, she mentioned that budget planning has started early, and they are ready to begin with funding allotments. Ms. Owen noted that she submitted an indirect cost rate proposal to the Federal Government a year and four months ago and she had finally received a response indicating that they will be sending further information soon to finalize the rate for federal agreements in the future.

COMMISSION OFFICERS FOR FISCAL YEAR 2027

Commissioners discussed the rotation of officers for the coming fiscal year. Mr. Victor will be stepping up this year as chair. After discussion, a motion was made by Mr. Crawley and seconded by Mr. Herald to approve the fiscal year 2027 slate of officers as Grant Victor, Chair; Joshua Haven, Vice Chair; Gary Crawley, Secretary. Those voting aye were: Crawley, Herald, Victor and Priess. Nay votes: none. Motion carried.

Policies and Procedures

State-Owned Vehicle Car Wash Policy

Effective Date of Policy: 7-1-2026	Next Scheduled Review: 3
Last Reviewed: NEW	Policy Number: OCC-13.1
Replaced Policy: N/A	Replaces Policy Number: NA
Approved by: Commissioners	Approval Date: 7-1-2026

A. Purpose

The purpose of this policy is to establish uniform procedures for washing Oklahoma Conservation Commission (Commission) state-owned vehicles in order to maintain vehicle cleanliness, preserve vehicle condition and appearance, and ensure the responsible expenditure of public funds.

B. Scope

This policy applies to all Commission employees who operate or are assigned a state-owned vehicle and who utilize a state fleet fuel card or other approved state payment method for vehicle-related expenses.

C. Policy

The Commission authorizes routine washing of state-owned vehicles as part of normal vehicle maintenance. Each state-owned vehicle is authorized for one (1) car wash per calendar month at an approved vendor. Vehicle washing shall be conducted in a manner that is cost-effective and consistent with state fleet management requirements.

The maximum charge for a car wash is twenty-five dollars (\$25.00) per vehicle per month.

D. Authorized Services

Authorized services include:

- Standard exterior car wash;
- Hand wash services; and
- Basic quick-detail services associated with a standard car wash.

The following services are not authorized unless specifically approved in advance by the Executive Director or designee:

- Full vehicle detailing;
- Waxing packages;
- Interior shampooing;

- Paint correction services;
- Ceramic coatings; and
- Other premium or luxury vehicle appearance services.

E. Authorized Vendors

1. Employees shall use vendors that accept the State of Oklahoma's authorized fleet card, currently the **Comdata Fleet Card**, or another agency-approved method of payment.
2. All vehicle washing expenses must be paid using the assigned Comdata Fleet Card or other approved agency payment method and all purchases must follow the Comdata Fleet Card Program guidelines, applicable OMES Fleet Management policies, and Commission policies and procedures.
3. Employees shall ensure the vendor understands that purchases are exempt from Oklahoma sales tax.
4. The Oklahoma sales tax exemption number is printed on the fleet card. A sales tax exemption letter shall be maintained in the vehicle glove compartment.
5. Employees shall not approve or pay invoices that include Oklahoma sales tax.

F. Frequency and Exceptions

1. Each state-owned vehicle is limited to one (1) car wash per calendar month.
2. Additional washes may be authorized when necessary due to:
 - Excessive dirt, mud, dust, or debris resulting from official field activities;
 - Removal of hazardous materials or contaminants;
 - Preparation for official agency events, inspections, or public appearances; or
 - Other circumstances determined necessary by the employee's supervisor.
3. Additional washes require prior approval from the employee's supervisor and a short-written justification.

G. Documentation Requirements

1. Employees shall obtain and retain a receipt for each car wash transaction.
2. Employees shall review receipts before leaving the vendor location to ensure:
 - The transaction amount is accurate;
 - No sales tax has been charged;
 - Vehicle information is correct; and
 - Any fleet card transaction information is accurate.
3. Any errors shall be corrected by the vendor before the employee leaves the premises.
4. Receipts and transaction records shall be maintained in accordance with Commission records retention requirements and made available for audit or review.

H. Restrictions Personal vehicles are not eligible for payment under this policy.

1. Car wash purchases may only be used for Commission owned vehicles.
2. Employees shall not use fleet cards for unauthorized vehicle appearance services.

3. Employees shall not divide transactions or otherwise attempt to circumvent the monthly spending limitation.

I. Compliance and Enforcement

Supervisors are responsible for monitoring employee compliance with this policy.

The Commission Fleet Coordinator shall periodically review fleet card transactions and vehicle maintenance records to ensure compliance.

Unauthorized purchases, excessive use, misuse of state funds, or failure to comply with this policy may result in reimbursement to the agency, suspension of fleet card privileges, disciplinary action, or other corrective measures as appropriate.

FISCAL YEAR 27 - PROPOSED DISTRICT POLICIES

1. All employee positions (District and Commission) that become vacant will be reviewed and will require justification before approval to fill the position. Future employee allocations will be dependent on the level of legislative appropriations.
2. The maximum number of hours for a non-benefitted temporary part-time district employee is 999 hours. If hours exceed 999 in the 12-month period from the employee's hire date, the district will be responsible for the employer's share of retirement contributions and payment of longevity and benefit expenses, if applicable.
3. District operating expense allocations will be based upon each district's submission of required reports and documents. The allocation is based solely on whether the deliverable was completed with all required elements and submitted on time. Operating expense allocation utilization will be evaluated in January. Unused and unbudgeted operating expense dollars will be returned to the Commission for reutilization.
4. Failure to perform audits and/or submit preclaim payments for retirement and insurance within the established timeframe will result in OCC delaying payment of district claims until compliance is accomplished.
5. For a district to remain eligible to continue receiving a personnel allocation from OCC, the district must conduct annual performance evaluations during the fiscal year on all staff and notify OCC in writing of the review's completion.
6. Fiscal Year allocation will not be made for a district until a draft of the Joint Plan of Operations has been submitted for review. The Joint Plan of Operations is effective July 1 and serves, in conjunction with the current Long Range Plan, as justification for allocating funds.

Conservation District Issues:

Responded to issues and questions for or on behalf of the following conservation districts:

Cleveland CCD, Comanche CCD, East Canadian County CD, Garvin CCD, Konawa CD, Lincoln CCD, McClain CCD, Oklahoma CCD, Payne CCD, Sequoyah CCD, and Tulsa CCD

Responded to questions or issues by conservation districts regarding the following topics:

- Provided a Conservation District Statement of Approval form for use when a county requests approval of proposed works of improvement pursuant to 69 O.S. § 643.1 and advised on the process for an erosion prevention project.
- Responded to questions regarding an Open Records Act request.
- Assisted in drafting a letter to the company proposing a data center project in the vicinity of Cottonwood Creek Site 16.
- Advised on an ingress/egress easement issue involving Maysville Laterals B-5.
- Provided information regarding general liability insurance coverage available to conservation districts through OMES Risk Management.
- Advised a conservation district regarding the responsibility of district directors to review and approve district financial statements.
- Discussed and reviewed a draft easement violation letter concerning Criner Creek Site 5.

- 📌 Reviewed notes from a meeting regarding proposed modifications to Karsten Creek Golf Course.
- 📌 Assisted with a call from an individual seeking information regarding Sallisaw Site 33.
- 📌 Discussed the potential acquisition of property by a conservation district where an occupied residence was constructed in violation of a watershed easement.

Rehabilitation and Repair Projects:

- 📌 **Caston Mountain Creek Sites 1 & 2** – NRCS and Conservation Programs creating plan for replacement or re-working of Landowner dams and low water crossings. Landowner creating proposal for re-routed access road both structures on property for rehab purposes. In discussions with landowner.
- 📌 **Fourche Maline Creek Site 7M** – No significant updates at this time. A meeting with the landowner is being scheduled to discuss acquisition of the necessary easement or potential purchase of the property.
- 📌 **Sallisaw Creek Site 33** – A complaint was submitted to the Oklahoma Water Resources Board (OWRB) regarding the rehabilitation project, alleging that an Application for Rehabilitation had not been approved by OWRB and raising concerns about the proposed retention of the existing principal pool elevation.
- 📌 **Upper Black Bear Site 62** – All required agreements have been finalized. The City executed and submitted the Application for Rehabilitation to the Oklahoma Water Resources Board for review and approval.

Other Flood Control Issues:

- 📌 **Lower Bayou Creek Site 12** – One large landowner agreed to \$75,600 for a 40-acre easement for water encroachment. Landowner attorney requested definition and interpretation of “temporary storage” as written in proposed easement, which was provided.
- 📌 **Criner Creek Site 5** – The district has sent an easement violation letter to the landowners clarifying that the current configuration of the private dam presents unresolved technical, operational, and regulatory issues, including but not limited to: Potential impacts to Site 5 in the event of failure of the private dam, including the risk of cascading or compound failure; Increased sedimentation into Site 5 due to the construction of the private dam; Alteration of the flood pool and hydraulic performance of Site 5; Potential encroachment of the flood pool beyond existing easement boundaries, which could necessitate the acquisition of additional easements; Interference with the District’s ability to operate and maintain Site 5; and Increased complexity, cost, and limitations associated with any future required rehabilitation of Site 5.
- 📌 **4 Mile Creek** - Follow up on the scheduled work on plunge basin erosion and GSS failure in channel within next 10 days.
- 📌 **Leader Middle Clear Boggy Creek Sites 14-17** - Working with solar farm to look at location of solar facilities as well as potential changes in hydrology around several Leader Middle Clear Boggy Creek and Upper Clear Boggy Creek sites in Pontotoc and Coal Counties.
- 📌 **Cottonwood Creek Site 16** – Assisted district in drafting proposed letter to data center in easement of Site 16 after receiving the trip report from NRCS.

- 🔴 **Little Wewoka 6** - Emailed Muscogee Creek Nation 3 times asking for update on appraisal for Business Lease for site. Creating plans to reach out to other parties in Muscogee Creek Nation for response and plan to obtain necessary right of entry.

Trainings and Conferences Attended by Staff

- 6/2: Drinking Water Symposium – Lawrence, KS

Routine Programmatic Responsibilities

- Wetland Determinations: Review potential impacts to wetlands and aquatic resources from publicly funded projects
 - 10 wetland determinations completed
- Mitigation Plan Review: Review documents for In-Lieu-Fee and Mitigation Banks as a member of the Oklahoma Interagency Review Team (IRT)
 - In lieu fee mitigation bank site review
- Respond to Citizen Requests: Deliver wetland information to the public, primarily in response to direct requests from citizens
 - Responded to 3 requests for information
- Lead the Oklahoma Wetland Technical Workgroup (OWTWG): Improve collaboration among all partner wetland programs through strategic planning and coordination meetings.

Wetland Conservation: Deliver wetland conservation practices that will depend on availability of active funding sources. Conservation activities are supported by the collaborative workgroup the Partnership for Oklahoma Wetland Restoration (POWeR). Current conservation funding sources include:

- 2024 Small North American Wetlands Conservation Act (NAWCA) Grant: Salt Cedar Removal
 - No updates for June 2026
- 2024 National Fish and Wildlife Foundation (NFWF) Southern Plains Grassland Program Grant (SPGP): Grassland restoration following Eastern Red Cedar removal
 - Completed interim financial and programmatic reports
- 2024 NFWF America Ecosystem Restoration Initiative (AERI) Grant: Invasive woody species removal, prescribed fire, and wetland restoration
 - Continued to coordinate with SWCA on site specific compliance process
 - Developed program guidelines and PLJV outreach primer
- 2025 NFWF SPGP: Woody invasive removal and low-tech process-based stream/wetland restoration
 - Agreement executed with North Fork of the Red River CD.
 - Continued coordination with partners to draft subaward agreements with Quapaw Nation and Cheyenne and Arapaho Tribes
 - Developed a system for tracking metrics
- 2025 NFWF AERI: Tomorrow's Water: Connecting People, Playas, and the Ogallala Aquifer

- Continued ongoing collaboration with TW team
- 2026 Restoring Natural Ecology in Wetlands (ReNEW) Cost Share: Statewide wetland restoration
 - Surveyed 5 ReNEW project sites
 - Coordinated with OCC Engineer on designs and cost estimates
- 2026 National Wetlands Condition Assessment (NWCA): Participation in the National Wetland Condition Assessment survey and Continued Method Development within Oklahoma
 - Completed 8 NWCA sites
- General Conservation Program Development
 - Continued updates to the Wetlands database to improve grant administration and tracking
 - Continued development of a guidance document for grant tracking
 - Continued application of Restorable Stream Identification Protocol (RSIP) to identify potential sites for wetland restoration

Active Wetland Program Development Grant Projects: *Projects to develop technical tools that support informed wetland management and delivery of high-quality voluntary restoration across the state.*

- Identification and Condition Assessment of South Central Plains Seep Wetlands: *Create an inventory of poorly understood slope wetlands in SE Oklahoma, and refine method applicability of OKRAM to slope wetlands.*
 - No updates for June 2026
- Expansion of Potential Wetland Restoration Opportunities in Oklahoma through Landowner and Partner Outreach: *In collaboration with OSU, complete landowner surveys in order to better understand perceptions and attitudes towards wetland conservation programs.*
 - No updates for June 2026

JUNE 2026

Blue Thumb Training for New Volunteers!

Marshall County and Cleveland County

Blue Thumb continues to bring stream monitoring opportunities to Oklahoma citizens through trainings. The training in Madill took place May 16 & 17 and the training in Norman took place on June 9 & 10.

OKC's Tour of Neighborhood Yards

Citizens had the chance to visit five different yards that featured native plants in the PASEO area of Oklahoma City on May 30. Over 600 people enjoyed the good weather and all of the great ideas to offer pollinator food and habitat. Partners that made the event happen included: Oklahoma County Conservation District, Oklahoma Native Plant Society, Oklahoma City Beautiful, and the Yard by Yard Community Resiliency Project.

Blue Thumb Volunteers Continue Bug-picking (5/30/26)

Latimer County 4-H

Kim provided Latimer County 4-H members (approximately 20 students and five adults) both an EnviroScape demonstration and then a creek experience in Fourche Maline Creek. At one point in its past, Fourche Maline had four sites monitored, and today one longtime volunteer continues to monitor at the historic Black Loop site.

Karen (Bishop Creek Tributary at Lindsey), Mary (Bishop Creek Tributary at Basket 12), both in Norman and Paden (West Captain Tributary) in Harrah.

Glenpool Public Library

...is partnering with Blue Thumb and the City of Glenpool to offer a presentation about healthy soil, native plants, and clean water on June 23. In advance of the presentation a colorful exhibit has been placed in the library lobby.

Nick (Bishop Creek at Constitution), Emma (learning the art of bug-picking), and Dan (Bishop Creek at Eastwoods Park).

Blue Thumb Assists Tar Creek Apprenticeship Program (TCAP) in Ottawa County

Blue Thumb staff members Hunter, Cheryl, Emma and Haley (summer intern) demonstrated seining and introductory fish identification in a tributary to Tar Creek in Miami. TCAP invites young indigenous people to participate in a four-week course that covers stream monitoring and additional science subjects, as well as tribal history and culture.

Reusable Bag Initiative

The Green Country Watersheds Coalition (within which Blue Thumb takes a leadership role) is forwarding conservation through a simple but very important initiative to reduce the number of plastic bags in the environment.

By giving away reusable bags (and information) at events, the coalition is giving people options to say no to plastic bags, which tend to rarely be recycled and often end up as both litter and pollution.

TCAP

Project WET Conference

Jack and Hunter took a road-trip to Santa Fe, New Mexico in May where they attended the annual Project WET Conference.

It was a time to get together with other education professionals who take seriously helping children learn about all the facets of water in the world in which we live.

Hellgramites Ready to Advance

The Bristow 4-H team the "Hellgramites" attended a study session with Blue Thumb staff to help them prepare for advancing to EnviroThon finals in Mississippi.

Bioblitz!!!

The City of Edmond held a mini-Bioblitz and Blue Thumb's Spring Creek was the site for the aquatic portion. Around 30 people came out to learn about the fish that live in Spring Creek. Hunter, Kim, and Emma facilitated the learning event.

Just Passing Through

The Woodward County Conservation District invited Blue Thumb to be a part of their recent natural resource day, held at Boiling Springs State Park.

The students learned what it was like to be a water drop moving through a watershed and how land-uses impact the journey.

Crow Creek MeadowFEST

The Crow Creek Meadow in Tulsa is a wonderland for our pollinators!

A celebration of the meadow was held on June 16 with lots of activities and opportunities to learn about making urban places more friendly for butterflies, birds, and bees.

There were learning opportunities about reducing pollution, infiltration, butterflies, stormwater, native plants and more.

Annual Report

McClain County Conservation District

The McClain County Conservation District is a local subdivision of state government. The district was formed in 1938 to ensure local people are involved in conservation activities. The main goal of the district is to provide services to land users in protecting and conserving natural resources and to provide a link to state and federal conservation agencies and programs.

A board of five conservation district directors (three elected and two appointed) governs the conservation district. The board of directors submits this annual report to inform the public of this past year's conservation accomplishments.

We invite all citizens to become familiar with the activities of the McClain County Conservation District and to visit our office and get acquainted with our staff.

We also invite people to attend our monthly board meeting held on the first Thursday of each month at 1:00 p.m. at the District Office in Purcell.

The Conservation District shares office space with the Natural Resource Conservation Service, a federal agency in the U.S. Department of Agriculture. NRCS provides technical assistance to the conservation district and district cooperators and administers several USDA technical and cost share programs.

Conservation District board members are Everett Wollenberg, Chair; Jeff Staggs, Vice chair; James Wilson, Treasurer; Jovonna White, member; Nate Grose, member.

Conservation District Staff during this timeframe included Piper Norvell, District Manager; Kyle McGregor, Watershed Aide; and, Trevon Snow, Watershed Aide.

NRCS Staff included Tony Wright, Soil Conservationist, Marissa Rosen, Soil Conservationist Technician, Larry Hood, Resource Conservationist, Stephanie Guy, Acting District Conservationist and Brandon Burns, District Conservationist.

Mission Statement: *To provide local leadership and to educate the people of McClain County to help conserve, improve and sustain our natural resources and environment.*

NEW FACES AT THE DISTRICT

In November 2024, the district hired a new District Manager, Piper Norvell. Ms. Norvell grew up in Frederick, Oklahoma and has lived and worked in Purcell for the past fifteen years.

In April 2025, the district hired a new Watershed Aide, Trevon Snow. Mr. Snow grew up in Purcell, Oklahoma and previously served in the military.

*Our office is open
Monday – Friday
from
8 a.m. to 4:30 p.m.*

Annual Report

Conservation Cost-Share Program

The District received \$47,276.25 for PY 26 and allocated funds to 8 applicants and approved 8 alternates. We had contracts for brush management, springing, fencing and livestock water.

The Oklahoma Legislature established the program in 1998. It is an annual program requiring funding from the legislature. The conservation district board obtains input from citizens to determine which conservation practices will be included in the program each year.

The district was still working on the Emergency Drought Cost-share program (ED2). Pond clean outs were required to be completed by February 28, 2025, while water wells and pipelines had until December 2024 to be completed.

This last year the Emergency Drought Commission announced the Emergency Drought Assistance Program (ED3) where the district was allocated \$358,000. The district has awarded over \$153,980.76 with around \$204,019.24 that producers have not received yet because contracts are not yet completed. The deadline was originally July 31, 2025 for all practices, but due to substantial rains and the well drillers being backed up, the deadline for wells has been extended indefinitely at this time.

Below are photos of a heavy use protection area and a pond cleanout that were approved by the district in this year's Emergency Drought Assistance Program.

Before and after photos of a pond that was cleaned out using funds from the Emergency Drought Assistance Program.

Annual Report

Watershed Program

There are eight watershed areas within McClain County; they are Winter Creek, Bear Hybarger, Owl Creek, Criner Creek, Colbert Creek, Finn Creek, Wayne Creek and Peavine Creek. McClain County Conservation District is responsible for operation and maintenance on 86 flood control structures in this county.

The conservation district works diligently in making sure that annual inspections of these flood control dams are done. The District provides maintenance work on the dams including, clearing trees from the dam and earthen spillway, beaver control, repairing erosion problems, maintaining good stands of grass on the dams and earthen spillways, and keeping the inlet tower of the principal spillway cleared of debris.

The primary goal of the district's watershed program is making sure the dams function as they were designed and remain safe.

The Watershed Aide stays busy clearing trees, mowing, working on cattle trails, repairing minor problems on the dams and spillways. Watershed Aide, Trevon Snow makes sure all dams are checked on a regular basis. Mr. Snow also helps surrounding districts with watershed needs.

Trevon Snow, Watershed Aide completed brush & tree removal as well as fixed cattle trails and erosion issues on Finn Creek Watershed Site 18. The pictures to the right show the site before the work was completed and after the work was completed.

Trevon Snow, Watershed Aide participated in a team trip to Konawa Conservation District to assist with mowing and brush and tree removal on Salt Creek Watershed Site 5. The pictures to the left show the site before the work was completed and after the work was completed.

Annual Report

Watershed Program Continued

In April 2025, both Piper Norvell, District Manager, and Trevon Snow, Watershed Aide, attended the National Watershed Coalition's Maintaining the Investment 2025: Operation & Maintenance of Watershed Dams Workshop in Decatur, TX. Both Ms. Norvell and Mr. Snow learned a lot about the operation and maintenance of watershed dams. They also got to see the operation of a siphon, a remote-controlled camera that is used to inspect outlet pipes and the operation of a drone used for spraying.

Information and Education

The Conservation District works with NRCS to keep the county educated about conservation practices and programs that are available. NRCS and the District try to keep the public informed through news articles and public meetings. NRCS along with McClain County Conservation Districts work together to hold meetings for both rural and urban producers.

Education plays a vital role in the work that McClain County Conservation District and the NRCS Purcell Field Office try to do for landowners both rural and urban.

The district tries to keep the public informed and educated about conservation with events throughout the year. A major event for the district is the information booth at the local fall county fair, as well as, providing news releases to county papers to help keep landowners informed of available conservation programs and assistance and posting information on the McClain County Conservation District Facebook page.

Annual Report

District Keeps Landowners Educated

The Conservation District works with NRCS and FSA to keep the county educated about conservation needs in the area. We also sponsor meetings with NRCS to promote farm bill programs, earth team volunteers and just general information. NRCS and the District try to keep the public informed thru news articles and public meetings. NRCS along with McClain County Conservation Districts work together to hold meetings for both rural and urban producers.

Education plays a vital role in the work that McClain County Conservation District and the NRCS Purcell Field Office try to do for landowners both rural and urban.

Conservation Day at the Capitol

In April 2025, Piper Norvell, District Manager, and Trevon Snow, Watershed Aide attended Conservation Day at the Capitol. They along with a group of other employees from other conservation districts around the state, visited with Oklahoma Senators and House Representatives to request funding for various conservation projects.

Annual Report

USDA Conservation Programs

The Conservation District works closely with the NRCS in carrying out conservation work in the county. The NRCS staff provides technical assistance to the District and to county land users. The NRCS also administers several federal cost share programs.

Listed below are accomplishments through federal conservation programs in FY 2025.

- ❖ Environmental Quality Incentives Program (EQIP): there are 16 active EQIP contracts that includes 3 new contracts in McClain County. Those contracts are on more than 1,428.9 acres totaling \$276,181.78 of cost-share.
- ❖ Conservation Stewardship Program – 4 CSP/GCI contracts covering 270 acres totaling \$33,236.40.

This picture shows where cedars have been cleared among hardwoods. This project was done with NRCS Cost-Share assistance. There are many projects in McClain County where either EQIP or State Cost-Share funds are being used. Eastern Red Cedar is one of McClain County biggest resource concerns.

SERVICES AND PROGRAMS PROVIDED BY THE CONSERVATION DISTRICT AND NRCS ARE OFFERED ON A NONDISCRIMINATORY BASIS WITHOUT REGARD TO RACE, COLOR, NATIONAL ORIGIN, RELIGION, SEX, GENDER IDENTITY, SEXUAL ORIENTATION, DISABILITY, AGE, MARITAL STATUS, FAMILY/PARENTAL STATUS, INCOME DERIVED FROM A PUBLIC ASSISTANCE PROGRAM, POLITICAL BELIEFS OR REPRISAL OR RETALIATION FOR PRIOR CIVIL RIGHTS ACTIVITY, IN ANY PROGRAM OR ACTIVITY CONDUCTED OR FUNDED BY USDA.
