STATUS REPORTS

CONSERVATION PARTNERSHIP REPORTS

Oklahoma Department of Agriculture, Food, and Forestry (ODAFF): ODAFF General Counsel Teena Gunter announced that the next emergency drought meeting is scheduled for September 22, 2026, at 11:00 a.m. She expressed her appreciation for the ongoing partnership with OCC and the collaborative opportunities it provides. Regarding the screwworm situation, there have been no significant developments; however, the sterile flies have shown some success, and there is optimism that the spread of the infestation can be effectively contained.

USDA-Natural Resources Conservation Service (NRCS): NRCS Assistant State Conservationist for Management and Strategy Josh Ketch provided a report regarding the fiscal year closeout for budgets and agreements. He announced that their programs, EQIP and CSP, currently ranks second in the nation, having tripled its land coverage and personnel. These programs are progressing successfully and continue to expand. While there have been challenges concerning shared staff agreements, significant efforts are being made to finalize these to ensure continued operational effectiveness. The State Technical Committee meeting is scheduled for Wednesday, September 9, 2026, at the Meridian Tech Center. Additionally, the state plan has been approved, with a primary focus on supporting both customer and field staff.

Oklahoma Association Conservation Districts (OACD): Executive Director Jean Lam reported that the rollout of the AMP program is underway, with letters of acceptance being issued today. The organization is collaborating closely with the Land Management and Soil Health Divisions to serve as technical advisors for AMP. The team is dedicated to ensuring the program is successfully launched and fully executed by November 2028. On October 1, 2026, Ms. Lam will attend the commission meeting at the Southern Oklahoma Urban Food Hub in Ardmore. The OACD, in partnership with the Noble Research Institute and Murray State College, will meet prior to the commission meeting which is September 30, 2026. Ms. Lam is also scheduled to meet with the president of Cameron University and their local tribal members to discuss replicating the Urban Food Hub program to support the university's agricultural program for students. Furthermore, Ms. Lam will attend the upcoming State Technical meeting scheduled for September 9, 2026. She expressed her appreciation for Acting State Conservationist Matthew Denton's extended support and his extensive expertise regarding programs within the state of Oklahoma while Jeanne Jasper represents Oklahoma in Washington, D.C. Additionally, Ms. Lam has recommended that Trampas Tripp will be attending the NACD South Central Meeting in Louisiana to present the Terry Peach Project and its implementation to the board. The team continues to monitor the Interim Study at the Capitol and is actively meeting with the heads of agriculture—including representatives from the Cattlemen's Association, AFR, and Farm Bureau—to discuss prescribed burns and advocacy opportunities regarding relevant legislation. Finally, Ms. Lam and Ed Casey will attend the Working Land Summit, hosted by the Texas Agricultural Land Trust, in South Fort Worth on October 7–8, 2026. The plans for area meetings are currently underway, and invitations are being extended to legislators.

OKLAHOMA CONSERVATION COMMISSION MEMBERS

Mr. Victor – reported that the water facilities and ponds keeping the water up for animals and crop. Lots of county fairs are coming up. Looking forward to the South Central Region Meeting in Louisiana.

Mr. Crawley – reported that there are lot of crop production is at a halt due to the drought, but the hay is doing ok.

Mr. Priess – reported that the weather has been quite dry but there is some hay harvest and movement occurring.

Ms. Wilcox –reported Alva hosted a NASA scientist showcased the scientific presentation of agricultural land. Gearing up for the area meetings and hoping for more rain to get crops going.

OKLAHOMA CONSERVATION COMMISSION STAFF

Executive Director: Trey Lam reported his attendance at a local county fair, where he joined shared planner in educating the public on soil health. He also attended the Multistate Fire Summit in Alva, Oklahoma, alongside Ms. Owen and Mr. Tripp to share information regarding state programs. Additionally, Mr. Lam participated in the National Master Irrigator program in Altus, Oklahoma, where he engaged with the Water Board regarding new irrigation technology. Furthermore, he joined the Senate staff tour in Payne County to assess a previous wildfire site, discussing proactive measures such as prescribed fire methods and the Terry Peach projects to mitigate future fire risks. Finally, he attended the 580 Cattlemen's Conference and a NASA tour, both of which provided valuable scientific insights.

Water Quality Program: Director Shanon Phillips reported that she was inspired by the conservation programs report to incorporate additional data and photographs. She highlighted the final rotating basin report submitted to the EPA, which details the narrow watershed areas and basins along the lower North Canadian River from Canton to Oklahoma City. The provided chart grades the health of local aquatic life, ranging from A for optimal health to F for critical conditions. Furthermore, Ms. Phillips expressed gratitude to the soil health team for their participation in the OLAC Conference and their contributions to the 2026 SHIP planning and the upcoming AMP planning in collaboration with the OACD. Finally, she noted that the agreement with ODOT regarding road projects will help protect streams and assist landowners in managing their farms and ranches while preserving essential natural resources. She stated the report is in the packet and would be happy to answer any other questions.

Office of Geographic Information & Technical Services Division: Director Mike Sharp reported that the department continues to receive aerial photography and has established a team to review the images. This team is comprised of representatives from ODOT, the Commission, and the City of Ardmore. Several images depict ponds affected by the ongoing drought; consequently, these would be better presented once water levels are restored by more frequent rainfall. Additionally, regarding concerns over the vandalism of 911 location signs, Mr. Sharp explained that there are some implementations to a new locator application, called NG911. This system will track mobile devices to provide precise coordinates, ensuring more efficient emergency assistance. He mentioned there is a report in the packet and would be happy to answer any other questions.

Land Management: Director Trampas Tripp highlighted his recent attendance at the Fire Summit in Alva with Mr. Lam, where valuable information was shared regarding prescribed fire and their invasive encroachments in their area. He also participated in the Senate staffers tour in Stillwater. The training schedule for unpaved roads has been finalized. Plans are in place to meet with the Department of Agriculture from Arkansas to help revamp their unpaved roads program that Oklahoma initiated. Mr. Tripp is pleased to announce several project completions, particularly in light of the drought, which has made it easier to drain water when conditions allow. The Land Management technicians are working diligently on preventative measures for wildfires and addressing equipment heat fires. They are also developing a job hazard analysis for operators to utilize and implement effectively. The upcoming Fighting Fire with Fire training schedule has been delayed until rain is received. Today marks the first day for cost-share sign-ups, and the office has been receiving numerous questions and concerns related to this process. Additionally, land restoration efforts in Jackson County are underway, and the Glover Road Streams project has been completed. Mr. Tripp expressed gratitude to Kade Griffin for taking before-and-after photos that were included in the project packet. Other states, including Arkansas, Pennsylvania, Texas, and Louisiana, also have unpaved roads programs in place. He stated the report is in the packet and would be happy to answer any other questions.

District Services: Director Clancy Green provided updates regarding the NRCS agreements previously noted by Mr. Ketch and Mr. Lam, which currently involve thirty-two staff members. Additionally, Director Green and Lisa Knauf Owen attended a "Lunch and Learn" event at the Sam Noble Museum to discuss the history of conservation in Oklahoma with a great turnout. Preparations for the ADC transitions, scheduled for October 10, 2026, remain ongoing, and the deadline for DIG program applications is October 1, 2026. Finally, the packet includes the FY25 annual report from the Nowata Conservation District, along with an update on current personnel hires and vacancies. She stated the report is in the packet and would be happy to answer any other questions.

Conservation Programs: Director Tammy Sawatzsky presented her division's report and announced the final inspection and successful decommissioning of the Quartermaster 19B project, which concludes a multi-year effort. She also outlined the upcoming watershed O&M program training schedule for the districts:

- September 29–30, 2026: Purcell, OK
- October 6–7, 2026: Weatherford, OK
- October 14–15, 2026: Wagoner County

She stated the report is in the packet and would be happy to answer any other questions.

NEXT MEETING

After discussion, the Commissioners next scheduled meeting of the Oklahoma Conservation Commission that was set for Thursday, October 1, 2026, at Murray State College, Ardmore Campus, 2901 Mt Washington Rd., Room 162, Ardmore Classroom Building, Ardmore, Oklahoma at 9:30 am.

ADJOURNMENT

There being no further business, Mr. Victor declared the meeting adjourned at 11:08 a.m.

Approved by the Oklahoma Conservation Commission on October 1, 2026.

- Send weekly Deposit Detail Report to Director of Finance
- Attended OMES-CAR training – Internal control – Segregation of Duties
- Cross Training Admin staff on creating and submitting vouchers
- Verifying vouchers are accurate and comply with Purchasing rules and regulations
- Weekly Unpaid Vouchers Query

Bert Bitseedy, Administrative Assistant IV

- Completed and submitted an individual monthly P-Card report
- Completed Payments for Administration monthly bill.
- Prepare Commission Books and documents for the upcoming Commission Meeting
- Transcribed Monthly Commission Meeting Minutes
- Fleet:
 - Collect travel logs for admin pool vehicles
 - Comdata Invoice data entry for confirmation for payment
 - Took a pool vehicle in for repair
- Travel:
 - Managing and preparing Essential Out-of-state Travel approval forms and requests
 - Completed and submitted travel claims for Admin staff and commissioners
 - Hotel Reservations for Commissioners for upcoming Commission meetings and conferences
 - In-state and out-of-state travel accommodations for admin staff for upcoming conferences and meetings
- Attended Meetings/Trainings:
 - Principal staff meeting 8/27/2026
 - Commission Meeting 9/1/1026
 - A&R Meeting 9/16/2026

- Performed routine 319 DRAW invoicing
- Routine Contract Management
- WQ Historical Contract Review
- Federal Contracts Development and Compliance
- Programmatic Project Planning
- Paid contract invoices
- Performed many administrative tasks
- Worked on numerous IT related issues
- Responded to numerous internal and external information requests throughout the month
- Watershed Based Plan Development – Tar Creek

Technical Program Report

Technical Program

Water Quality Division, Oklahoma Conservation Commission

Report for Karla Spinner, Sarah Gilmer, Joseph Dyer, Brooks Tramell and Dan Dvoretz

Meetings and Calls Attended by Staff

- 9/1: OCC Commission Meeting
- 9/2: Technical Programs Monthly Staff Meeting
- 9/9: Aquatic Life and Salts Meeting with DEQ
- 9/10: Soil Health Database Meeting
- 9/14: Blue Thumb Data Meeting
- 9/17: Tar Creek WBP Meeting with LEAD
- 9/23: Full Staff Meeting
- 9/28: Terry Peach Technical Development Meeting
- 9/29: OK Aquatic Connectivity Team Meeting
- 9/30: Terry Peach Project Tour

Presentations Given by Staff

- Exploring niche-based metrics in Oklahoma's index of biotic integrity assessment (OKAFS).
- Comparing the relative abundance of stream fishes above and below stream crossings in the Kiamichi River basin (OK ACT).

Trainings and Conferences Attended by Staff

- 9/21-9/23: OK American Fisheries Society Conference
- 9/30: OK ACT Barrier Blitz

Quality Assurance Accomplishments

Data Requests:

- Responded to 1 request for water quality data

Data Quality Assurance/Quality Control (QA/QC)

- Completed Quality Control (QC) checks on approximately 20 data collections
- Entered approximately 25 data collections into the water quality database

Other QA/QC duties

- Completed the 2.5 QA Report
- Began the 3.5 QA Report

Data Dashboard Usage

- Existing web application (Rotating Basin, stream data and UWA) logged approximately 56.7 hours of active use

Analytical and Reporting Accomplishments

- Terry Peach Cedar eradication monitoring project
 - Downloaded and compiled all sensor data through August 2026 into the cedar monitoring database
- Kiamichi subbasin stream barrier inventory and assessment project

- o Began outlining a manuscript on predicting problematic stream crossings from remote sensed data.
 - o Began assessing the effect of crossing severity on fish assemblages
 - o Update presentation was prepared for OKACT meeting on 9/29
- Biocriteria updates
 - o Fish traits database was created.
 - o Fish were grouped into habitat-niche guilds and the littoral guild was explored with joint-species distribution models.
- DO Study
 - o No updates
- DEQ Aquatic Life Salts Study
 - o Began drafting a proposal to improve the salts criteria used to assess the aquatic life beneficial use
- Watershed Based Plans
 - o Continued development of the Tar Creek watershed-based plan
- Routine Reporting and Assessment
 - o Completed the 3.5 Rotating Basin Report
 - o Completed the Quality Management Plan 2026 update

Monitoring

- Continued routine water quality monitoring for the Rotating Basin Project 1.6 (RBP 1.6) (Upper South Canadian and Grand Neosho Basins) cycle.

September 8-10 Staff sampled 20 sites in RB 1.6 Basin
September 14-16 Staff sampled 30 sites in RB 1.6 Basin

- Staff completed Summer 2026 fish collections and habitat assessments for the Rotating Basin Project 1.6 (RBP 1.6) (Upper South Canadian and Grand Neosho Basins) cycle.
- Staff completed macroinvertebrate collections for the Rotating Basin Project 1.6 (RBP 1.6) (Upper South Canadian and Grand Neosho Basins) cycle.
- Continued routine water quality monitoring for the Rotating Basin Project 5.5 (RBP 5.5) (Lower Red River Basin) cycle.

September 21-23 Staff sampled 20 sites in RB 5.5 Basin
September 28-30 Staff sampled 20 sites in RB 5.5 Basin

- Staff completed macroinvertebrate collections for the Rotating Basin Project 5.5 (RBP 5.5) (Lower Red River Basin) cycle.
- September 9th staff attended Aquatic Life and Salts planning meeting with ODEQ.
- September 17th staff participated in the Ellis County Conservation District outdoor classroom.

- September 21-23 staff attended and presented at the annual OKAFS meeting.
- September 29-30 staff attended and presented at the annual OK Aquatic Connectivity Team meeting and barrier blitz.

Blue Thumb September 2026 Report

Blue Thumb Water Quality Education Program

Water Quality Division, Oklahoma Conservation Commission

Report for Cheryl Cheadle, Candice Miller, Kim Shaw, Hunter Hodson, Jack Hilgert, Emma Mills, Rebecca Bond

Compiled activity for August: +1,173

We reached at least 1,173 people through education and outreach in August.

Ongoing Activities: The summer index period for bug collections ended September 15th; fall bug picking events and indoor Q/A are underway

September Activities:

Blue Thumb Trainings:

9/22: NAAEE Guidelines Workshop (part of OKEECC meeting)

9/24-9/26: NAAEE Guidelines Workshop (part of OKAEE Board Retreat)

9/26: Project WILD Workshop in OKC (volunteer-led)

Other Education and Outreach Activities:

9/8: "Nature Babies" at Chandler Park, Tulsa (7 attendees)
9/9: Apache-Ft. Sill Natural Resource Day, Caddo County (65 kids, 7 adults)
9/17: FAM Museum Educators Night, PLT/WET/WILD booth, OKC (volunteer-led)
9/17: Ellis County Conservation District Natural Resource Day, Arnett (60 kids)
9/19: Monarchs on the Mountain, Tulsa
9/22: Teacher Appreciation Event at the Oklahoma Aquarium, Jenks (volunteer-led)
9/24: Caney Valley Conservation District Natural Resource Day, Bartlesville
9/27: Norman Monarch Festival, Norman
9/30: Nowata County Conservation District Natural Resource Day, Nowata

Work in Priority Watersheds:

Grand Lake Watershed

9/4: Lost Creek Water Festival, Seneca, MO (300 kids)

Illinois River Watershed

9/26 & 9/27: Blue Thumb Training in Tahlequah

Presentations Given by Staff or Volunteers:

Staff did not present in September.

Presentations Given by Staff at Conferences:

Staff did not present at conferences in September.

Data Projects:

9/24: Meeting about Spring Creek: I-35 data project

Groundwater Screening Events:

There were no groundwater screening events in September.

Watershed Plan Development:

Tar Creek

9/4: Rebecca worked on WBP
9/10: Partnership meeting with Buy-In
9/17: Reviewed the results of the WBP analyses with LEAD
9/18: Rebecca worked on WBP
9/22: OCC/LEAD meeting to discuss agenda for first Steering Group and Technical Advisory
Panel meetings
9/25: Rebecca will work on WBP

Conferences Attended by Staff:

Staff did not attend conferences in September.

Trainings Attended by Staff:

9/2: Rebecca attended an SLS Smart Growth Webinar (Session 2 of 2)
9/9: Rebecca attended SLS Presenting for Impact Webinar (Session 1 of 3)
9/10: Rebecca attended SLS 4 Essential Roles of Leadership Webinar (Session 2 of 4)
9/10: Emma attended a "Teach About Bats" webinar
9/16: Rebecca attended SLS Presenting for Impact Webinar (Session 2 of 3)
9/22: Emma will have P-Card training with Maryanne
9/24: State Employee Ethics training with Stephanie

Meetings Attended by Staff (in-person and virtual):

9/1: Blue Thumb staff meeting
9/1: PLT/WET/WILD check-in meeting
9/1: OCLWA 2027 Conference Planning meeting
9/2: Myriad Gardens PLT/WET/WILD meeting
9/2: Planning meeting for NAAEE presentation
9/2: Monarchs on the Mountain meeting
9/3: EE Expo/PLT/WET/WILD planning meeting
9/8: BioBlitz planning meeting
9/10: VM Workgroup Orientation call
9/11: OCLWA In-Person Board meeting
9/14: Meeting about submitting Blue Thumb chemical data to WQX
9/14: NWQMC call
9/15: Blue Thumb staff meeting
9/15: NAAEE Affiliate funding meeting
9/16: Monarchs on the Mountain meeting
9/17: EE Expo/PLT/WET/WILD planning meeting
9/21: VM Workgroup ExCom meeting
9/21: Friends of Blue Thumb meeting
9/22: OKEECC meeting
9/23: OCC Full Staff meeting
9/24-9/26: OKAEE Board Retreat
9/24: BioBlitz meeting
9/28: PLT/WET/WILD Coordinator Communittee call
9/28: Planning meeting for NAAEE presentation
9/29: Project WILD planning meeting for 2027 Annual Meeting
9/29: OK Aquatic Connectivity Team Annual Meeting
9/30: Stream crossing blitz

Activities Scheduled for October:

10/1: Planning call for the National Monitoring Conference
10/2-10/4: Oklahoma BioBlitz, Beaver's Bend State Park
10/6: Blue Thumb staff meeting
10/6-10/9: Jack will attend NAAEE Conference in Portland, OR

10/7: Tar Creek WBP Stakeholder's Meeting, Miami
10/8: Spring Creek Experience
10/8& 10/9: Tar Creek Conference, Miami
10/10: GLFW Workshop in Tahlequah (volunteer-led)
10/12: Ag Day in Moore
10/13: PLT & WILD Workshops with Owasso Public Schools (volunteer-led)
10/13: PLT & WILD Workshops at OU with pre-service teachers
(Jack/Tony/volunteers)
10/13: Grove Creek walk
10/13: IRWP meeting about education and outreach in Oklahoma
10/14: Education event at Edmond elementary school
10/15: Project WILD monthly meeting
10/15: North Fork of the Red River Natural Resource Day
10/16: Classroom visit to YMCA, OKC
10/17: WILD About Monarchs Workshop, OKC (volunteer-led)
10/17: WILD about Monarchs Workshop, Tulsa (Jack and volunteer)
10/19: WET Workshops with Putnam City Public Schools (Emma and volunteer)
10/19-10/22: PLT & WILD Workshops with OSU pre-service teachers (Jack/Tony/volunteers)
10/19: WQ Managers' meeting
10/19: Presentation for UCO Field Methods class
10/20: Blue Thumb staff meeting
10/20: Meeting with Shellie about Impact App
10/21: Envirothon Field Day, Edmond
10/21: OCLWA ExCom meeting
10/22 & 10/23: Lincoln County Natural Resource Day, Chandler
10/23: Area I meeting in Fairview
10/26: PLT/WET/WILD Coordinator CommunitTEE call
10/26: Meeting with OKC Sustainability team
10/26: Lake Thunderbird Watershed Alliance meeting
10/27: Rebecca will attend SLS Impact Players Webinar (Session 4 of 4)
10/28: Envirothon Field Day, Tulsa
10/28: Area III meeting in Bartlesville
10/29: Batty for Bats WILD Workshop, OKC (volunteer)

Wetlands Program Report

Water Quality Division, Oklahoma Conservation Commission

Report for Brooks Tramell, Dan Dvoretz, Sarah Gilmer, Maggie Woods, and Hattie Largent

Meetings and Calls Attended by Staff

- 9/1: Wetlands Program meeting
- 9/3: POWeR meeting for partnership support
- 9/8: ReNEW Scoring meeting for program development
- 9/8: Texas County Local Work Group
- 9/14: TW Team Check-In
- 9/15: TW Check-In with Llily
- 9/16: Wetlands Retreat for program planning
- 9/15: Small NAWCA grant meeting
- 9/15: OWWG meeting to discuss Wetland Program Plan updates
- 9/17: International Crane Foundation meeting for partnership support
- 9/17: Small NAWCA grant meeting
- 9/23: Full Staff Meeting
- 9/24: Playa Program Meeting with local field offices
- 9/24: EPA call to discuss WOTUS rule
- 9/28: Applicant Review for program development
- 9/28: TW Team Check-In

Presentations Given by Staff

- Available Playa Programs and Playa Primer at Field Office meeting on 9/24

Trainings and Conferences Attended by Staff

- None

Routine Programmatic Responsibilities

- Wetland Determinations: *Review potential impacts to wetlands and aquatic resources from publicly funded projects*
 - 2 wetland determinations completed
- Mitigation Plan Review: *Review documents for In-Lieu-Fee and Mitigation Banks as a member of the Oklahoma Interagency Review Team (IRT)*
 - No updates

- Respond to Citizen Requests: *Deliver wetland information to the public, primarily in response to direct requests from citizens*
 - Responded to 8 requests for information
- Lead the Oklahoma Wetland Technical Workgroup (OWTWG): *Improve collaboration among all partner wetland programs through strategic planning and coordination meetings.*

Wetland Conservation: Deliver wetland conservation practices that will depend on availability of active funding sources. Conservation activities are supported by the collaborative workgroup the Partnership for Oklahoma Wetland Restoration (POWeR). Current conservation funding sources include:

- 2024 Small North American Wetlands Conservation Act (NAWCA) Grant: *Salt Cedar Removal*
 - Continued coordination with FarWide to determine needs to meet grant targets.
- 2024 National Fish and Wildlife Foundation (NFWF) Southern Plains Grassland Program Grant (SPGP): *Grassland restoration following Eastern Red Cedar removal*
 - No updates for September 2026
- 2024 NFWF America Ecosystem Restoration Initiative (AERI) Grant: *Invasive woody species removal, prescribed fire, and wetland restoration*
 - Received compliance approval on DU projects
 - Continued coordination with PLJV to assist in the development of outreach materials to promote this program.
 - Continued development of application receiving process to streamline review of potential projects
- 2025 NFWF SPGP: *Woody invasive removal and low-tech process-based stream/wetland restoration*
 - Continued coordination with partners to draft subaward agreements with Quapaw Nation and Cheyenne and Arapaho Tribes
- 2025 NFWF AERI: Tomorrow's Water: *Connecting People, Playas, and the Ogallala Aquifer*
 - Press release with City of Guymon confirming partnership with Tomorrow's Water
 - Interview on radio station in Perryton, Texas
 - Mailed 220 postcards to playa owning landowners
 - Developed playa programs one-pager to distribute to local offices
 - Planned and presented at field office training about playa programs
 - Conducted two site visits to potential playa projects
- 2026 Restoring Natural Ecology in Wetlands (ReNEW) Cost Share: *Statewide wetland restoration*
 - Continued coordination with OCC Engineer and DU engineer on designs and cost estimates

- 2026 National Wetlands Condition Assessment (NWCA): Participation in the National Wetland Condition Assessment survey and Continued Method Development within Oklahoma
 - Coordinated an agreement with a botanist for QA review
 - Sent QA plants for botanist review
- 2027 Restoring Natural Ecology in Wetlands (ReNEW) Cost Share: Statewide wetland restoration
 - Processed current applications into database and GIS
 - Began initial scoring on applications
- General Conservation Program Development
 - Continued updates to the Wetlands database to improve grant administration and tracking, including the development of dashboards using Power BI to better visualize budget and expenditure tracking.
 - Continued application of Restorable Stream Identification Protocol (RSIP) to identify potential sites for wetland restoration

Active Wetland Program Development Grant Projects: *Projects to develop technical tools that support informed wetland management and delivery of high-quality voluntary restoration across the state.*

- Identification and Condition Assessment of South Central Plains Seep Wetlands: *Create an inventory of poorly understood slope wetlands in SE Oklahoma, and refine method applicability of OKRAM to slope wetlands.*
 - Held virtual meeting with OWWG to present the updated WPP and receive feedback.
- Expansion of Potential Wetland Restoration Opportunities in Oklahoma through Landowner and Partner Outreach: *In collaboration with OSU, complete landowner surveys in order to better understand perceptions and attitudes towards wetland conservation programs.*
 - No updates for September 2026.

OKLAHOMA CONSERVATION COMMISSION
SOIL HEALTH PROGRAM MONTHLY SUMMARY
AUGUST 23 — SEPT 20, 2026

Greg Kloxin, Program Director

Meg Greski, Program Coordinator

Team members:

Greg Scott, Blane Stacy, Marcus Long, Josh Anderson, Glen Calvert, Jack Titchener, Amy Seiger, Che Deer

Consultations (general farm, ranch, urban):

- Pierce Douglas, consulted local business owner on oil mud reuse
- Jack worked with Anglican Church identify a location for a pollinator plot and planting consult
- Josh worked with Bradshaw to determine best options for planting in a burned area

SHIP:

- Greg Scott worked with producers on writing their PY 2026 contracts and follow up consultations.
- Blane is certifying 2024 practices and writing 2026 plans.
- Glen and Josh updated some districts about the SHIP program and gave guidance on processes.
- SHIP producers we interacted with this month other staff:
 - Brooke Freeman - Lincoln – 16 acres
 - Cassil – Pittsburg County follow up consult
 - Birch Creek Farms – Wagoner – Certification visit
 - Steve Easom – Cleveland – 16 acres
 - Jacob Rice – Grady – 160 acres first consult

Yard by Yard:

- Marcus and Jack worked on yard approvals.
- Continue to have approvals and outreach discussions.

Wildlife Habitat Grant Program:

- We're in the second year of this partnership between the OK Monarch Society, OCC, OACD, and the Kirkpatrick Foundation. It's an effort to install native plant gardens in yards and some public spaces. Most of the projects so far have been done at urban homes, but a few rural residents are involved.
- The program is currently available in Oklahoma, Tulsa, Logan and Grady counties. Last year there were 230-250 applicants with 35 receiving funding. This year, 30 have been funded so far out of over 300 applicants.
- We are trying to grow the size and reach of the program and use it to bring participants into Yard By Yard.
- Marcus and Jack worked through WHG applications to rank and establish awarded participants.
- Marcus went to a virtual meeting about securing long-term funding for the program.

General Mills/Free Cover Crop Seed Project:

- Glen has been certifying General Mills practices. Drought has really challenged summer plantings. Early plantings are doing much better than seed that went in the ground late.
- Consults are as follows:
 - Tom Meyer – Kingfisher 80 acres
 - John Neighbors – Kay – 80 acres

Southern OK Urban & Small Farm Hub:

- Hosted two different meetings, one for strategic planning and one for education outreach development
- Continue to assist farmers and consumers at the Admore Farmers Market
 - Blue Thumb hosted a booth at the farmers market
- Planned, hosted, and presented at a regional OLAC meeting. 3-day event
 - One with the Arbuckle Conservation District about prescribed fire
- Attended 4 different conservation district board meetings
- The team is working through Grow Local Support Fund paperwork for accepted producers
- Hub staff with producer safety alliance grow training- assisted with classroom location for GAP training and worked with the behavioral health collaborative community partner
- Marcus, Amy, Greg K and Che participated in a strategic planning meeting for the Hub
- Marcus and Che worked on updating Hub's website with OACD. Working to host the main page on OACD's page.

Advancing Markets for Producers (AMP) with OACD:

- Held the first staff meeting for the technical team and developed processes for the team and consultations.
- Amy and Greg K continue to work with OACD and assist as needed in the process.
- SH technical team and Land Management conservation are on standby until the consultation time frame.

Conservation Agriculture Reaching Everyone (CARE) with OACD:

- All CARE conservation plans are done, and 20 accepted producers are implementing practices. Blane is doing the first practice certification this week.

Internal Meetings/calls attended: n/a

External Meetings/calls attended:

- Marcus attended OCASA board meeting and assisted with collaboration between City of Edmond and Red Ridge group with knowledge sharing, OMPC steering committee meeting
- Shanon and Marcus met with Oklahoma City sustainability team. Amy will be meeting later first of October to help develop more resilient landscape processes. The team will help identify codes and examples of conservation to be applied.
- Greg and Amy meeting with NASS about data overlapping and hardware options for completing large scale digital conservation adoption forms for staff.

Presentations given:

- Glen-Conducted the Roger Mills County Fair crops contest
- Marcus presented at the Johnston County Fair kids day and animal conference about conservation
- Josh presented at the Johnston County fair about reading soil test and Bryan County Fair Kids Day activities
- Jack presented at the Eucree Farm Healthy Soils Event about local programs and options for landowners.
- Blane presented plant ID at the hub event

Trainings attended:

- Amy provided training to Hub Staff and Chickasaw Nation. They will be utilizing our state soil health planning process for their AMP program. All partners want to collaborate and utilize each other's resources to prevent multiple same events occurring in the state. Keeps producers hearing same communication and less confusing.
- Hub hosted training see more under hub portion.

Conferences attended:

District interactions:

- Many events are mentioned throughout the other topics through presentations or SHIP
- Ellis County Outdoor Classroom- Glen attended

Other education & outreach activities:

- Chickasaw Nation AMP program guidance and development for effective collaboration
- Oklahoma Monarch Group-Kickoff Party
- Marcus gathered educational stuff for Logan County event
- Jack presented the rainfall simulator to Monarchs on the Mountain event

MAKING SPACE FOR NATURE IN THE CITY

This summer, the Yard by Yard team certified this pollinator garden at the University of Central Oklahoma! It's a perfect example of how beautiful ecological diversity can be. This garden supports wildlife, helps infiltrate water, improves soil health and creates a beautiful and vibrant landscape!

Partnerships *with Positive Impacts for Producers and Communities*

The Southern Oklahoma Urban & Small Farm Hub partnered with several to provide conservation education in Ardmore and surrounding areas the first of September. The three-day event consisted of helping OLAC have a single day GAP training, then conservation education day two and ended with farm tours of participating Hub Farmers including: specialty crops, bison, cowboy plant ID, and a delicious lunch from a local farmers and restaurant that was coordinated by the hub staff.

Education Events

Riverology...

...in the Illinois River Watershed!

Riverology, a three-day professional development workshop for teachers, was held July 20 - 22 in Tahlequah. The watershed immersion event included a float trip, a close inspection of the bugs and fish of the Illinois River, and a number of Project WET activities, including those with a focus on groundwater. Partners included Blue Thumb, the Grand River Dam Authority, the Illinois River Watershed Partnership, and OSU Extension.

Karen Mary

Habitat and All That!!! Sponsored by Lake Thunderbird Watershed Alliance

Held in Norman on July 25, **Habitat and All That** was an offering of educational activities to inspire Lake Thunderbird watershed residents to protect their drinking water lake. Kim took live creek critters to the event, and Blue Thumb volunteers Karen and Mary represented Friends of Bishop Creek as they taught visitors about reducing pollution with the EnviroScape watershed model. Over 200 people showed up, an event record!

Education Continued

Blue Thumb Training for New Volunteers

...was held in Midwest City August 11 and 12. The Central Oklahoma Stormwater Alliance (COSWA) sponsored the training. City, state, and federal employees attended, as well as local citizens.

Oklahoma County Conservation District board member Sam Stallcup was among the attendees of the training as well!

Charlotte Micah Hadassa Javan Brenden
(striving to look fierce like a real Hellgramite)

Hellgramites Compete at the International Envirothon!

In July, the Hellgramites traveled to Starkville, Mississippi, where they competed in the international Envirothon with 43 additional teams. These five students are from Creek County and are not only Blue Thumb volunteers, they are also 4H members. They won the state Envirothon in April.

The Hellgramites (named for the larval form of the Dobsonfly) got a 93 in the aquatics portion of the test! Blue Thumb staff members were instrumental in preparing the team for the aquatics questions.

Blue Thumb Director, Rebecca, assisted with the event in Mississippi, as did Jason Ramming, WQ Monitoring Coordinator.

Reusable Bags!

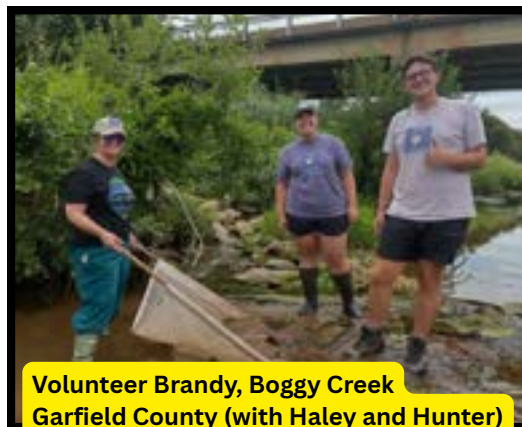

The Green Country Watersheds Coalition is partnering with Chandler Park in Tulsa to have a reusable bag exhibit at their Woodhouse Nature Center. Plastic pollution can be reduced by shopping with reusable bags.

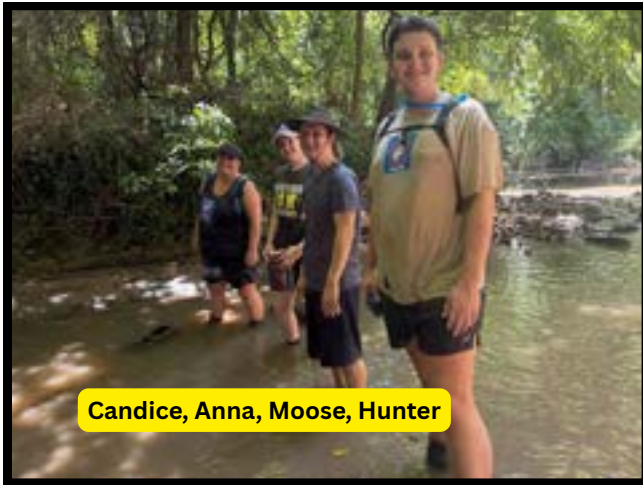

Blue Thumb at 4H Roundup

“Test a Local Stream: Water Quality Testing with Blue Thumb!” was the name of a workshop offered to 4H members last month in Stillwater. Hunter and Emma led the “hands on” workshop using water from Boomer Creek. 4H members across the state took part in the annual roundup.

Bug Collections

Benthic macroinvertebrates (“bugs”) are collected at every actively monitored Blue Thumb site during the summer and winter index periods. If the stream happens to be in a high flow condition, or if there are isolated pools but no flow, the collection is not completed because the sample will not be representative. If time and weather permit, sampling will be completed when conditions return to normal. Bug collections are an integral part of the data collected on streams.

Haikey Creek, Tulsa County

Haikey Creek is a Blue Thumb stream that has been monitored off and on since the early days of Blue Thumb. This summer, Haikey Creek was the site of a fish collection and a replicate fish collection. Replicate collections are part of our QA process and demonstrate that our procedures are repeatable. The results of the replicate habitat assessment and fish collection should be very similar to the “normal” habitat assessment and fish collection with which it is paired. We do at least one replicate fish collection each summer.

Coal Creek, Tulsa County (Morris Park)

Coal Creek in south Tulsa County was not due for a fish collection this year, but the Blue Thumb team chose to revisit the stream ahead of schedule because of a fish kill in Coal Creek in October of 2025, and we wanted to see if the system is bouncing back. While total numbers of fish appeared to be lower than the 2025 collection, fish diversity was very good, so it appears the stream is recovering in a timely manner.

During a fish collection, each species is documented with a voucher specimen (for small to medium fishes) or a photograph (for larger fishes). The preserved fishes will be identified by the Water Quality Division's taxonomist, Nathan Carter, during the fall and winter of 2026/2027.

Fourche Maline, Latimer County

Like Coal Creek (see above), Fourche Maline Creek has a long monitoring history with Blue Thumb. The stream was even a part of a Conservation Commission nonpoint source pollution project twenty-five years ago.

The Fourche Maline (Crooked Fork in French) is in the Arkansas River Valley ecoregion and typically has a large diversity of fish. The volunteer who monitors the stream, Eddie Woods, is a longtime stream monitor with Blue Thumb. He brought Forestry Service co-workers from the Department of Agriculture to help with the collection.

Bug Collections...

*the perfect example of a common
yet dynamic volunteer experience.*

Every winter and every summer the benthic macroinvertebrates are collected from the streams where our volunteers are at work. Typically this is done with a kicknet where the water sings as it moves over rocks.

We are always happy to have visitors on site with us. Sometimes the volunteers even bring friends and family members. Spending time outdoors reminds us that our streams and rivers, our prairies and woodlands, our fish, birds and mammals all are worthy of protection.

The Creatures of the Creek

At every Blue Thumb training time is taken to introduce the volunteers to the creatures of the creek, including fish and benthic macroinvertebrates, or what we call our creek bugs. Most of the time the creek bugs are larval forms of insects that will molt several times while in the water, and then after their final molt they become airborne adults.

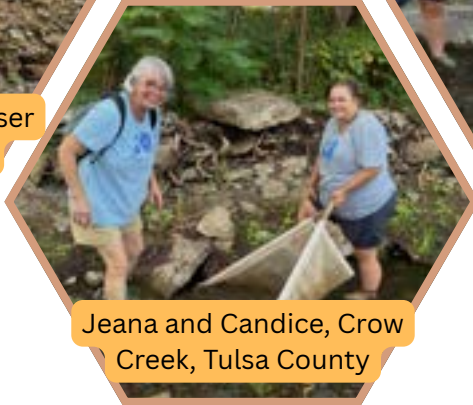

It is easy to stand on the banks of a stream and contemplate the fish beneath the surface, but a critical aspect of stream life is also these wonderful bugs, also what might be called “fish food.”

Like the fish, the various bugs have different tolerances to pollution, dissolved oxygen levels, and habitat changes. This is why Blue Thumb completes two fish collections a year for every stream that is actively monitored, weather permitting.

The specimens secured during the summer and winter collections will be subsampled by the volunteers during autumn and spring volunteer activities. It is not a fast process, but it leads to data in which we have confidence.

Final Fish Collection of 2026 Coal Creek @ HWY 11

The final Blue Thumb fish collection of 2026 was held on August 28 on Coal Creek at Hwy 11, north Tulsa. Not only did this wrap up the Blue Thumb fish season, our head quality assurance officer, Dan Dvoretz, observed fishing techniques, photography and record keeping to insure that the collection was “scientifically sound” and the work done matched what our protocols require.

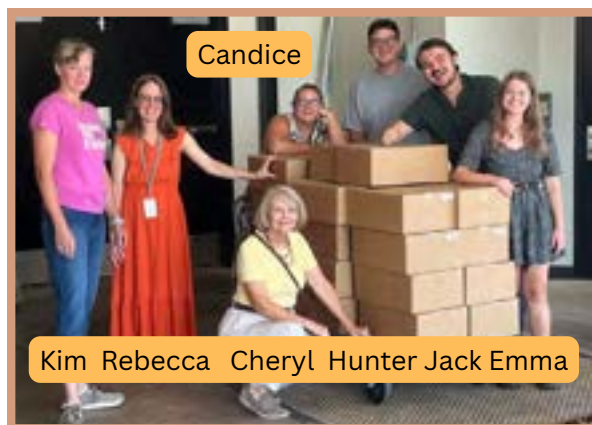

Dan was also helpful with jumping in and getting work completed.

People and Water - Sharing a Sustained Resource (a Whole New Project WET Curriculum!)

Hunter joyfully points out his photo in the new guide!

The brand new education guides from National Project WET are here! The whole Blue Thumb team took on the job of unloading countless boxes of the new guides on the Ag Building dock on August 18. These new activities have a particular focus on water today and the many audiences that want their voices heard concerning how water is allocated and protected.

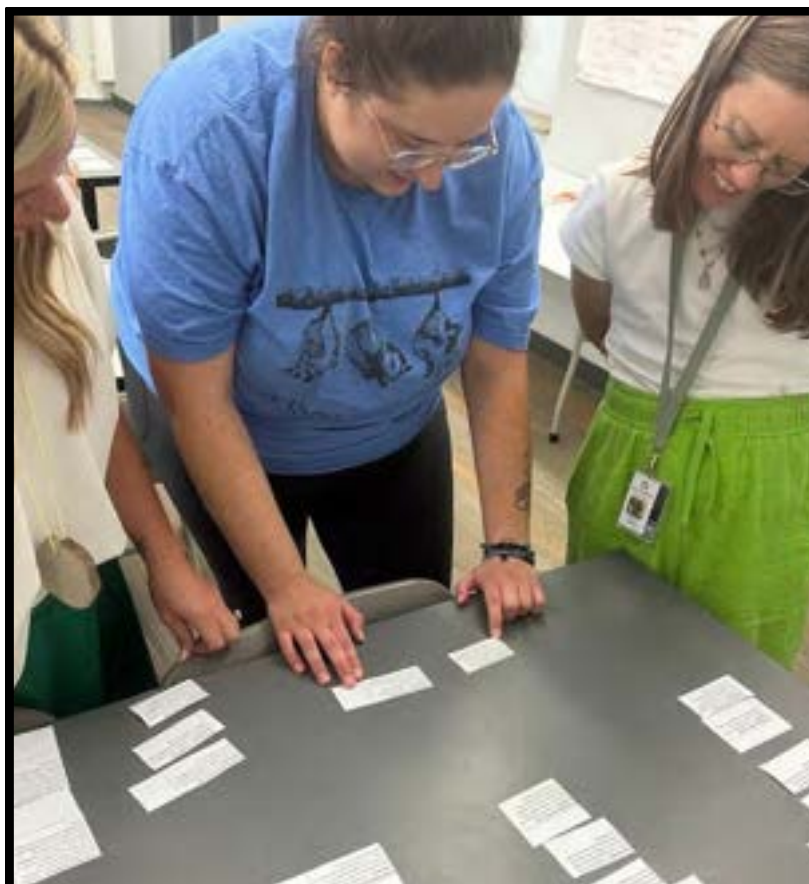

Blue Thumb Director Rebecca Bond was a presenter for the Environmental Protection Agency's Tools and Resources Webinar on August 19. Nearly 700 people attended. Rebecca shared with attendees a little about the history of Blue Thumb and then about the value of the data collected by volunteers.

Blue Thumb's Jack Hilgert wrote a grant proposal to the North American Environmental Education Association that is funding "Guidelines for Excellence" trainings across the state. One workshop in this series was **Wild About Outdoor Classrooms** that took place in Oklahoma County on August 25 and included participants from:

- Central North Canadian River CD
- Tillman County CD
- Comanche County CD and
- Kingfisher County CD

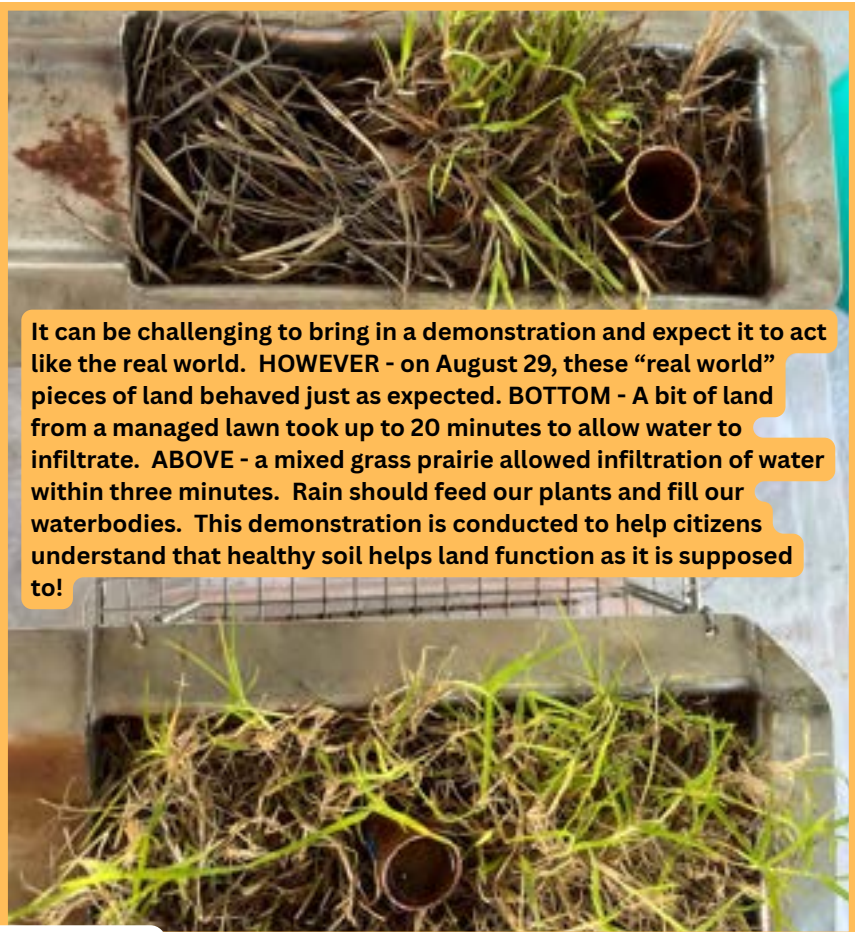

Jack, who is the statewide coordinator for Project WET and Project WILD, has the goal to strengthen science education for students across Oklahoma and to connect students with our natural world. For more information about upcoming workshops, please visit <https://ag.ok.gov/calendar/>.

Rebecca helps workshop participants with aligning educational standards to a series of activities that are beneficial for outdoor education. Both teachers and students benefit when these activities meet the Oklahoma standards for specific grades and topics.

A workshop on outdoor education includes outdoor time!

Blue Thumb at the HUB!!!

Blue Thumb and the Yard by Yard Community Resiliency Project shared a table at the August 29 Murray Market in Ardmore. There we visited with those attending the Farmers Market. Our exhibit was about the value of healthy soils and how the land and water are always connected. Also, free reusable bags from the Southern Oklahoma Urban and Small Farms Hub were given out with information on reducing plastic litter and pollution.

East Central University Professor Leah Dundley and students who will monitor met with Kim at Lake Creek in Wintersmith Park (Ada) for their first quality assurance session. There would have been a bug collection, but the small stream has no flow.

Lost Creek Festival

The Eastern Shawnee Tribe invited Blue Thumb's Hunter and Candice out for their annual Lost Creek Festival in Ottawa County. Fourth grade students from both Oklahoma and Missouri participated in the outdoor day.

Here the youngsters are following Hunter's instructions in capturing small fish and creek bugs in a kick net.

Crystal and Nada at work on the preserved bugs from the Bishop Creek Tributary, where Dan (standing) monitors.

OU students help with the bug picking for the Bishop Creek: Constitution site where Nick, right, monitors.

Bug Picking - The Early Sessions

Bug picking does not always overlap with bug collections, but Kim got a jump start on bug picking this year! Kim was able to start her volunteers on bug picking in Cleveland County on September 12, just as summer bug collections were wrapping up. The summer index period for bug collections ends on September 15.

Tributary to Mooser Creek

It's a good thing Candice did some checking before meeting a school group at Mooser Creek Tributary for a stream life lesson. The small stream was dry as a bone - and as such no fish or creek bugs were present.

Most parts of Oklahoma have suffered from lack of rainfall over the last couple of months, the Tulsa area included.

RE: JT Herndon

To Whom It May Concern:

The Oklahoma District United Pentecostal Church, Inc. has owned and operated a 60-acre campus located south of Mustang, OK since the early 1960's. This privately-owned campus hosts multiple summer youth camps, a family camp, a multi-cultural camp and is the state testing site for Epic Schools in the Mustang/Yukon home school district. This past November our District Leadership was made aware of the "Terry Peach Water Shed Restoration Act". After meeting the qualifications for this state-sponsored service Mr. J.T. Herndon was assigned this improvement to execute the cedar eradication initiative for our campus.

Mr. Herndon worked with our onsite maintenance team and executed this to near perfection. Not only was his performance a shining testament to your organization, but he continuously performed his duties with pride in the program's success. This was demonstrated by his daily work ethic, as well as punctuality to consistently show up on time and on schedule while paying close attention to all detail to meet or exceed all expectations. When confronted with constraints preventing 100% coverage, he was quick to offer alternative methods to be successful. His care and preventative maintenance of the equipment under his supervision was consistent with disciplined maintenance practices. Mr. Herndon performed all his assignments with excellence and made his organization a top performer.

The purpose of this letter is to provide feedback to his leadership for this fine young man who deserves special recognition. This work was all performed while operating independently with little or no direct supervision.

Thanks for helping us improve our campus and its physical integrity while we serve our community and give back to help change people's lives for better tomorrows.

Blessings,

Rick A. Hughes

Garfield County Conservation District

Annual Report July 1, 2025 – June 30, 2026

The Garfield County Conservation District is a local subdivision of state government. The district was formed in 1939 to ensure local people are involved in conservation activities.

The main goal of the district is to provide services to land users in protecting and conserving natural resources and to provide a link to state and federal conservation agencies and programs.

A board of five conservation district directors (three elected and two appointed) governs the conservation district.

We invite all citizens to become familiar with the activities of the Garfield County Conservation District and to visit our office and get acquainted with our staff. We also invite our citizens to attend our monthly board meetings held on the first Wednesday of each month: November through April at 12:00pm and May through October at 9AM.

Our Mission: *To conserve, protect, and restore Oklahoma's natural resources, working collaboration with the conservation districts and other partners, on behalf of the citizens of Oklahoma.*

Our Vision: *It is the intent of the Garfield County Conservation District to conserve, protect, and enhance its natural resource base through education, research and application to protect the land for future generations.*

District board members and employees: (left to right) Calvin Osburn (Administrative Assistant), Dale Milacek, Tim Heinrich, Grant Mason, Jarrod Tugman (LM Technician) Brandon Miller, Brian Grantz. Robert Conner (Equipment Manager-photo not available)

The Conservation District shares office space with the Natural Resources Conservation Service, a federal agency in the U. S. Department of Agriculture. The NRCS provides technical assistance to the conservation district and district cooperators and administers several USDA technical and cost share programs.

***Our office is open Monday- Friday from
8:00 a.m. to 4:30 p.m.***

The district sells seed to local producers and has a list of local contractors that are seed dealers, do grass sprigging, dirt work, cedar control and waterline projects.

Pond construction has been one of the conservation practices included in the Conservation Cost Share Program.

This Upper Black Bear Creek Watershed upstream flood control dam, located east of Enid, is one of 49 sites in the county.

Replacing the deteriorated metal principal spillway inlet tower on a flood control dam with a polyethylene tower.

Providing Equipment and Services to Producers in the District

The Garfield County Conservation District rents conservation equipment; a 15 ft. Great Plains No-Till Drill and a 7 Bale E-Z Hay Trailer. This equipment has been a huge success and a great asset for the producers of Garfield County.

Oklahoma Conservation Cost Share Program

The conservation district administers the Oklahoma Conservation Cost Share Program for Garfield County. This past year the district received \$35,475. for the program, which to date has funded 7 contracts and approved 2 alternate contracts. Also, 10 prescribed burn plans with 4 completed burns. The Oklahoma Legislature established the Cost Share program in 1998. It is an annual program requiring funding from the legislature. Since the beginning of the program contracts have been developed in the county providing cost share funds for practices such as water wells, ponds, terraces, grassed waterways, grade stabilization structures and prescribed burning. The conservation district board obtains input from citizens to determine which conservation practices will be included in the program each year.

General Mills Cover Crop Seed Program

Garfield County has been a General Mills partner since 2021. There were 4 applications taken, 2 practices completed and last 2 practices to be completed in the fall. Oklahoma Conservation District and GM Cover Crop Seed purchased 23 bags (1 ton each) and 40 sacks (50lb each). These bags & sacks were distributed for free to producers. The total seed cost \$43,200.

Watershed Program

There are three watershed projects in Garfield County - Upper Black Bear Creek, Upper Red Rock Creek and Turkey Creek. The Garfield County Conservation District is a sponsor for these projects and shares operation and maintenance responsibilities with the Red Rock Conservancy District, the Upper Black Bear Conservancy District and Turkey Creek Conservancy for the 48 watershed dams in the county.

The conservation district works with the conservancy districts in making annual inspections of these flood control dams and providing maintenance work on the dams including, clearing trees from the dam and earthen spillway, beaver control, repairing erosion problems, maintaining good stands of grass on the dams and earthen spillways, and keeping the inlet tower of the principal spillway cleared of debris. Old metal principal spillway pipes were replaced with high-density polyethylene towers on two Upper Red Rock Creek Watershed dams and one Upper Black Bear Creek Watershed dam.

The primary goal of the district's watershed program is making sure the dam's function as they were designed and remain safe.

Education and Community

- Participated in the school poster contest October 2025. There were 6 participating schools and one home school
- Emergency Drought Assistance Program March 9, 2026 – June 30, 2026, Garfield County received \$210,000. We had 58 applications, 23 funded applications, 22 unfunded applications and 6 completed applications
- Area 1 Meeting was hosted by Blaine County in November 2025 and was attended by Dale Milacek, Tim Heinrich, Calvina Osburn and Jarrod Tugman
- Participated in the 87th Annual State Meeting March 1, 2 and 3, 2026 – Calvina Osburn & Jarrod Tugman attended
- KNID Agrifest – Garfield County had a booth at the show on January 9th and 10th, 2026
- Participate in the OCC & General Mills Soil Health Programs including the No-Till on the Plains bus tour (Crossroads on the Road) June 30, July 1 & 2nd 2025. There were 35 participants.

April Truck Tree Sale

USDA Partnerships

The conservation district continues to work closely with NRCS in carrying out conservation work in the county. The NRCS staff provides technical assistance to the conservation district and to local producers. The NRCS also administers several federal cost share programs.

From July 1, 2025 through June 2026, Garfield County NRCS funded 23 EQIP contracts, wrote and funded 3 Conservation Reserve Program (CRP) plans. Made 13 field visits and wrote 9 conservation plans for the State Cost Share Program Year 28.

HIGHLIGHTS

EMERGENCY DROUGHT PROGRAM

Program lead, Moriah Manuel presented an update and summary of the Emergency Drought programs to date to the Commissioners at the Sept. 1st Commission Meeting.

MILESTONE

Final inspection August 26 of Quartermaster 19B in Custer County completed the site's decommission. Attendees: T. Sawatzky, T. Goode, T. Harrison, M. Manuel, W. Sharp.

REHABILITATION

The rehab of Salisaw 33 in Sequoyah County has been shut down until legal issues brought forward by the landowner are resolved. Counsel J. Stewart & Asst. Counsel S. Aquario are managing the Commission's legal needs.

PROGRAM

ADMINISTRATION

(M. Manuel)

- Monthly allocation logs from districts entered into spread sheet
- Processed Claims from ED4, PY28, PY27 and O&M
- Approved Multiple sites for O&M funding and Aphis
- Moved photos and WDANPlans over to O&M files
- Helped multiple districts with Emergency drought questions and cost-share questions
- Gathering and documenting PY28 additional funds for districts
- Worked on Emergency Drought visuals
- Contacted hotels, event spaces and restaurants for the Western Watershed Dam Workshop.
- Worked on yearly fact sheets for Legislators (House and Senate)
- Worked with W. Sharpe and T. Hathcock for ED map
- Covered phones and mail for B. Bitseedy
- Emailed Districts about PY27 close out conformations, fixed any claims missing information.

DIVISION

ADMINISTRATION (P. Porter)

- Finalized, transmitted District security levels, contact parameters, user info for over 200 locators to KorTerra.
- Customized action codes, edited positive response configuration, established best practices for users and tailored system access and notifications to meet district needs.
- Held 5 TEAMS meetings for back-end setup and training logistics with KorTerra staff and W. Sharp.
- Confirmed top 11 districts and DMT attendance for in person KorTerra training.
- Created specific learning strategies, outcomes/ goals for KorTerra training.
- Built training materials, engagement exercises and developed agenda to support training success
- Led 30 person KorTerra training workshop, September 16.
- Continued planning, booked hotels for Central, Western & Eastern Watershed Workshop participants
- Arranged logistics for Watershed Workshop - Central Oklahoma 9/30-10/1 (location, dam site, hotel).
- Monitored online registration for three 2026 Watershed Dam Program Workshops.
- Reconciled August CPD vehicle/equipment logs, comdata invoice tasking, purchases & p-card activity.
- Finalized administration for 2 new vehicles : Ford F-150 & Suburban and AVL installment.
- Continued purchase- admin of new equipment, 3 skid steers, 2 skid steer trailers, 5 side X sides, 4 trailers
- Utilities paid for watershed shops at Grady, Garvin & Custer. CPD staff / DMT purchasing travel arrangements.
- Delivered onboarding info (vehicle use and reporting, comdata card use, inventory requirements, admin notebook) to West Caddo WA aide.
- Compiled and prepared August-September CPD Commission report .

KORTERRA TRAINING & TRANSITION

Training for the new One Call Center service, KorTerra, began September 16 at the OSU extension in McClain County. The one day, in-person workshop introduced the new OKIE811 ticket platform to the Dam Maintenance Team (Watershed Technicians - T. Harrison, J. Pelley, K. McGregor and 11 watershed aides), and the 11 districts with the highest OKIE ticket volume. Training addressed the challenges of appropriate ticket response and overall management.

Highest Volume Districts

	# of dams	2025 total tickets		# of dams	2025 total tickets
1. Payne County	34	2,711	7. Custer County	121	649
2. Grady County	154	2,431	8. Logan County	39	625
3. Garvin County	145	1,107	9. Creek County	56	536
4. East Canadian County	12	997	10. Lincoln County	64	499
5. Upper Washita	143	730	11. Pontotoc County	70	463
6. Noble County	89	691			

*CPD Director, T. Sawatzky and
OKIE811 administrator P. Porter led
the training with the support of staff
W. Sharp, TJ Hathcock & T. Goode.*

**All 66 districts with watershed dams are required to train in the KorTerra system.
Training will be offered through 2 upcoming TEAMS training.**

Thursday, October 8, 1:00 pm & Tuesday, October 20, 1:00 pm.

The transition from the OKIE portal to KorTerra is NOVEMBER 1ST.

DECOMMISSIONED Quartermaster 19B

Custer County Conservation District / Area 4

The Impact of Decommissioning

Although a dam may be decommissioned, the site remains on Oklahoma's watershed dam registry and O&M is still required. The sponsor district continues to maintain the dam, looking for specific issues like erosion and brush/tree overgrowth. The site continues to function as a dam while it's unique characteristics as a small upstream flood control structure are removed or mitigated. The decommissioning designs may eliminate the principal spillway, lower the dam elevation and reduce the impoundment area, collectively working to hold less water and release it more quickly.

Quartermaster 19B was plagued with recurring sink holes, threatening structural integrity and performance of the dam. Over the years, several repairs were made to fill the sink holes with grout and re-stabilize the dam. Despite collective efforts of Custer County CD, OCC and NRCS, repair results were only temporary and sink holes continued to emerge. The decision to decommission the site was made and the decommissioning design was implemented in early 2026.

Quartermaster 19B

The final inspection completing Quartermaster 19B decommissioning was August 26, 2026.
